

PRINCE ALBERT
TOBACCO IS PREPARED FOR SMOKERS UNDER THE PROCESS DISCOVERED IN MAKING EXPERIMENTS TO PRODUCE THE MOST DELICIOUS AND WHOLE-SOME TOBACCO FOR CIGARETTE AND PIPE SMOKERS.
PROCESS PATENTED JULY 30, 1907
R. J. REYNOLDS TOBACCO COMPANY
WINSTON-SALEM, N. C., U.S.A.
DOES NOT BITE THE TONGUE.

P. A. puts new joy into the sport of smoking!
YOU may live to be 110 and never feel old enough to vote, but it's certain—sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand rolled cigarette unless you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a *real reason* for all the goodness and satisfaction it offers. It is made by a patented process that removes *bite and parch!* You can smoke it long and hard without a come-back! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheer-fullest investment you ever made!

PRINCE the national joy smoke ALBERT
R. J. Reynolds Tobacco Co., Winston-Salem, N. C. Copyright 1916 by R. J. Reynolds Tobacco Co.

Prince Albert is sold everywhere in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that clever crystal-glass pound humidior with sponge-moistener top that keeps the tobacco in such splendid condition.

The North Carolina Orthopaedic Hospital
Chartered by the State
By R. E. BABINGTON

Gaston county people, as well as many of the people of North Carolina, are somewhat familiar with the movement to establish an orthopaedic hospital, home and school for the crippled, deformed and diseased orphan and poor boy and girl of sound mind of North Carolina. The papers of the State have mentioned the fact many times during the past three years. The North Carolina Orthopaedic Hospital was incorporated almost three years ago, the articles of incorporation being signed by the following men:

R. B. Babington, S. J. Durham, James W. Atkins, George W. Ragan, Rev. A. T. Lindsay, C. B. Armstrong, J. Lee Robinson, S. N. Boyce, W. T. Rankin, E. G. McClard, John M. Scott, Dr. E. C. Register, Heriot Clarkson, E. R. Preston, C. O. Kuester.

The purpose of the institution is to aid, assist, benefit and cure by professional orthopaedic treatment all poor children of the State of SOUND MIND, but who are crippled, deformed or diseased, who are not able to pay for treatment, and to provide literary, professional and vocational training for such children as are compelled to remain in its care while being cured of their deformities, thus enabling these children to become producers and not charges upon the State and society.

The institution is, and shall remain, non-sectarian, non-political and non-fraternalistic in its management and control and also in its requirements for admission. There is not a more needed charity than this. The crippled child is the most neglected of all our dependents. Did you know that there is not one of our twenty orphanages in North Carolina that will receive a crippled, deformed or slightly diseased orphaned child. They are only allowed to care for the sturdy and well child. This seems unjust, but it is not, because they are not equipped to care for the crippled, diseased child. Again we cannot put these little ones in the orphanages with the well children. So you understand the crippled children are treated as being no account and are left to shift for themselves as best they may. Therefore, they grow up in idleness, ignorance, sin and vice, becoming peddlers, beggars and often times criminals, because they have to steal in order to live.

The cripple has been discriminated against since time immemorial. Back in the dark ages the deformed child was fed to the crocodiles, also the woman who gave birth to a malformed child was burned at the stake. These terrible things are not done now. However, we do very little for these dependent ones yet in this twentieth century of Christian enlightenment. The crippled child is entitled to his share of the public school money of the State of North Carolina. Does he get it? Not that we know of. The State does not establish any schools where the crippled child can go and be taught. This class is not given a thought in this busy age. The crippled, deformed, boy and girl are human beings as much so as the robust, well, rosy child. The crippled child's mind is, in most cases, superior to the well-bodied child's mind. Is there any reason for this neglect or inattention to the cripple? The development of their sound minds should not be overlooked because their little feet, limbs and bodies are warped and twisted. They have sound minds. They have all the God-given faculties and aspirations that you and I have. Give them a chance. They are not sick nor invalids, they are only crippled and warped in body, but have master minds—let's help them.

Look around as you go about your work over the town and the State and see how many of these poor boys and girls you can find who are helpless cripples, ranging from one to twenty years old, hobbling around without anything to do and not much hope in the world for anything better than lives of idleness. You will be surprised at the large number you find. Help the cripples, don't pity them. Pity discourages a well, ambitious boy or girl. They want sympathy and help. Give them a chance to work, by helping to provide them with educations equal to the education of their unhandicapped brother and they will make good. In fact, it is admitted that there is not anything a normal boy or girl can do that a cripple boy or girl cannot do, who has a sound mind, except—WALK. "Pity is not sympathy. Pity degrades while sympathy strengthens."

