**EXAMINATIONS AND GIFTS.**

Much of interest took place last week at the Red Cross headquarters, which is located in the Ragan building just above the rooms of the Chamber of Commerce.

Three classes in Elementary Hygiene and Home Care of the Sick, took their examinations. These examinations were conducted in one of the large rooms which Mr. Ragan so kindly let us have.

Class No. 1 took the examination Tuesday night. The following members took it: Mrs. Wilson, Misses Maude Rankin, Lillian Atkins, Myrtle Gray, Blanche Gray, Lillian Watson, Emma Glenn, Ruth Wason and Mrs. Louise LaFar.

Class No. 2 took the Wednesday's test and members were as follows: Mesdames Elsie Wilson, Pearl D. Balthis, Elizabeth Lowe, Daisy Shipp McCoy, of Mt. Holly; Eunice B. Warren, Ethel Hicks Padgett, Blanche Dixon, Olin B. Wray, Sue Ramsey Johnston, Lelia Shuford Reid.

Class No. 3 took the test Friday and the members were as follows: Misses Bess Parham, Mildred Rankin, Gaynell Boone, Lowry Shuford, Ida Pursley, Katie Lee Lewis, Dallas; Lelia Durham, Dallas; Crawford and Edna Rankin, Belmont; Mrs. Bettie Ragan.

The Gastonia Chapter is very much gratified that so much interest has been taken in the work given by Miss Davis, and that so many ladies took both courses—the Surgical Dressing and Hygiene.

Among the recent gifts to the work room are: A water cooler from Mrs. C. E. Adams, for which ice is furnished by the Hope Brison & Co.; a picture of President Wilson, from Mrs. J. W. Moore, which is framed by the Shelby Studio, a sewing machine from Mrs. Rufus Johnston, electric fan from A. H. Gulon Co.; electric chafing dish from Michael & Bivens, a Red Cross flag made and presented by Mrs. F. L. Wilson, tables and beds from the Rankin Furniture Co., other gifts from the following: Poole's Grocery Co., J. L. Adams Drug Co., Adams Drug Co., Torrence Drug Co., Mesdames J. S. Wray, Lean Adams, S. A. Robinson, J. G. Gray, A. M. Dixon, R. M. Johnston, J. H. Henderlille, B. H. Parker, G. W. Gray, D. E. McConnell, L. A. States, R. M. Reid.

**WORK ROOM NOTES.**

Monday of this week was an especially busy and interesting day at the work room. Quite a large number of workers were present and the time was profitably spent. South Broad street was well represented, almost all the ladies in that neighborhood being present. This large attendance was very gratifying to the directors and supervisors of the room, and it has been suggested that each lady who is to direct a table will invite those in her own neighborhood to be present, thus insuring a good attendance and promoting interest in the work.

A unique and very delightful feature of Monday afternoon's work was the fact that a table was filled by five little girls, ages ranging from 6 to 10. Their work was to clip into shreds the scraps of left-over cloth. These clippings are used to stuff fracture pillows for use in first aid. The workers found themselves in need of thimbles and a box was very generously donated by Mr. J. H. Matthews, of the Belk Co. The elusive quality of needles being well known, the gift of a few dozen papers would be very acceptable at the work room. A work which the very little Red Cross Juniors might do and which would work wonders in the saving of time and patience in the work room would be the making of little flannel needle hoops and pin cushions, for when sewing is being done its.

"Needles and pins, needles and pins, When we lose them our trouble begins."

These hoops and cushions would be very attractive made of white flannel with a red cross sewed on them, but any kind of material may be used. It would be splendid for the little girls in the various neighborhoods to band together and do this work right away.  
 "Wounded soldiers in France to-

day are being bandaged with straw and old newspapers." Just one of the many poignant statements from Mr. Taft's Red Cross page, but it explains the mission of the work room; it cries aloud of the need for the work room, it tells us that the work cannot be done too swiftly, that there can never be too many engaged in it. Have you been to the work room to do your bit?

You cannot enjoy a good meal if you have indigestion. Mi-o-na stomach tablets are guaranteed by J. H. Kennedy & Co. to relieve the worst case of stomach trouble.—(Adv.)

**AN ORDINANCE AUTHORIZING THE ISSUANCE OF \$20,000 SEWER BONDS OF THE TOWN OF BELMONT.**

Whereas it is desirable to construct a sewer system for the town of Belmont;

And whereas it is necessary to provide for the financing of such improvement by the issuance of bonds pursuant to The Municipal Finance Act, 1917;

The Mayor and Commissioners of the Town of Belmont, North Carolina, do ordain as follows:

(a) Bonds of the town of Belmont shall be issued for the purpose of constructing a sewer system for the town.

(b) The maximum principal amount of said issue shall be \$20,000.

(c) The maximum rate of interest the bonds shall bear shall be six per centum (6 per cent.) per annum.

