THIS STOPS HAIR FROM FALLING OUT

Ever count the dead hairs in your comb and brush? They are nature's warning of future baldness and proof that the dangerous dandruff germ is busy on your scalp. Dr. Sangerbund, the famous Paris specialist, first discovered that dandruff and falling hair are caused by a microbe. Then came the discovery of the value of the real Parisian Sage (liquid form) in destroying the dandruff germ and promptly preventing the further loss of hair. The effect of only three days' use of Parisian Sage is simply marvelous, and the American people have now awakened to the fact that they can be quickly rid of dandruff and save their hair by using Parisian Sage. Parisian Sage is sold by J. H. Kennedy & Co., and good druggists everywhere. It's inexpensive, daintily perfumed, free from stickiness, and will surely cause hair to grow soft, lustrous and really seem twice as abundant. Dec. 15-22.
