IMPROVED ORDER OF RED MEN Regular Meeting Thursday Night, Nov. 2, 1916, 7:30 p. m. All members are urged to be present.

GASTONIA LODGE NO. 188

I. O. O. F. Regular Meeting Thursday Nov. 2, 1916, at 7:30 o'clock. Visiting Brothers Welcome.

We have been licensed by Mr. Edison to demonstrate and sell his new invention.

You would smile if we asked you this question:

"DO YOU THINK THERE IS ANY TALKING MACHINE RECORD WHICH SOUNDS EXACTLY LIKE THE ARTIST WHO MADE IT?"

What will you do, when we tell you that Ed'son Re-Creation of music, played on Edison's new invention, the New Edison, are indistinguishable from the original music.

If you say you don't believe this, you array yourself against two hundred thousand music lovers who have actually heard the comparison made and who unanimously confess their inability to detect the living voices from Edison's Re-Creation of them.

Won't you come to our store and let us give you an Edison Musicale?

Yours faithfully,

Torrence-Morris Co. Jewelers Gastonia, N. C.

ARBOR DAY NOVEMBER 3.

Arbor Day is only three weeks off, as it comes November 3rd this year. A special effort has been made to have the day appropriately celebrated all over the State and it is hoped that all the schools will observe it in some way. A new "Arbor and Bird Day Manual" was prepared by the State Geological and Economic Survey at the special request of the Superintendent of Public Instruction, and this was ready for the printer the beginning of August. For some unaccountable reason the printing of this Manual has been delayed to such an extent that it hardly seems possible to have it properly distributed before Arbor Day. This is a great misfortune, as the County Superintendents of Public Instruction throughout the State made an almost unanimous demand that these books be distributed this year earlier than was done last year so that the teachers would have plenty of time to teach the children their exercises. Instead of being earlier, the Manual will be much later, too late to be of any use whatever in preparing Arbor Day observances.

It will now be necessary for the teachers who are organizing Arbor Day exercises to use again the Manual for 1915. If additional copies of this are needed, they can no doubt be secured by applying to the County Superintendent or to the State Superintendent of Public Instruction, Raleigh.

THE GAZETTE \$2.00.
On and after January 1, 1917, the subscription price of The Gazette will be \$2 the year instead of \$1.50 as at present. Until that date new subscriptions and renewals will be taken at the old price. All subscriptions are strictly cash in advance. This increase in the price of the paper is rendered imperative because of the unprecedented increase in the cost of print paper and all other materials which enter into the making of a newspaper.

WOODROW WILSON President of the United States

"HE HAS KEPT US OUT OF WAR"

This is the face of a man strong, courageous, patient and kindly, a man— Always alert to the aspirations of his fellow-man and sympathetic toward their fulfillment; Never complacent toward the encroachments of privilege nor tolerant of social wrong; Always seeking to enhance the dignity of labor and better the state of the toiler; Never lending an ear to the sophistry of exploitation or the blandishments of expediency; Always patient to hear and weigh, to appraise and analyze, and passionate to find the way of right; Never premature in purpose nor prejudiced in judgment, and never headlong in decision— Such is WOODROW WILSON.

THE NEW TRUST

It is all over but the voting—and then, Wilson for Four Years More! Four years more of peace and prosperity while the wheels of the nation drive on toward our destined goal—World Leadership! That is to be our destiny. Nothing can stop it but a return to the reactionary party which for forty years saved its bosses' bacon while the people, the great American people, struggled onward toward individual and collective freedom. Yes, the nation came into its own not because but in spite of the Republican Party. It was the American people who cleared the forests, drained the swamps, blazed the trails, opened the mines, dug the coal and the gold, made the prairies into wheat and corn fields, and fenced in the great plains for cattle. The American people, sprung from the loins of men who dared and women who toiled, have laid the foundation of the greatest Republic known to history, and raised thereon the fairest flower of civilization in all the world. All this has been done despite the handicap of Political Bosses and the ousurious toll of Predatory Interests. While the Pioneer grew into the Settler and the Settler became the Farmer and yellowed the vast plains with the bearded grain and browned them with the russet corn— While barefooted children trudged down the shady lane or over the long hill to the little red school house to read of the wisdom of their Benjamin Franklin, the patriotism of their Patrick Henry, the ingenuity of their Robert Fulton, Eli Whitney, and Robert Hoe, the democracy of their Jefferson, of the only Washington who fathered his country, of the immortal Lincoln who saved, and whose spirit will forever unite the nation— While these little children around the old stove sang "My Country, 'tis of Thee, Sweet Land of Liberty"— While these same little children at night at their mother's knee learned to bow their heads to their God who had given them birth in the Land of the Free and the Home of the Brave— While simple men sweated and toiled on and loved their work and their home and their country— While sweet faced mothers delved in toil and span strong men to do the nation's work: Greed crept forth clad in frock coats and a well distended skin and an oily tongue, and slowly, surely, insidiously gathered up the fruits of the sweat and the harvest of the fields, orchards and mines, and by special privilege, by fraud, by bribe, by graft, by trickery, by knavery, by treachery, yes, and by treason caused themselves to become the richest clique known in the world's history. The core of this clique is the permanent inner ring, the Invisible Government of the Republican Party. This clique, disagreeing on a candidate four years ago, fell out, and the American People came back into their own under the leadership of Woodrow Wilson who has held inviolably sacred that trust thus put into his hands by Fate. And by the grace of God the American People propose to go on with that tried, true, great man who trusts them because he knows they trust him. Woodrow Wilson is a new Trust in American life—greater than all others—greater because he stands for no Trust, is backed by no Trust, and is the candidate of no Trust but is the trust of the whole American people, who respect his aristian humanity, and thank him for his broad statesmanship and his intelligent leadership. By his deeds and by his acts as well as by the enemies he has made, his oil of American honor is secure—Washington, Lincoln, Wilson. Woodrow Wilson deserves the vote of every man and every woman in every square in the Union.
