

ELECTING A PRESIDENT

3

Jefferson Elected by House of Representatives.

JEFFERSON.

THE Democratic Republicans supported Thomas Jefferson for president and Aaron Burr for vice president in 1800. The Federalists supported John Adams and C. C. Pinckney. The vote, as counted on Feb. 11, 1801, was:

Jefferson, 73; Burr, 73; Adams, 65; Pinckney, 64; Jay, 1.

No one having received a majority of the votes cast, the house of representatives proceeded on the same day to elect a president. The balloting continued for six days, and finally Jefferson received the votes of a majority of the states and was declared elected. Sixteen states voted.

Jefferson defeated C. C. Pinckney of South Carolina by a big majority in the election of 1804.

KINGS MOUNTAIN MARRIAGES.

The following from The Kings Mountain Herald of yesterday will be of interest to many Gazette readers:

The marriage Tuesday night of N. Fred McMillan to Miss Anna Sue Camp and last night of Miss Laura Ridenhour to Mr. H. G. Gibson, and the approaching marriage of Prof. R. A. Yoder to Miss Pearl Jones are all social events in which Kings Mountain people are deeply interested.

Mr. McMillan and Miss Camp were married Tuesday evening at the home of the bride, near Gilkey, N. C. Mr. McMillan is a prominent attorney of Gastonia but practiced here for about eight years before moving to Gastonia a few months ago. While here he was prominent in the social circles. Miss Camp is pleasantly remembered by a wide circle of friends as a member of the faculty of the graded school here two years ago. She is a member of a very prominent Rutherford county family.

Mr. Gibson and Miss Ridenhour were married in St. James Lutheran church at Hickory last night. Mr. Gibson is a prominent business man of Hickory. Miss Ridenhour is the daughter of Mr. and Mrs. R. E. Ridenhour, of Hickory.

Mr. Yoder is a native of Hickory and was superintendent of the Kings Mountain graded school for the past two years. He is now superintendent of a school in East Durham. He is to be married on the 15th instant to Miss Pearl Jones, of Johns, N. C. Miss Jones was a member of the graded school faculty here for the past two years. She is the daughter of Mr. and Mrs. Malcolm Jones, of Scotland county. She is exceedingly popular in social circles.

BACK FROM CAMP GLENN

MR. S. N. BOYCE PLEASED WITH CAMP

Mr. and Mrs. S. N. Boyce and Miss Bernice Boyce spend week at Morehead City—Visit Their Son at Glenn and Find Everything in Excellent Condition—Camp Life is Ideal, Declares Mr. Boyce, and the Men Are Well-Fed—Sanitation is the Watchword—Company B, is the Best in Camp.

Mr. and Mrs. S. N. Boyce and daughter, Miss Bernice Boyce, returned to the city Wednesday from Morehead City where they have been for the past week. While away they made numerous trips to Camp Glenn, three miles from Morehead City, to see their son, Mr. Erskine Boyce, who is Sargeant in Company B, of the Gaston Guards. They found Sargeant Boyce and all of the Gastonia boys in excellent health.

Mr. Boyce is very enthusiastic over the conditions existing at Camp Glenn. "Camp life is ideal," he states, "and the conditions there are far better than I had anticipated. I had no idea that a place could be kept so clean and sanitary. Every particle of refuse is burned just as fast as it accumulates and a fly has a pretty hard time finding anything to eat."

"The mess hall is properly screened and not a fly can be found in the building. I ate dinner one day with Captain Bulwinkle and the members of Company B, and the fare was excellent. While there is an absence of silverware and cut glass, the food is well-prepared and cooked under the direction of experienced men. As an evidence of the kind of food the men are being fed it is a fact that every member of Company B, has gained in weight since they have been in camp. Personally, I liked the fare better at the camp than at the hotels in Morehead City. There can be no objection at all about the food.

"All of the boys who are in camp are receiving a training that they could not get any where else and it is a training that the majority of them need, too. I am well satisfied with the attention the men are being given. The fathers and mothers who have sons in the service can rest assured that every thing possible is being done to make the life of the soldiers pleasant. Of course the men are required to work, spending about five hours each day drilling. I can't say too much in praise of the excellent conditions that exist at the camp."

Mr. Boyce says that there is no truth in the reports given out by some to the effect that the men were ill-treated, underfed and poorly clothed. The correct conditions are contrary to these reports and Mr. Boyce is anxious that the truth be known. Several disgruntled guardsmen have misrepresented the conditions, but these men were weaklings who want some pretext in order to get out of the service.

Captain Bulwinkle's company, reports Mr. Boyce, is one of the best companies at Camp Glenn, and Gastonia and Gaston county can well feel proud of their boys.

It is reported that the German submarine Bremen, the appearance of which in some American port has been expected for some days, has sunk at sea as the result of an accident to its machinery. There are people who doubt if the Bremen ever started to America and some even doubt the existence of such a craft.

MUST KEEP TO THE RIGHT

NEW TRAFFIC LAW ENACTED TUESDAY

Board of Aldermen Adopt Rigid Traffic Ordinance at Meeting Tuesday Night—All Vehicles Must Keep to the Right—No Automobiles Will Be Allowed Parked Within Twenty Feet of Any Corner—City Buys Patrol Wagon for Police Department.

The meeting of the board of aldermen on Tuesday night was featured by the adoption of a traffic ordinance which is composed of 24 separate and distinct sections, and when it becomes effective will eliminate the congested condition the principal streets have frequently been in during the past. Elsewhere in today's Gazette the full text of this ordinance is being printed.

This ordinance provides that all vehicles moving in the same direction shall keep to the right of the street, or to the right of the center thereof at all times except when the right side of the street is blocked or in an impassable condition. Any vehicle overtaking another shall pass on the left side towards the center of the street and shall not be allowed to pull back over to the right until entirely clear of the vehicle passed.

Police, fire department vehicles and police and hospital ambulances shall have the right of way on any and all streets within the city of Gastonia only at times when performing duties of their respective departments. Their drivers must be governed at all times by the provisions of all traffic ordinances when it does not conflict with the carrying out of their work. Upon the approach of any of the police or fire department vehicles, all other vehicles must draw up as near to the right street curb as practicable and remain standing until the approaching vehicle shall have passed.

All moving vehicles are required to slow down to a speed of five miles an hour when turning into another street. Crossings must be turned as near the right hand corner as possible at all times. A driver of any vehicle who desires to enter an intersecting street shall not turn until the vehicle passes beyond the center of the intersecting street. Vehicles crossing from one side of the street to the other shall do so by turning to the left so as to head in the same direction as the traffic on the street.

When within the fire limits all vehicles shall keep moving unless a stop can be made without blocking traffic. Automobiles and other carriages that are parked on the street shall be required to stand head-on or right side to the curb, while no vehicle shall stand within the intersection of any streets in the fire limits or within 20 feet of the intersecting roadway. At theatres and public gatherings, all vehicles must stand or move as directed by the traffic officer.

The driver of any vehicle in slowing or stopping shall signal drivers in the rear by giving the proper signal, which will be a raised hand. It is also made unlawful for a driver of a vehicle to back same until ample warning has been given, which shall consist of three blasts of the horn or other signal device, and in case of drays not provided with a horn or other signal device, a warning shall be given by the attendant stationed at the rear of the dray or wagon.

This ordinance not only applies to automobiles but to any moving vehicle, horses and everything on wheels or runners, except baby carriages
