WE MUST HAVE WILSON

SO SAYS SEVERAL GASTON CONTRIBUTORS

Gazette's Woodrow Wilson Campaign Fund Continues to Grow—W. J. Allran, of Cherryville, Writes That We Must Have Woodrow for Four More Years—Mr. Ed Rankin Approves The Gazette's Idea of Contributing in Your Own County—Mr. R. B. Babington Says Wilson is the Biggest, Best and Safest President We've Ever Had—Fund Now Totals \$81.50.

In a recent issue of The Gazette we put the question, "What's the matter, Democrats. Don't you want Woodrow re-elected?" And in response to this query Mr. W. J. Allran, of Cherryville, writes the following interesting letter to the editor of The Gazette:

"Yes, sir, we do want Woodrow re-elected. Who said we didn't? It's a real pleasure to me to enclose herewith \$1.00 for The Gazette's Wilson campaign fund. My conscience would condemn me if I let such a worthy cause as this pass without lending it my support. Let the good work go on; we must have Woodrow for four more years."

Evidently there is no doubt in the mind of Mr. Allran as to whether he wants Wilson re-elected. As a matter of fact he wants him re-elected and he wants him mighty bad, and his faith in the Democratic party is of the kind that cannot be shaken. Mr. Ed Rankin, of this city, telephoned The Gazette office late Friday afternoon saying:

"I believe you're right about contributing to the Wilson campaign fund at home. Come by the store I've got a dollar for you."

Clerk of the Court C. C. Cornwell made his contribution Saturday and said:

"I am going to give one dollar, one vote and all of the influence I can to help re-elect Wilson this fall."

"Here's my dollar for the Wilson fund," said Mr. D. A. Page yesterday. "I don't believe in changing at this time and besides Wilson is the best president we've had in many years."

"Here's a dollar for the Woodrow Wilson fund," said R. B. Babington, general manager of the Piedmont T. & T. Co., yesterday as he handed The Gazette a full-grown smile. "He's the biggest, best and safest President we've ever had and we want him to serve four more years. Push the good work along."

Dr. Mc. G. Anders handed The Gazette representative a dollar yesterday for the Woodrow Wilson campaign fund. "There's no doubt about Wilson's being re-elected," said Dr. Anders, "and I want to do my part."

ONLY TWO GAMES APART

GASTONIA CLIMBERS WON BOTH GAMES

Kannapolis Defeated in Friday's and Saturday's Games by Carver's Bunch—Duncan and Staunton Both Pitch Shut-out Ball—Staunton Allows Only One Hit in Saturday's Game—Game at Morganton Yesterday Rained Out—Four Games Here This Week.

Rain prevented the game at Morganton yesterday, and probably saved the Bugs from a defeat because Manager Carver had selected "Lefty" Taylor as the mound artist for the locals. Two hours before this is printed the sun is shining and the weather looks exceedingly favorable, but Jo-Jo is predicting showers again today and there is no way to know what may happen by 4 o'clock this afternoon.

The Bugs journey here for four games the last three days of this week, the double-bill coming on Friday afternoon. The first game will be called at 2:30. Morganton has always been a good opponent of Gastonia and the games this week will be the more exciting because now there are only two games difference in the two teams. Morganton has lost only two less than the local team, but Gastonia has played two more games. Both teams have won the same number—ten each.

Because of the lack of interest in the games at Kannapolis Friday and Saturday, there was no report made to the Charlotte papers, but the Western Union Telegraph Company furnished local fans with the information by innings which showed that Gastonia won both contests.

Saturday's game resulted in a 1 to 0 victory for the locals, while Kannapolis was also blanked in Friday's game, 3 to 0. Staunton pitched a one-hit game on Saturday.

SATURDAY'S GAME.
Score by Innings: R. H. E.
Gastonia . . . 001 000 000—1 7 0
Kannapolis . . . 000 000 000—0 1 0
Batteries: Staunton and Carver; Worth and Reinhardt.

FRIDAY'S GAME.
Score by Innings: R. H. E.
Kannapolis . . . 000 000 000—0 2 2
Gastonia . . . 100 000 020—3 5 1
Batteries: Gordon and Turner; Duncan and Gazier.

Case of Infantile Paralysis?
There is a strong probability, according to Dr. R. M. Reid, that Gastonia has a case of infantile paralysis, the victim being a four-year-old child of Cephas Holland, colored, who lives on Happy Hill. All the symptoms, say the physician, indicate that the child has this disease, though not in a virulent form.

Old-Time Singing.
There will be an old-time singing at Tanyard school house Saturday night, July 15th. The public is cordially invited to come and bring American Tune books. The singing will be led by Mr. I. S. Robinson.

The Gazette is requested to state that a family reunion will be held Saturday, the 15th, at the home of Mrs. Mary G. Rhine, about half way between Dallas and Hardin. All the relatives and friends of Mrs. Rhine are cordially invited to attend and bring baskets for a picnic dinner.