(d) The maximum period within which said bonds shall mature shall be forty years.

(e) The probable period (within the limitations prescribed by Section 18 of The Municipal Finance Act, 1917), of usefulness of the improvement, for which said bonds are to be issued, is forty years.

(f) A tax sufficient to pay the principal and interest of the bonds shall be annually levied and collected.

(g) A statement of the debt of the municipality has been filed with the Clerk, pursuant to The Municipal Finance Act 1917, and is open to public inspection.

(h) The average assessed valuation of property subject to taxation by the municipality for the three fiscal years in which taxes were last levied, as shown by said statement, is \$938,734.33.

(i) The amount of the net debt of the municipality outstanding, authorized or to be authorized, as shown by said statement, is \$44,000.

(j) This ordinance shall take effect thirty days after its last publication, unless in the meantime a petition for its submission to the voters is filed under The Municipal Finance Act 1917, and in such event it shall take effect when approved by a majority of the voters of the municipality.

The foregoing ordinance was passed on the 23rd day of July, 1917, was first published on the 25th day of July, 1917.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

C. P. LINEBERGER,  
 Town Clerk.

**AN ORDINANCE AUTHORIZING THE ISSUANCE OF \$20,000 WATER BONDS OF THE TOWN OF BELMONT.**

WHEREAS it is desirable to construct water systems for the Town of Belmont;

And whereas it is necessary to provide for the financing of such improvement by the issuance of bonds pursuant to The Municipal Finance Act, 1917;

The Mayor and Commissioners of the Town of Belmont, North Carolina, do Ordain as follows:

(a) Bonds of the Town of Belmont shall be issued for the purpose of constructing water systems for the Town.

(b) The maximum principal amount of said issue shall be \$20,000.

(c) The maximum rate of interest the bonds shall bear shall be six per centum (6 per cent.) per annum.

(g) A statement of the debt of

**IRON OINTMENT THE VERY BEST.**

Made from Non-Alcoholic Natural Iron. Stops Bleeding, Germ Proof, Heals Quickly. Old Sores Disappear.

**LOCAL STORES HAVE IT.**

Acid Iron Mineral, the remarkable tonic, blood purifier and system strengthener, appetizer and invigorant, gains its power from the large quantity of iron found therein, placed there by nature herself, which together with other medicinal elements, works wonders for folks run-down, weak, nervous, lacking energy, ambition and appetite.

For the same reason the iron as an external remedy is splendid, and it may be secured in A-I-M Ointment twenty-five cents per jar. This powerful healing ointment cures up sores of long standing according to the testimony of thousands who have tested it, and cuts, bruises and abrasions of the skin need nothing else. The iron is germ proof and stops the flow of blood while the ointment heals and soothes in a wonderful manner.

Acid Iron Mineral is tested, bottled and shipped by the Ferrrodine Chemical Corp., with the greatest care. Just as the pure water filters through the strange mineral deposit; highly concentrated and powerful,—so it is shipped.

A half teaspoonful in a glass of water after meals forms a splendid blood purifying tonic, appetizer and system building medicine, non-alcoholic, economical and absolutely non-injurious to teeth, stomach or bowels. Before a fifty cent bottle is half gone anyone run down, lacking appetite and weight, sound sleep and steady nerves, may note a wonderful change in their energy, nerves, sleep, appetite and their whole system.

Druggists have it now or can get it for you. For thirty years a recognized non-alcoholic natural iron, it is now put up in convenient household form and advertised. Two sizes, 50c and \$1. It goes from two to ten times as far as other and weaker iron remedies. A splendid remedy for whole families sent prepaid by Ferrrodine Chemical Corp., Roanoke, Va.—(Adv.)

The municipality has been filed with the Clerk, pursuant to The Municipal Finance Act, 1917, and is open to public inspection.

(h) The average assessed valuation of property subject to taxation by the municipality for the three fiscal years in which taxes were last levied, as shown by said statement, is \$938,734.33.

(i) The amount of the net debt of the municipality outstanding, authorized or to be authorized, as shown by said statement, is \$44,000.

(j) This ordinance shall take effect thirty days after its last publication, unless in the meantime a petition for its submission to the voters is filed under The Municipal Finance Act 1917, and in such event it shall take effect when approved by a majority of the voters of the municipality.

The foregoing ordinance was passed on the 23rd day of July, 1917, was first published on the 25th day of July, 1917.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

C. P. LINEBERGER,  
 Town Clerk.

The Quality Goes Clear Through

# DORT

Fact-Backed

The Dort is a wise buy.

—because its gas and tire thrift, low up-keep and slow depreciation are concrete facts backed by the experience of people you know.

—because it is a rugged, powerful, and handsome little car—honestly built, conscientiously merchandised and long-lived.

Dort quality—"clear through"—with local sales-courtesy and service-liberality makes the purchase of a Dort eminently satisfactory.

Come in today and talk it over with us whether or not you are ready to buy.
