There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. YORK BOY KILLED FIVE GERMANS.

The Yorkville Enquirer, 17th. Mr. Frank Miskelly, of No. 3 Yorkville, has an interesting letter from his brother, Corp. J. Clinton Miskelly, Co. E, 118th Infantry, dated London, November 24. Corporal Miskelly explains that he is spending a short leave at the Waldorf hotel in London, the guest of the British government, and is having everything he wants free of cost except when he prefers to pay for something to change the monotony of the situation. He has been with 118th in all the splendid work it has been doing on the Flanders front and has come through without having been hurt. He describes one thrilling incident in which he says that he killed five Germans one after another in a railroad cut, and although the made the bullets zig around him during the progress of the fight, which lasted but a very short time, he got out without being hit. He has been to Paris a time or two, and says that by the time his letter from London reaches America, he will be back with his regiment, marching into Germany and helping to

take over guns and other stuff that the Germans have been forced to give over to the Americans. Young Miskelly is only 20 years of age. He left Yorkville in the fall of 1917 with the second contingent of 36 men from this place, and was trained at Camp Sevier, where he had no difficulty in qualifying as a sharpshooter. He became a corporal after he went abroad and has been with the 10th division throughout the most remarkable campaign in the history of warfare. He says he will have more to tell upon his arrival home.

SAYS COLD WEATHER BRINGS RETURN OF INFLUENZA

Public Must Be Careful To Avoid A Second Epidemic. Easier To Prevent Than Cure. What To Do.

Encouraging reports of the fewer cases of influenza in this vicinity should not allow us to relax our vigilance or to become careless in the belief that the danger is over. With the coming of cold weather there is apt to be a return of this frightful epidemic and its seriousness will depend on the extent of the precautions, taken by the public, to prevent infection.

When the air is full of influenza germs, you may be constantly breathing them into your nose and throat. But their danger may be avoided and you may make yourself practically immune to infection if you destroy the germ before it actually begins work in your blood.

During the recent serious epidemic, which hit Gastonia so hard, most successful results were obtained by many through the simple breathing into the nose, throat and lungs of the medicated air of oil of Hyomei. Probably no better, safer or more sensible precaution against Influenza, Grippe, Coughs, Colds, Bronchitis or Catarrh of the nose and throat could be employed than to go now to the nearest drug store and get a complete Hyomei outfit consisting of a bottle of the pure Oil of Hyomei and a little vest-pocket hard rubber inhaling device into which a few drops of the oil are poured.

Carry this inhaler with you during the day and each half hour or so put it in your mouth and draw deep breaths of its pure healing germicidal air into the passages of your nose, throat and lungs to destroy any germs that may have found lodgment there. This simple precaution may save you a serious illness and the loss of several weeks work. It is pleasant to use and not at all expensive as the inhaler will last a lifetime and further supplies of the Oil of Hyomei can be had at any drug store for a few cents.

Hundreds of people in this vicinity used Hyomei in this way during the recent crisis and avoided danger. They should not neglect it now for the danger is by no means over. J. H. Kennedy & Co., Druggists.
