

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

REPORT OF PUBLIC SCHOOLS.

County Board of Education Has Issued Attractive Pamphlet Telling of the Progress of County School System—Some Interesting Facts Are Shown.

The Gaston County Board of Education has just issued from The Gazette, press a neat and attractive 36-page pamphlet entitled, "The Public Schools of Gaston County," which tells of the progress of the public schools in this county. The pamphlet contains a photograph of all of the graded schools, the farm life school and other things relative to the activity of the schools in Gaston county. Four pictures are used, beginning with the one-teacher, one-room cabin school and ending with the modern graded school building, which shows the evolution of the graded schools in Gaston county. The pamphlet is dedicated to the citizens of Gaston county with the following:

"It has been the custom of the County Board of Education to make reports from time to time in pamphlet form of the progress of the public schools. These schools belong to the people and the fact that the people have given to the board large discretion in the management of them increases the obligation to make frequent and accurate reports.

"It is the hope of the board that every citizen of the county will give to this report a careful reading in order to get first-hand knowledge of the policy and progress of the public school system. The school and the church lie at the very foundation of our civilization and every good citizen ought to be in position to defend these institutions when unjustly assailed."

Gastonia's Population Now 13,500.

A directory just issued by the Foster-Milburn Company, of Buffalo, N. Y., containing the present population of all incorporated towns in the United States having 1,000 or more inhabitants, gives Gastonia 13,500. The statistics as compiled are based on police and school censuses, by the official state censuses in all states available. According to these figures Gastonia is one of three towns in the state with a population over 13,000 and under 20,000, New Bern and Salisbury being the other two. Gastonia is also one of the six towns having a population of over 13,000 and less than 25,000.

Now Lookout.

When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, lookout for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter. Obtainable everywhere. Adv.

MADE SECOND TRIP.

German Submarine Deutschland Arrived in American Port for Second Time—Brought Ten Million Dollars' Worth of Dyes and Drugs.

New London, Conn., Nov. 1.—Safe from the perils of the Atlantic, and after buffeting the rough October gales, the German commerce submarine Deutschland docked here this morning, this being the second voyage of the submersible to American ports.

Ten million dollars' worth of dye-stuffs and drugs and it was said, "possibly stocks, bonds and precious stones," comprise the cargo of the German submarine merchantman, according to a statement tonight by Captain Paul Koenig, commander of the craft.

The Deutschland is in this port after having succeeded in making a second voyage from a German port to the American coast, despite the watchfulness of British and French war vessels.

First of the undersea merchantmen by use of which Germany hopes to keep open a trade route with the United States, the Deutschland, according to her captain, is at present the only vessel of that fleet. The Bremen, which started a voyage from the city after which she was named on August 26, he said, has been given up as lost. He thought she "must have struck a mine," but he added "she has not fallen a victim of this almost blockade. I am sure of that." The Amerika, which some reports have indicated was a merchant submarine captured by the British, never existed, Captain Koenig asserted.

Facts for Two Ex-Presidents.

New York World. On the subject of Mexico, Col. Roosevelt and Mr. Taft share a common purpose in their campaign speeches. In attacking President Wilson each seeks to mislead the public as to the record of his own Administration.

With characteristic recklessness, Col. Roosevelt declares that during the Wilson Administration over 500 Americans and 300 Chinese have been killed in Mexico, and that while he was President no one dared harm a hair of the head of a single American in any foreign country. During the Roosevelt Administration, while Mexico was at peace under Diaz, 60 Americans were reported killed. During the Taft Administration, when the revolutionary troubles began, 386 foreigners, of whom 57 were Americans, were reported killed. During the Wilson Administration, which has been a period of incessant civil warfare in Mexico, 239 foreigners, of whom 119 were American citizens and 38 soldiers and marines, and the rest British, Spaniards, Germans, Japanese and Chinese, were reported killed. The figures are official.

