LAND IN LOWER CALIFORNIA BOUGHT BY JAPANESE INTERESTS

Attitude of Government is Pointed Out to Owing American Corporation by the State Department.

Washington, March 21.—As a result of telegrams from Senator Phelan, of California, giving information of a proposal by Japanese interests to acquire a large tract of land in Lower California owned by Americans, the State Department has called the attention of the owning corporation, the California-Mexico Land Co., of Los Angeles, to the attitude of the United States government toward such sales of property which might be used for military or naval purposes.

It was said at the state department today the land in question was reported to comprise nearly a million acres. The use to which the prospective purchasers propose to put it is not known here.

Documents indicating the attitude of the government to which the department called the Los Angeles company's attention included the Lodge resolution in the 62nd Congress and a message by President Taft, both in the year 1912, and

which were inspired by a project by Japanese fishing interests to establish a base on Magdalena bay.

The Lodge resolution declares the sales of property by Americans to any nation which might use the site as a base to threaten the United States could not be seen without grave concern by the government of the United States.

FIFTY LEGISLATORS OFFER TO RESIGN.

Missouri Democrats Throw Down Gauntlet to Reed—Will Resign if He Will, and Then Go Before People for Re-election on League Issue.

Jefferson City, Mo., March 21.—Fifty democratic members of the Missouri legislature today offered to resign if Senator James A. Reed, democrat, from Missouri, would resign from the United States senate.

The house of representatives recently passed resolutions demanding that Senator Reed resign because of his opposition to President Wilson's program. The challenge of the legislators today came after a series of conferences in which they decided to throw down the gauntlet to the senator and at the same time attempt to show that the people of Missouri endorsed the President's plan for a league of nations.

As an alternative, it was suggested the democratic state committee call a convention of representative democrats from every county in the state to give indorsement to the President and his aims; to denounce Senator Reed, and to bring about a reorganization of the party in the state if conditions are found to justify it.

The result of the conferences was announced by Representative Chancellor, of Barton county, who said the other representatives who voted for the resolutions had informed him they stood ready to re-

FINISH THE JOB

Success of the Victory Liberty Loan, the fifth government war loan, will depend largely on the savings of the people of the nation.

To insure its success, we must save NOW—to practice anew the great lessons of the war, thrift and economy. Aside from the loss of respect for ourselves as a nation, every family will be unpleasantly affected, if the coming loan is not fully subscribed.

This money is being borrowed from the banks of the country, and Uncle Sam is issuing short-term certificates of indebtedness in anticipation of the coming Liberty Loan and of the federal income taxes.

How about it? Will we finish our job—that of paying the war bills, our immortal heroes finished theirs of vanquishing the Hun?

A little saving now is all it will cost and this saving will mean a stronger grip on the future.

The Senate's chief objection to the League idea is that Wilson is a Democrat.—Greenville Piedmont.

TRAINED NURSE NOW TESTIFIES

Says She Feels Made Over Since Taking Tanlac—Gains Nine Pounds.

Mrs. F. O. Forrester, a trained nurse residing at the Grand Central Hotel, Denver, Colo., is but one of this high profession who have testified to the merits of Tanlac.

"I had been in miserable health seven years, suffering from indigestion. Everything I ate would sour and even cold water would cause me much distress. The pains in my chest and about my heart were almost unbearable at times and I suffered terribly from neuralgia.

"One of my friends who knew of my awful condition and who had been benefited by Tanlac advised me to try it. I did so and my relief has been remarkable. Really I feel like I have been made over again.

"Tanlac is sold in Gastonia by the Adams Drug Co., in Bessemer City by the Horsley Drug Co., in Cherryville by the Allen Drug Co., in Worth by the Hardin Mfg. Co., in Mt. Holly by the Holland Drug Co., in Dallas by P. D. Summey & Co., and in Belmont by the Stowe-Saunders Drug Co., and by all good druggists.

INFLUENZA LEFT COLUMBIA WOMAN WITH A WEAK STOMACH AND NERVE FORCE EXHAUSTED

"My wife had influenza and it left her very weak," said J. B. Whisenant, farmer, of R.F.D. 3, Columbia. "She seemed to suffer most in her stomach. It was if there was a gathering, or a lump there after she would eat.

"Before she took influenza she had had stomach trouble that came from indigestion and brought on such nervousness that any slight noise would break her sleep and she could not get rested.

"Medicines she took didn't seem to be the right thing, for they would not help her as she needed. She could not eat without suffering. The gathering in her stomach used to cause awful pain.

"But now," Mr. Whisenant added, "she feels very good. The gathering and stomach pains have disappeared. She eats well and the indigestion and nervousness have left. She rests good at night and is gaining right along.

"This new medicine, Peplax, has done it for her. This medicine was recommended to me so well that we thought we

would try it. We knew that influenza leaves its mark and that it takes something to build up again. Since my wife has taken Peplax and knows what it has done for her she would like to have others get the same chance and get relief like she has, so we are both glad to let any one know what an effective medicine Peplax is."

To first purify and invigorate the entire digestive tract and then to build and reconstruct is the purpose of Peplax. The safe action of the famous remedies in Peplax make it the ideal reconstructive just as Mrs. Whisenant found it to be.

To learn all about Peplax, how this medicine that is endorsed so strongly by Gastonia people, should be taken, and the results that may be obtained from its use, call at the J. H. Kennedy drug store, Gastonia, or leading druggists anywhere.

Peplax, the system purifier and builder, is now being specially introduced in Gastonia at the J. H. Kennedy drug store and by leading druggists everywhere.