Twenty-five years ago a little boy, a cripple, died in Philadelphia, and in his bank were some pennies which he asked his mother to give, after he was gone, to some little boy who was a cripple like himself. And out of that childish thoughtfulness was built a home for crippled children. It is a long, long story, but a very wonderful one. How the mother turned the matter over in her mind; how a little house was rented and one crippled child taken to it to be cared for, and then the offers of help; the generous gifts; the new building and the establishing a real home.

It was the story again of the loaves and fishes, multiplied to meet the need, and blessed by a mother's love. Pennies in a toy bank the beginning—a Home for Crippled Children the end.

Will you not help provide this institution? Is it not worth while? It will pay the largest dividend of any incorporation in North Carolina in the years to come, in manhood or womanhood, more useful lives and better citizenship.

Its door will be open to all crippled white children of the State. Those who cannot pay anything for treatment will be treated absolutely free. All moneys, bequests, legacies and donations received will be expended to alleviate the sufferings of crippled and diseased children. About 75 cents per day covers the cost of the care of each child in these institutions.

It is cheaper to cure and educate cripples, thus transforming them from the dependent to the effective class, than to support them through life.

If you will help build this institution, fill out and mail to the writer, the card printed below. You will see that not a cent will be collected unless the full amount is subscribed.

A Little Crippled Girl.
"Her smile is as bright as a sun-beam lighting on a pyramid of crystal prisms, and as welcome as a light in a window to a wanderer in the dark."
"Her eyes are like two dancing stars and in their clear depths you can see where the heavenly blue morning glory found its hue."
"In her radiant hair is the riotous color of autumn leaves, and golden shadows play softly among the curling locks which lovingly caress her soft white shoulders."
"The garden roses envy the carnation of her lips, and sigh because they cannot match the soft color of her cheeks, from which one roguish dimple flashes in and out like the quick elusive gleam of the firefly."
"Behind her ruby lips, her small white teeth sparkle like irregular bits of polished ivory and peep in and out from their crimson curtains, just playing hide-and-seek."
"She comes to your enfolding arms a veritable bundle of vital, pulsing, bubbling life and joy, and with a kiss she tells you of her innocent and unquestionable love."
"She creates a little world of her own and peoples it with the transient children of her fertile but untrained imagination, and it all seems perfectly real to her."
"When she sweetly invites you to view the many charming wonders of this realm of her fancy, and for over-earnestness you cannot go, she toddles off alone to be with these dream children, and tells them of the more wonderful things she learned in our more real world."
"With her little arms about your neck and the sweet fragrance of her breath in your nostrils, you kiss her good-night, and thank God that he gave to the world a sample of his angels in the form of a little crippled girl."

MRS. H. HAGWOOD SAYS SHE CAN EAT VEGETABLES NOW
COULDN'T BELIEVE TANLAC SO GREAT IF SHE DIDN'T HAVE PROOF IN OWN CASE.

"Until taking Tanlac I tried everything I ever heard of for rheumatism and indigestion, from which I suffered for two years." Mrs. H. C. Hagwood, 118 Firwood Avenue, Raleigh, told the Tanlac Man. "I could not eat meat or vegetables for if I did I would suffer pains and distress soon afterward. Gas pressed around my heart and caused fluttering. I couldn't lay on my left side; I was nervous and everything was a drag with me. Physicians failed to offer relief."

"But now I feel real young again. I am hungry all the time and am glad for I can satisfy my appetite without fear of those terrible after-effects. I enjoy good, sound sleep; nervousness has left; I am gaining strength right along; have added 3 pounds in weight and rheumatism has been relieved. If it wasn't myself who gained this way I couldn't believe Tanlac so great."

Tanlac is sold in Gastonia by the Adams Drug Co.; Lowell, Robinson Pharmacy; Cherryville, H. H. Allen; Belmont, Stowe & Sanders; Dallas, P. D. Summey; Bessemer City, Thigpen Drug Co.; Huntersville, S. L. Mullins; Lenoir, Ballew's Cash Pharmacy; Grover, C. F. Hambricht; Worth, Harden Mfg. Co.; Mt. Holly, the Reep Company.—Adv.

Personal Mention.

—Mr. J. E. Robbins left yesterday for Winston-Salem on a visit to friends.

—Miss Marie Robbins left yesterday for Hot Springs, N. C., where she will enter school.

—Misses Isabelle Killian and Willie B. Knight left yesterday for Maryville College for the Fall season.

—Miss Annie May Workman, of Rock Hill, S. C., is spending a week in the city as the guest of her aunt, Mrs. R. Love Davis, and other relatives.

—Mr. Fred Arrowood, of Bessemer City, was a Gastonia visitor Saturday. He left for Chapel Hill where he will resume his studies in the University.

—Mrs. J. B. Buff, of Knoxville, Tenn., and her sister, Miss Ida Wright and Misses Fannie and Verma Slate, of Lincoln, spent the week-end with Mr. and Mrs. C. E. Wright in West Gastonia.

—Mr. Earl Sisk and Miss Irene Brown spent Friday in Charlotte as the guests of Mrs. George W. Daley.