In the same spirit ex-President Taft says in regard to Mexico that Wilson "had a clean slate upon which to write when he came in." No one knows the facts better than Mr. Taft. When Mr. Wilson became President, Mexico was in a state of revolution. In Mr. Taft's time, Madero, while a prisoner, was assassinated in the streets of Mexico City, and Mr. Taft's Ambassador, Henry Lane Wilson, was accessory to Madero's overthrow.

Neither of the ex-Presidents of the United States desires to tell the truth about Mexico.

"BECIE."

(Written for The Gazette.)

She's that soul giving child of my master,
Who brought me those brown stiffened roses.

Then said, "I've brought you some sweet pretty flowers,
Dey's dead, but jes play lak dey's roses."

Then a gleam from the yesterday replenished
My dying, pale flickering embers—
Strange how one spark either kindles or smothers

Where a soul in a child yet remembers!

So I kept one brown, scented blossom,
And buried it with my perfumed treasures

Then one day when her roses lie dead
I'll return her compliment with pleasure.

After awhile she, too, will be yearning
For springtime and song-birds like her posies.

Then, when she thinks no one understands
Flowers dead, dear heart, jest play lak dey's roses!

Then I know she'll wander back to her childhood
For a soul pure as her's never dies.

Together we'll smile there in the gloaming
Looking up through bright glow in the skies.

Queer isn't it? "A little child shall lead them"—
From cold earth to a heaven above,
But life isn't always a dark mystery
If your soul is alive with pure love.

Cotton Seed Calculations.

Siler City Grit.

Mighty few of us are good mathematicians, and so whenever cotton seed is quoted at \$40 or \$50 a ton the average person has to figure with pencil what the price is per bushel. The following rule is so simple and so easy that we reproduce it. Clip it out for reference.

"When the price of a ton is given, in dollars, take half the price of a ton and add it to itself and the result will be the price of a bushel in cents. Thus, if seed is worth \$20 a ton, take half of 20 and add it to 20 and you get 30 cents as the price of a bushel. If seed is worth \$30 a ton, take half of 30, which is 15, and add it to 30 and you get 45 cents as the price of a bushel of seed. Now, to find the price of a ton, in dollars, when the price of a bushel in cents is known, you subtract one-third of the price a bushel in cents from itself and you have the price of a ton in dollars. Thus, suppose the price of a bushel is 60 cents, the third of 60 is 20, which taken from 60 leaves \$40 as the price of a ton. The rule is so easy that any one who knows the multiplication table can pass from the ton to the bushel, or from the bushel to the ton, as fast as he can talk."

WHEN THE WAR IS GOING TO END.

James Larkin Pearson, in The Fool Killer.

Absolute knowledge have I none.
But my aunt's washerwoman's sister's son

Heard a policeman on his beat
Say to a laborer on the street

That he had a letter just last week
(Written in Latin or was it Greek?)
From a Chinese coolie in Timbuctoo
Who said the niggers in Cuba knew
Of a colored man in a Texas town
Who got it straight from a circus clown

That a man in Klondike heard the news
From a gang of South American Jews

About somebody in Borneo
Who heard of a man who claimed to know
Of a swell society female rake
Whose mother-in-law will undertake
To prove that her seventh husband's niece

Has stated in a printed piece
That she has a son who has a friend
Who knows when the war is going to end.

AMERICA FOR ME.

Oh, London is a man's town, there's power in the air;
And Paris is a woman's town, with flowers in her hair;

And it's sweet to dream in Venice, and it's great to study Rome;
But when it comes to living, there is no place like home.

I know that Europe's wonderful, yet something seems to lack;
The Past is too much with her, and the people are looking back.

But the glory of the Present is to make the Future free—
We love our land for what she is and what she is to be.

Oh, it's home again, and home again, America for me!
I want a ship that's westward bound to plow the rolling sea.

To the blessed land of Room Enough beyond the ocean bars,
Where the air is full of sunlight and the flag is full of stars.
