# Boys Soon Wear Out Ordinary Clothes

Most lads are small respecters of wearing apparel. That is why we have selected our full line of boys' coats, trousers, jerseys, hats and other furnishings from makers who know the need of boys.

Every article is made to wear well and stand the strain of running, jumping, climbing, ball playing and the many hundred other daily activities in which boys engage.

And there is an air of style in all our boys' garments that places them

in a class of their own, quite apart from the rough and ready clothes.

Let us fit your sons with our usual attention to quality and price.

## NORTH GASTONIA.

Miss Johnnie Adams led the children of Piedmont Sunday school on a merry Easter Egg Hunt Saturday afternoon. The children enjoyed themselves to the limit of their little limbs and many and loud were the shouts of triumph when the bright and many colored eggs were discovered.

Mr. Henry Keever, who is again confined to his bed with sciatic rheumatism, has been in a very serious condition for the past week. With the exception of Mr. Keever and a few cases of whooping cough, Piedmont is free from sickness and all traces of the dreaded influenza have vanished.

The ladies of Piedmont chapel were very quietly and busily engaged last week in secret work which culminated Saturday night in a gorgeous array of dainty and exquisite boxes of lunch. Promptly at 8:30 o'clock the curtains in the chapel were drawn aside and the pastor proceeded to auction off the beautiful boxes to the highest bidder. The sum of \$19.50 was raised and will be used in decorating the interior of the Chapel. Mrs. Ruth Turner was the leader and proved a most charming hostess, as well as making five of the boxes. Misses Bright Smith and Ida Harmon, of South Broad street, also contributed beautiful boxes.

BOSTON, April 18.—A request that President Wilson confer authority on General Manager Driver to settle the telephone strike which is paralyzing New England was sent by the Massachusetts Senate to Washington today. Congressman Gallivan severely censured Postmaster General Barleson, who he said was trying to bluff Secretary to the President Tumulty, whom he said was disposed to be friendly toward the telephoners. The strike situation today is practically unchanged.

## Child's Musical Training.

The child who shows marked musical talent in early years, together with a good voice, had best be allowed the opportunity of such musical training as he will receive in connection with the study of the piano, violin or other instrument for a few years, rather than overtax the powers of his immature vocal organs. The more of general musical training he has had the easier and more satisfactory will be his progress in vocal music when the proper time arrives for its serious study.—Exchange.

## Charm of a Rabbit Foot.

An explanation of the marvelous and mysterious properties of the rabbit foot as a good luck piece is to be found in the fact that witchcraft regarded the rabbit as a particularly mystical animal. The favorite disguise of the witches of old was to take the form of a rabbit—a close second was the cat—and records again and again show convictions and executions of women for the fearful crime of changing themselves into rabbits. A rabbit foot was a potent charm against the evil spells of the witch-rabbit.

## Doing Right.

Everything on earth has its price, and sooner or later we pay for all that we have. When we complain that doing right takes so much toll of effort, sacrifice, and the loss of what we call "success," we have only to look about us to see that evil-doing is more costly still. Its demands may come in on the installment plan, but they will be all the more exorbitant because of that.

## Tall Trees.

The tallest of California's "big trees" is three hundred and twenty-five feet in height, but among the great gum trees of Australia, not to mention British Columbia's great firs, many specimens are more than four hundred feet in height, and one, which was felled in southeast Australia, measured four hundred and seventy-one feet—the tallest tree on record.

## Degrees of Doing.

He who is something will do something; he who is more will do more; and he who is most will do most.—James Freeman Clarke.

## Taking Things.

Take things as they come if you know what to do with them when they come. If not, make them come in the manner or quantity that you can handle them.

## WOMEN GIVE OUT.

Housework is hard enough when healthy. Every Gastonia woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Gastonia woman's experience:

Mrs. M. S. Rankin, 313 S. Oakland St., pool s paegns j offe onj ouog, :sds deal with my back and kidney. My back felt weak and lame and ached so that I could hardly stand it. When I tried to lift or pick anything up, sharp pains would go through me like a knife-thrust. Dizzy spells came over me, black specks appeared before my eyes and I felt miserable. I was nervous and had an ache in the back of my head and my kidneys didn't act as they should. On a friend's advice, I began taking Doan's Kidney Pills. I took one box and they entirely relieved me and I haven't had to use a kidney remedy since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rankin had. Foster-Milburn Co., Mfrs., Buffalo, N. C.