The Baptist Sunday School, of McAdenville, had a picnic Saturday on the hill near the P. & N. railroad. Free ice cream and lemonade was there for all as well as a sumptuous dinner. A pleasant time was had by all until the rain came and put an end to everything about 2 o'clock.

YORK AND YORVILLE.

The Enquirer, 7th.
Mrs. E. A. Baber of Gastonia, is visiting her son, Mr. W. L. Baber, in Yorkville.

Clover, S. C., P. O., Gastonia, N. C., was the address on a package of liquor shipped to Clover on Wednesday. Whether the authorities noticed the address and confiscated the juice of the thirty ton of Gaston is not known.

Dr. J. Wilson McConnell, of Davidson, N. C., a native of the McConnellville section of York county, has joined the North Carolina National Guard and is now at Moorehead City, N. C., with the North Carolina troops. He is connected with the field hospital and holds the rank of first lieutenant.

Dr. I. J. Campbell, who was among the Clover people who spent the Fourth in Columbia, said that the opera house where the campaign meeting was held, was crowded, and that while all the candidates for governor and others got a hearing everything was not as calm and serene as the reports in the daily papers stated and neither was the audience composed mostly of women. According to Dr. Campbell, several little spots occurred among the candidates. Former Governor Blease, he said, received what appeared to be at least a one-horse wagon load of flowers.

Miss Margaret Jordan left Saturday for Morganton on a visit to little Misses Edith and Maud Goodwin, who are entertaining with a house party.

Mr. Fayette West and Miss Katie Wylie were united in marriage last night at the home of the bride's brother, Mr. Joe Wylie, near the Dunn Mill. The ceremony was performed by Rev. H. H. Jordan, pastor of Main Street Methodist church.

The guests present were Misses Mary Love Babington, Mary Jordan, Helen Johnston, Nannie Harry, Mary Grier, Katherine Shuford and Lucy Wilson.

CROSSES THE ATLANTIC.

German Submarine Crosses Atlantic, Bringing \$1,000,000 Cargo of Chemicals and Dyestuffs—Made 4,000-Mile Trip in 17 Days.

The world's first submarine merchantman, the German underwater liner Deutschland, anchored below Baltimore Sunday night after voyaging safely across the Atlantic, passing the allied blockading squadrons and eluding enemy cruisers watching for her off the American coast. She carried mail and a cargo of 750 tons of costly chemicals and dyestuffs, and is to carry home a similar amount of nickel and crude rubber sorely needed by the German army.

Fifteen days out from Bremerhaven to Baltimore, the submarine reached safely between the Virginia capes at 1:45 o'clock this morning passing in on the surface covered by a heavy pall of darkness which settled over the entrance of the bay with the setting of a twilight half-moon. Once inside, the visitor threw caution aside and began shrieking his siren, signaling a pilot and at the same time attracting the attention of the tug Thomas F. Timmins which had been waiting in the lower bay for nearly two weeks to greet the Deutschland and convoy her into port.

Not a Square Deal.

Miss Mason was explaining to her Sunday school class the lesson for the day, the subject being the tares and the wheat.

"Now, remember, children, the tares represent the bad people and the wheat the good ones."

"Why, Miss Mason!" exclaimed a rosy-cheeked boy, who had been listening through the lesson with deep interest. "Did you say the tares are the bad folks and the wheat the good ones?"

"Yes, James," replied the teacher, pleased at the lad's interest.

"Well, that's funny, I think!" remarked the matter-of-fact child. "It's the wheat that gets thrashed; the tares don't."—Chicago Herald.

An advertisement for help at the "Zoo" was answered by an old-fashioned Southern dandy. The keeper accepted him and he asked: "What do you want me to do, Boss?"

"We want you to help move a python, a big snake from cage to another."

Rastus began to back towards the door and the keeper said: "You need not get scared there will be ten of us and we can manage it."

"No sah, Boss," said Rastus. "They may be nine o' you but they won't be ten o' us."

What to Do for Insect Bites.

State Health Bulletin.

Everybody going on country trips or to the woods this summer should know what to do for insect bites, especially those who intend camping out. Besides, it's not a bad thing to know if you are going to stay at home within four walls. The most common bites or stings are those of the bee, wasp, yellow jacket, spider, horsefly, yellow fly, red bug or chigger, flea, mosquito and bedbug.

In case of a sting of any kind the first thing to do of course is to remove the sting. This can best be done with the point of a knife or needle but care should be taken not to break the skin for fear of infection. Then the next best thing, perhaps, is to apply ammonia water or soda water to the affected parts.

In the case of bites as well as of stings, when the sting is removed, as a rule, a paste of common baking soda applied to the affected parts or these bathed in ammonia water is all that is necessary. Where the poisonous effect is severe, however, send for a doctor. In the meantime, the patient should lie down and keep quiet.

An application of a 50 per cent solution of a saturated solution of potassium permanganate which you get at the drug store is very efficient for insect poisons and for the poisons of plants, too, such as poison ivy and samach.