—Mr. L. L. Hardin, president of the Bank of Columbia, S. C., was here Saturday to attend the funeral of Mr. Lamar C. Pegram, with whom he was formerly associated in business here.

GAVE CLASS AUTO RIDE.

The members of Mr. J. Martin Shuford's Sunday school class, of the First Baptist church were given an automobile ride and picnic supper Friday afternoon by their teacher. The party left Gastonia at 5 o'clock, going by Linwood College to Cleveland Springs, where an hour was spent and supper served. From there the party motored to Shelby and returned home about 10 o'clock. There were about fifteen in the party. An enjoyable time was had.

Family Reunion.

Mr. J. L. Thornburg will have a reunion at the residence of his son, Mr. L. A. Thornburg, near High Shoals Saturday, September the 30th. Everybody is cordially invited to come and bring a full basket.

That boy or girl will not get half so lonesome or homesick at college if he or she has The Gazette at college a week. Send it today; \$1 for the school year. Cash with the order.

SAVES DAUGHTER
Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health." If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," in plain wrapper. N. C. 122

Cherryville Chat.

Correspondence of The Gazette.

CHERRYVILLE, Sept 7.—Mrs. K. C. Brown and little daughter, Willie Bright, are visiting Mrs. Brown's sister, Mrs. J. W. Craft.

Messrs. M. L. Mauney and W. D. Gates are spending today in Charlotte.

Mr. Hunter Rudisill and Miss Jessie Rudisill and Mesdames Julia Hall and Mrs. J. F. Harrelson spent Thursday afternoon in Gastonia.

Mr. Ezra V. Moss, who has been barbering this summer in Rockingham, is at home for a few days. He will leave next week to enter the University.

The stockholders of the Howell Manufacturing Co. held their annual meeting Tuesday, August 29th. The mill had a prosperous year, making a good profit. All the old officers were re-elected as follows: President, D. E. Rhyne; vice-president, F. A. Boyles; secretary-treasurer, Dr. W. A. Howell; superintendent, J. C. Ballard.

The Cherryville schools opened Monday morning, September 4th,

very auspiciously. There were 378 pupils present the first day with quite a large number yet to enroll. There were 23 graduates of the rural township schools enrolled in the eighth grade. The enrollment for the opening of school was the largest in the history of the school as is largely due to the efforts and endeavors of Supt. J. R. Nixon, and secondly, to the bubbling school spirit that has aroused our people to the advantages offered here when compared to preparatory schools.

The following compose the faculty for this year: Miss Mary Rawls, Wilson, lower first; Miss Grace Sipe, Cherryville, high first; Miss Clara Belle Yoder, Hickory, lower second; Miss Florence Beam, Cherryville, high second; Miss Eloise Wilfelford, Kings Mountain, third grade; Miss Maude E. Lee, Greenville, N. C., fourth grade; Miss Berta McNeill, Rowland, fifth grade; Mrs. George Falls, Cherryville, sixth grade; Miss Mattie Camp, Lincoln, seventh grade. The departmental plan of teaching will be followed in the high school department and is divided this year as follows: Miss Ollie Mae Cline, Lincoln, Latin and other subjects; Mr. W. J. Allran,

Cherryville, history and geography; Prof. J. R. Beard, Cornelius, mathematics with other subjects; Prof. J. R. Nixon, Lincoln, science with other subjects and superintendent; Miss Ruth Thomason, Rock Hill, S. C., has charge of the home economics department, and Miss Isabelle Fowell, Rock Hill, S. C., of the music and voice department. Graded school music will be taught in each grade throughout the entire school. The eleventh grade has been added to the school course this year, thus making the Cherryville High School rank with any school in the State in its curriculum.

About half of the faculty are new this year and the other half have taught here for the past three to six years.

CURED HER TWO LITTLE GIRLS.

Mrs. Ada Sanders, Cottontown, Tenn., writes: "We use Foley's Honey and Tar as our best and only cough remedy. It never fails to cure my two little girls when they have colds." Relieves hoarseness, tickling throat, bronchitis, hay fever, asthma, croup. J. H. Kennedy & Co.—Adv.

Trench Faith.
Mary Woodson Shippey, in September Southern Woman's.
O God, up there at Judgment Seat,
When men in battle fall
And countless souls come thronging up,
How can You judge them all?
How can You weigh their deeds for them
Who come so crowding fast
You cannot hear the first of them
For calling of the last?
These battle hordes that stagger up
(And leave men fighting still),
O, is there time for You to judge
Each life its good and ill?
Perhaps, dear God, when You look down
To where they fought and bled
And see their piteous bodies lie
In heaped-up piles of dead,—
Ah then, perhaps, when You have looked,
It matters not to You
What other things they may have done
Or what they failed to do.
For when you see the way they died,
The woe that war beget—
And know that these are soldiers' souls,—
You let it go at that!
