AMSTERDAM, Jan. 18. — A triple guard was placed at the Amerongen castle as a result of the recent attempt to kidnap the former Kaiser by armed men claiming to be Americans, it is learned today. The American legation at the Hague is investigating.

AMSTERDAM, Jan. 18. — Government agents in Berlin have seized evidence which will prove that Liebknecht was a Russian agent, said a Berlin dispatch today. The German minister of demobilization, Noske, has definitely broken the Spartacus League. All the supporters either fled or have been arrested. There is unbounded relief throughout Germany over the passing of Liebknecht and Rosa Luxemburg.

WASHINGTON, Jan. 18. — A general strike has been declared in Cuba, says a dispatch to the state department.

COPENHAGEN, Jan. 18. — Berlin is again in an uproar. The reds are refusing to disarm, says a dispatch today. Leaders of the independent socialists claimed today to have proofs that Karl Liebknecht was deliberately murdered and did not try to escape. A general strike is demanded.

MADRID, Jan. 18. — Martial law has been proclaimed at Madrid by Premier Romanos.

WASHINGTON, Jan. 18. — Twenty-eight suffragettes of the woman's national party, who were arrested five days ago, were released this morning. They maintained a hunger strike while imprisoned, they said, and declare there will be no more "watchfire" meetings or other demonstrations in Washington until the senate recognizes woman suffrage.

COPENHAGEN, Jan. 18. — Representatives of the Russian soviets at Stockholm have addressed a communication to President Wilson saying that the Bolshevik government would cease its world propaganda if the Allies will admit Bolshevik representatives to the peace conference, says a Stockholm dispatch today.

BERNE, (By Agency Radio) Jan. 18. — The Czech army of five hundred thousand is menacing the German province of Silesia, while the Polish army of eight-tenth divisions is ready to invade upper Silesia, says a Breslau telegram today. The Germans are calling for volunteers to defend Silesia.

HAVANA, Jan. 18. — The railroad strike has now spread to building trades and foundry and boiler makers in Cuba. Traffic in Cuba is paralyzed.

PARIS, Jan. 18. — The world's greatest peace conference opened this afternoon with the foremost statesmen of the world, representing the twenty-five nations that broke with Germany, gathered about the green table. Premier Clemenceau called the first session to order at three o'clock this afternoon at the foreign office. President Poincare formally welcomed the envoys on behalf of France. All the American delegation except Colonel House were present, headed by President Wilson. Colonel House is expected to be able to attend next week. An enormous crowd cheered the envoys as they arrived amid scenes of the utmost brilliancy. As Marshal Foch and President Poincare entered the room the band played the Marseillaise. After President Poincare welcomed the delegates he departed and the invited guests were bowed out and Premier Clemenceau banged the gavel. The momentous gathering is now officially under way. It is

# KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

understood that President Wilson is supporting the theory of the unlimited powers of the peace conference, asking a reduction to the minimum of preliminary preparations, keeping decisions of importance for the full meetings of the envoys. Premier Clemenceau is vigorously supporting the opposite policy, desiring the bulk of the work to be done in committees. It was made plain today that the peace commissioners intend to hold all important deliberations secretly. Three newspaper men from each of the Allied nations will be admitted to the general sessions, but excluded when debate is of any consequence. Publications of reports of President Wilson's conversation with Premier Orlando, quoting Wilson as denying Italian claims in Dalmatia, caused the French, Italian and Japanese delegates to favor imposing a gag rule, prohibiting delegates from conversing with newspaper men. It is understood that the published reports were authentic.

BELT, Jan. 18. — Chancellor Ebert's position is so strengthened that he will likely be elected the first president of the German republic, declared his supporters.
