#### WITHERSPOON-YONCE ANNOUNCEMENTS.

Handsomely engraved wedding announcements reading as follows have been received in the city:

Mr. Ivan Vernon Yonce announces the marriage of his daughter Katherine to

Mr. Emmett Witherspoon on Friday, June the twenty-second nineteen hundred and seventeen Wytheville, Virginia.

At home after July tenth, Lexington, North Carolina.

Mr. Witherspoon, who is now city editor of The Lexington Dispatch, is a Gaston county boy, having been reared in Cherryville township. He was formerly connected with The Gaston Progress here, and has many friends in the county who will be interested in the news of his marriage.

The following account is from the Lexington correspondence of Sunday's Charlotte Observer:

A wedding of wide interest here and other parts of the state was celebrated at Wytheville, Va., Friday afternoon, when Miss Katherine Victoria Yonce became the bride of Emmet E. Witherspoon, of this place. The ceremony was a quiet home affair and took place at the home of Mr. and Mrs. Charles Fisher, uncle and aunt of the bride, with only members of the bride's family present. Rev. J. A. Morehead, D. D., an uncle of the bride, was the officiating minister.

Mr. and Mrs. Witherspoon will arrive here Sunday, where they will have a house in Park place.

The bride is the only daughter of Ivan V. Yonce, Sr., of Salem, Va., an accomplished and cultured young woman. She was graduated from Elizabeth college in 1916. The groom has been for two years connected with The Lexington Dispatch and Southern Good Roads Magazine, as managing editor. He is a native of Gaston county, the son of Mr. and Mrs. John H. Witherspoon, and before coming to Lexington was on the staff of The News and Observer, Raleigh, and previously had been connected with papers at Gastonia and Shelby. He attended Wake Forest college.

## DEATHS

### MISS MARGARET E. MATTHEWS.

Following an illness of some time Miss Margaret E. Matthews died at her home south of Lowell Saturday night, aged 72 years, two months and four days. Deceased was a daughter of the late Palmer Matthews, and is survived by two sisters, Miss Rebecca Matthews, with whom she lived at the old home place, and Mrs. John D. Hall, of South Point township. Funeral services were conducted Sunday afternoon at 4 o'clock at New Hope Presbyterian church, of which Miss Matthews had long been a faithful and loyal member, by the pastor, Rev. R. S. Burwell, followed by interment in the New Hope cemetery. Attending the funeral service from Gastonia were Col. and Mrs. R. N. Wilson, Mr. R. A. Ratchford, Mr. W. T. Rankin, Mr. R. A. Rankin, Mr. E. J. Rankin and others.

Miss Matthews was widely known and greatly esteemed as a public school teacher having taught in the public schools of South Point and Gastonia townships for a long term of years. Many of Gastonia's prominent and successful business men of today were her pupils in the district schools in their boyhood, and the high esteem in which she was held was attested by the large concourse of sorrowing friends who gathered at the funeral service Sunday to pay their last tribute of respect to a departed friend.

### NEW FLAG FOR CANADA IS WIDELY DISCUSSED.

(By International News Service.)

MONTREAL, June 25.—Much discussion is heard of the proposal of Canada having a "Flag of Empire" instead of the plain Union Jack, which is now the official emblem of the colony. Many Canadians feel that the service of Canada in the war has entitled her to a flag of her own. It is suggested that Canadian flags bear a golden maple leaf in the center of the Union Jack and on the fly of the red and blue ensign. All vessels in the service of the Canadian Government would have a crown over the maple leaf on the fly of the ensign. Union Jack supporters are numerous, however, and have no hesitancy in saying that the old flag is good enough for all.

## WAR BULLETINS

### CLEVER SCHEME TO AVOID THE DRAFT.

(By International News Service.)

NEW YORK, June 25.—The arrest of several young millionaires and some Long Island farmers is expected as a result of the disclosure of a clever scheme by which the former hoped to avoid being drafted into the national army. Parents of the young men, it is alleged, made arrangements with farmers to carry the boys on their payrolls as farm laborers and they so registered on June fifth, hoping in this way to escape service.

### GEORGIANS DON'T WANT TO PASS ON EXEMPTION.

(By International News Service.)

ATLANTA, June 25.—The millennium has arrived, for here's a job that politicians don't want! It sounds impossible, but 'tis true, for every politician in the State has petitioned the Governor not to make him serve on the army exemption boards. The objection is that everybody will want to be let off from army service and it will ruin any political career not to let 'em off as fast as they ask it. And if the exemption boards do let 'em off, Uncle Sam will probably make the board members serve time. So the poor politicians are up against it. Governor Harris has refused to lend a sympathetic ear to any of them.

The heaviest attacks were about Vauxhallon Filain, Froimont and especially along the heights of the north bank of the river.

