VOODROW WILSON IS RE-ELECTED PRESIDENT GASTONIA AND GASTON CANNON-REID WEDDING TO CELEBRATE TONIGHT SHORT LOCAL ITE LATE EVENTS IN TOWN AND COUNTY WAS BRILLIANT OCCASION LAST NIGHT IN HONOR OF PRESIDENT'S VICTORY MAS 272 VOTES, SIX MORE THAN NECESSARY; RESULT MAY BE CONTESTED

is Made Sure-California Con-ceded to Wilson by Republican Manager -Minnesota, New Hampshire and West Virginia Still In Doubt - Great Celebrations Indulged in as Newsris Flashed Over the Country.

New York, Nov. 9 .- The re-election of President Woodrow Wilson and Vice President Thomas R. Mar shall, was made a certainty shortly after 11 o'clock tonight when Repub lican State Chairman Rowell of Cali fornia conceded that State to Wilson on the Democratic candidate's showing of more than 2,900 plurality in that State with only 48 precincts to

hear from.

The placing of California in th Wilson column gave the President definite of 269 electoral votes, three more than enough to elect, with prospect of adding to that on th completion of the count in State still in doubt.

Upon the conceding of the Cal fornia result the New York and oth er metropolitan papers, Democrati and Republican, were quick to de clare the National fight settled in fa vor of the President. Torchlight and brass band processions in this city and in thousands of other places throughout the country sprung up spontaneously and the Democratic victory was Nationally celebrated with outbursts of hilarity probably never before equalled in American politics.

It was 50 hours after the polls had closed in California when Chairman Rowell conceded that State to the President and ended the suspense and anxiety of an election which has unparellelled in American po-

Suspense of Nation Ends as Election | the doubtful column and certainly not until there has been an official count in New Hampshire and possibly in Minnesota. As Mr. Hughes is leading in Minnesota and West Virginia and a chance in these States could in no wise affect the result there may be no demand for extraordinary haste to bring about the recount demanded."

EXCELLENT OPPORTUNITIES.

Gaston Has Chance at Two Manufacturing Enterprises —Only Small Capital Needed.

The Chamber of Commerce has two exceedingly good manufacturing opportunities that can be handled with little capital.

One is a plant now operating in another part of this State and has orders on its books for several months ahead, and the capacity of the plant can be doubled where the labor can be had. The president of this company died recently and his brother, who has other large inter-ests, wishes to dispose of the plant and move it so he can get the build-ing. A capital of \$15,000 will handle this proposition.

Another is one for the manufacture of canvas gloves. The markets are made for this product and a complete equipment for the manufacture of canvas gloves can be had through the Chamber of Commerce for \$50 or a little more. The owners who expected to enter the glove business decided not to on account of operat-ing several yarn mills in another State. Complete information will be furnished interested parties by 3 retary Roberts, of the Chamber of

litical history.

Republican Chairman Willcox when informed that the President had carried California only replied:

"I have nothing to say."

Secretary Tumulty at the Summer White House at Shadow Lawn sent the news by wireless to President Wilson on board the yacht Mayflower, en route to Rhinecliff, N. Y.

Barring some wholly unexpected turnover in the incomplete States leaning toward Wilson or a change on a recount, California's acquisition to the Democratic column gave the President 269 electoral votes, without New Mexico's three. In New Mexico at midnight the President was leading by 2,634 votes with 158 districts missing and it was not believed this advantage could be overcome by Mr. Hughes.

Conceding West Virginia, New Hampshire and Minnesota to Mr. Hughes-and he was in the lead in all three only gives him 259 votes. seven less than the required majori-ty. With 272 votes in sight President Wilson had six to spare for a possible split of electors in California, or a sudden reversal in New Mexico.

At Republican National Committee headquarters it was admitted that after conferences between Geo. W. Wickersham, former Attorney General of the United States. Everett Colby of New Jersey, Mr. Hughes, Chairman Willcox and George W. Perkins of New. York, preparations were being made to begin legal proceedings for recounts in States where the results were close.

Chairman Willcox included California, New Mexico, North Dakota, New Hampshire and Minnesota in his list of States where recounts undoubtedly would be demanded.

Democratic headquarters was not behind the Republicans in preparing for legal developments. Chairman McCormick conferred with Alton 7 Parker, former Democratic candidate for President; Morgan' J. O'Brien, Delancey Nicoll and John B. Stanchfied, all prominent New York lawyers. It was evident that if the election was to be taken into the courts the legal giants of both parties were being marshaled for such a battle royal as the United States. never has seen. In an official state-ment the Democratic National Committee claimed 272 votes for President Wilson and a popular plurality of from 200,000 to 300,000.

"To say there will be any contest," declared the statement, "is an insult to the intelligence of the American
