Make This Beauty Lotion For a Few Cents and See For Yourself.

What girl or woman hasn't heard of emen mice to remove complexion blem shee; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orehard white this Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon june so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin.

DALLAS, N. C. Any druggist will supply three nances of orchard white at very little cost and the grocer has the lemons.