### HAS BEEN REACHED FOR THE RED CROSS

Gaston County's Fund for the American Red Cross Has Passed the Six Thousand Dollar Mark—Belmont Leads Other Towns in County Outside of Gastonia With \$1,000—Several Have Not Reported.

Following vigorous campaigns in this city and in several towns in Gaston county during the past several days, contributions to Gaston County Chapter's share of the Red Cross fund have now reached \$6,056.

Belmont leads outside of Gastonia with a total contribution of \$1,000, Dallas coming next with \$200 and Cherryville fourth with \$90.

Several of the other towns and communities in the county had not today made any report to Col. T. L. Craig, chairman of the finance committee, of the local chapter, Red Cross. It is believed that when reports are in from these towns the fund will be greatly increased.

### ARMY WANTS TEN THOUSAND A DAY

(By International News Service.)

WASHINGTON, June 25.—The big recruiting drive for regulars for the United States Army in an effort to enlist 70,000 men in 7 days was begun Saturday. Ten thousand men a day is the program launched to bring the regulars up to full war strength.

All this week the country will be combed for volunteers. It is the last opportunity the young men will have to join the colors of their own accord.

Figures for the last day before the recruiting drive, which will last a week and is hoped to bring 70,000 men into the service, showed the smallest number of recruits since the war began. Only 711 men joined the army, bringing the total since April 2 to 124,034.

### WET AND DRIES IN FIERCE CONFLICT

(By International News Service.)

WASHINGTON, June 25.—The "wets" and "drys" have gathered their forces for the final struggle today. Following their overwhelming victory in the House when the dry amendment to the food control bill was adopted the prohibitionists have met here to force the bill through the Senate. The wets showed demoralization, and while they worked frantically to gain support among the senators, they were evidently discouraged. When a vote on the measure will be reached in the Senate is not yet known. The House measure will probably be so amended as to give the President control over steel, copper, oil and other war materials.

### U. S. AIRSHIPS MAY WIN WAR

## TROOP TO BE RAISED

### OF MACHINE GUN CAVALRY IN GASTON

Gregg Cherry Has Been Commissioned to Accept Recruits for a Machine Gun Troop in Gaston County—Seventy-three Men Wanted.

Orders have been received by Mr. R. Gregg Cherry from Adjutant-General B. S. Royster to accept recruits in Gaston county for a machine gun troop which is to be used in connection with the First Regiment of Cavalry of the North Carolina National Guard. Besides this county Lincoln, Catawba and Mecklenburg counties are expected to furnish men for the organization.

This troop will be composed of 73 enlisted men and four commissioned officers, Mr. Cherry having been designated second lieutenant in this county. There are five automobile trucks, each carrying a machine gun, which will be used with the troop, and the men not used in the manipulation of the rapid-fire guns or the trucks will be on horseback.

Inasmuch as this troop is the only one of the kind in the State no difficulty is anticipated in raising the required number of men. Exceptional opportunities are offered to young men desirous of joining a branch of the military service, as all of the non-commissioned officers of the troop are to be selected.

Those desirous of enlisting may do so by applying to Lieutenant Cherry at his office on the first floor of the Realty building.

DONG THEIR SHARE.

North Carolina Women Score Heavily in the Food Conservation Campaign—Canning Club Girls Are Active in Many Counties. Special to The Gazette.

RALEIGH, June 15.—"Let the Women do the Work" is far from being the slogan of the men of North Carolina, but the fact that the good women of the State have quickly realized the part they have to play in the food emergency that confronts the country and in the great war is very readily seen by anyone who has any powers of observation at all. North Carolina women, particularly those in the cities, are doing a wonderful work through the Red Cross societies, but an even greater force, not only in the country, but in the cities and towns as well, have intelligently and energetically assumed their share of the burden in the campaign for food production and conservation.

North Carolina was far ahead of all of the other Southern States in the matter of canning even last year and reports that have just been received by Mrs. Jane S. McKimmon, head of the home demonstration work in the State show that the 12,000 or so canning club girls of the State have ordered more than two and a half million cans to be filled with vegetables and fruits, with some counties yet to be heard from. The purchase of these cans has been financed by county boards of commissioners, boards of trade, banks and other agencies in various counties.

During the conference of the home demonstration agents which has just closed new and better methods of drying or evaporating vegetables and fruits were discussed and it was demonstrated that, by using proper methods, practically all vegetables and fruits could be conserved in this way, even beets, carrots, squash and other vegetables which cannot be dried by the old sun-drying method. And it was further demonstrated that these fruits and vegetables which have been dried heretofore have a vastly improved flavor and physical condition when dried by the new methods. A new bulletin has just been issued which describes this new method of evaporating and which can be secured from the home demonstration agents or from Mrs. Jane S. McKimmon, head of Home Demonstration Work, Raleigh, N. C.
