SOUTHERN MILL LIFE INCIDENTALS.

Charlotte Observer.

Gastonia is one of the model mill towns of the South because the cotton mill owners of that town have made it so. One of their ways of doing that was in evidence Saturday when they brought nearly a thousand of their workers and their families to the Charlotte picnic grounds for a day of pleasure and recreation, after which they were taken home and the festivities of the day were concluded with a banquet. But affairs of this sort are incidental to the daily life of the operative in Southern cotton mills.

Three Million Auto Tires made— —by GOODRICH, in year 1915

STUDY the Price-List publicly printed below. Compare with the List-Prices of other Tires made in LESSER Volume. Observe that competing Prices are higher in almost the exact proportion that VOLUME of production is smaller. This, when Quality approaches the Goodrich Standard. Cut our 1915 Tire Output (of 3,000,000 Auto and Truck Tires) to One-third, and it would still far exceed the Average of all Competing Makes or Brands. But, that huge reduction in Volume MIGHT result in every Tire we made costing you One-third MORE than present prices. They would not,—and could not,—be BETTER Tires, at this necessarily higher-cost to Us, and higher-price to You. Because,—Goodrich Tires are not made "up to a price,"—nor "down to a price."

WE, first of all, make the BEST Fabric Tires that our 47-year Experience in Rubber-Working,—our huge Purchasing-Power, and the most Advanced Equipment, renders possible. Then we let Cost fall where it will. To that Cost we add a moderate, and fair, Profit for Ourselves and for our Dealers. Then we let VOLUME rise,—as it will. The more Tires we Make, the LESS each Tire COSTS us to produce,—and the less it costs YOU to buy them. The more Tires we Sell, the less profit, per Tire, WE NEED, for dividends. The more Tires we make, the better we KNOW HOW to make them,—the more we have at Stake on Quality,—and Satisfaction to Consumers. And,—because of all this,—the BEST Fabric Tires that Skill,—Experience,—Good-Faith, and Maximum Volume, can build,—are now available to YOU at the VERY MODERATE Fair-List Prices here quoted. Why pay more for ANY Fabric Tire? THE B. F. GOODRICH CO., Akron, O.

Goodrich "Fair-List" Prices

NOTICE.—These Tires are as perfect as Fabric Tires can be made. But, should any dissatisfaction whatever arise, with any Goodrich Tire, its Owner is invited, and REQUESTED, to take the matter up promptly with us,—the Makers. He will find that Fair, Square, and LIBERAL treatment will always be extended, on all proper adjustments. THE B. F. GOODRICH CO., Akron, O.

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD

Practically a Daily at the Price of Weekly. No other Newspaper in the world gives so much at so low a price. There has never been a time when a newspaper was more needed in the household. The great war in Europe has now entered its second year with no promise of an end for a long time. These are world-shaking events in which the United States is being unwilling, has been compelled to take a part. No intelligent person can ignore such issues.

The thrice-a-week edition of the New York World is a paper that should be at hand. Already candidates for the nomination are in the news, and the campaign owing to the extraordinary character of the times, will be of absorbing interest. No other newspaper will inform you with this news. The thrice-a-week edition of the New York World is a paper that should be at hand.
