BOARD OF COMMISSIONERS WILL MEET THURSDAY.

At Monday's Session Commissioners Order Permanent Road Built from Mayworth to McAdenville.

In regular monthly session Monday the county commissioners ordered a permanent hard-surface road built from Mayworth to McAdenville, a distance of two miles, on the following conditions: The asphalt or tar binder to be furnished by Mr. Stuart W. Cramer, the right of way to be secured by Mr. John W. Groves and the McAden Mills to build a bridge across a stream which will be on the right-of-way. This road will not be completed for some time but the commissioners decided to use sand-clay in its construction within the near future so that it might be used this year.

Mr. O. D. Carpenter was authorized to build a road from near the Dallas-High Shoals road to Hardin.

Numerous other matters of a routine nature were disposed of during the day. The commissioners adjourned to meet again Thursday at which time they will set a date ordering the election on the sale of road bonds in the sum of \$500,000, draw a jury for the August term of court and pass upon other matters that may be brought before them.

PRESIDENT LANDED YESTERDAY.

(By International News Service.)
NEW YORK, July 8.—Amid the booming of cannon, the shrieking of sirens and whistles and the cheering of thousands, the transport George Washington is steaming slowly up the bay this afternoon, expecting to dock at Hoboken about three o'clock. President Wilson and his party are to disembark and go immediately to Carnegie Hall where he will make his first speech upon his return. He is expected to start speaking about four and will afterward go immediately to Washington.

NEW IS CHARGED WITH FIRST DEGREE MURDER.

(By International News Service.)
LOS ANGELES, July 8.—Hardy New, who today was charged with murder in the first degree for killing his fiancée, Freda Lesser, on Saturday morning, will be arraigned in the Justice court late this afternoon.

IT HAS BEEN WORTH MORE THAT \$1,000 TO HER

Ms. Reese Declares She Hadn't Been Well in Fifteen Years Until She Took Tanlac—Trouble Is Now Gone.

"I wouldn't take a thousand dollars cash for the good Tanlac has done me," said Mrs. Lula Reese, who resides at 1559 Hicks Street, Augusta, Georgia.

"It may sound strange, but I had suffered with stomach trouble, rheumatism and neuralgia until I got to the place where I didn't care whether I lived or died. Everything I ate soured on my stomach and made trouble for me and in addition to the rheumatism, I fell and broke my arm and it seemed like my other troubles kept it from healing up like it ought to. I just lived in misery all the time and couldn't get any relief.

"I have just finished my second bottle of Tanlac and it is surprising how I have improved considering that I have not been well before in fifteen years. The rheumatism and soreness is gone from my arms, my stomach is alright and I can eat anything I want and digest it. I have gained some in weight, am able to do all my work and feel good all the time. I want everybody to know that Tanlac has restored my health."

Tanlac is sold by leading druggists everywhere.

A WORTHY RECORD.

Summary of the Activities of County Agent C. Lee Gowan for April, May and June—Surpasses Average of All County Agents in the State by Handsome Margin.

Those of our readers who are interested in the progress of the farm-demonstration work in Gaston county will doubtless find the following summary of the work of County Agent C. Lee Gowan for the past quarter unusually interesting. It not only shows that Mr. Gowan has been strictly "on the job" day in and day out, but is an index to the interest being taken by the farmers of the county in modern methods and ideas relating to farming and stock raising.

Following is Mr. Gowan's quarterly report in detail:

Number of office consultations, 414; number of personal letters written, 562; number of circular letters written and mailed, 4,923; number of bulletins distributed, 1,833; number of club members visited, 27; number of school clubs visited, 5; number of personal visits to farmers, 124; number of meetings held, 2,811; total attendance at meetings held, 2,811; number of miles traveled in automobile, 2,552; number of miles traveled by rail, 183; terraces surveyed, 30,000 feet; preliminary survey for tile drainage, 32 acres.

In addition to the above data, two livestock sales were attended with farmers who were prospective buyers; attended three days conference of agents and made a visit to State experiment station. Several orchards and vineyards were sprayed and applications were signed for the testing of 244 cattle for tuberculosis.

Let us compare a few of the above figures with the average for all agents during the year 1917: Office consultations 414, exceeds the average (which is 312) by 102; the number of letters written, 562, is 337 more than the average (225); the number of circular letters written, 4,923, exceeds the average (900) written by agents for the same length of time by 4,023; the attendance at meetings held, 2,811, exceeds the average attendance at meetings for the same length of time by 1,686 and there were ten more meetings held than the average for the same time. The number of miles traveled by automobile which is 2,552 miles is 985 miles more than the total average traveled by agents which is 1,567 miles.

SURPLUS WAR STOCKS WERE WITHHELD.

(By International News Service.)
WASHINGTON, July 8.—Upon General March was placed the responsibility of withholding from the American market the surplus stocks of army meats, canned vegetables and other foodstuffs, by Charles Hare, sales agent of the War Department, before the House committee investigating expenditures this afternoon. For five months Hare said, he tried to prize loose surplus stocks. Up to about a month ago he was blocked by General March, who gave as his reason the uncertainty as to the size of the future army.

The Zuyder Zee.

The Zuyder zee, or Southern sea, was formerly a lake surrounded by marshes. Its present extent being the result of floods in the thirteenth century. Its area is about 2,000 square miles, and the average depth from 10 to 19 feet. The Hollanders have reclaimed a million acres from sea, lake and river since the sixteenth century.

RAMBLING REMARKS

By THE GAZETTE RAMBLER

Hooray! We Are Up.

Never again are we to be pestered with the business manager and the stenographer. We are now ensconced in our own private editorial and reportorial rooms on the second floor, front, of The Gazette building. This is made possible through the kindness of the managers. We are happy—absolutely.

There are many, many advantages to this being up above. First, we are nearer heaven; not much but some. Those who would fight us because we have put in print something that was not pleasing to them in order to scrap us advantageously will have to climb a long flight of stairs. This will require energy on their part and will put them to a disadvantage. To those who do not know that we are upstairs and who have a grievance to register will rush into the business office downstairs and save our hides a licking. Therein we see a great advantage. And last, but not least we are hid from the bill collectors. Every newspaper man knows the step of the collector of bills and when he begins to ascend the stairs we can easily but not easily make our hasty departure through the mechanical end of the building. Agents are happy.

We are up, but as you would like to be, we hope may be our lot, nevertheless we are up. Those who are burdened down with sunshine (moonshine) and happiness and would pass the time of day, we had you welcome to our midst.

Buck Privates Were Happy.

Was it hot in Gastonia Saturday? Oh, boy! I'll say it was. There are some who donned the old O. D.'s who have not yet recovered from marching on the hot streets under a broiling sun. But the ordinary soldier, who is known in the army as "an enlisted man," has no regrets for having answered the call to join in Gaston county's peace celebration. As the breakfast cereal establishment says so often in print, "There's a reason." It is this. The unlucky devils who soldiered in "this man's army" during the late squabble as "enlisted men" were happy Saturday in spite of the depressing heat. They stood the gaff for many months—lots of them did—while army officers literally made army life a hell on earth with the fire and brimstone left out, of course. They stood it, there was absolutely nothing else to do—and were finally sent home with a release from service. "The army was a good place to be from," they said; there was no doubt but that they meant it. And Saturday the former privates who had been treated badly while in the army had lots of fun addressing the former officers, who themselves had enough of army life, by their first names. It seemed funny to a former soldier to hear a buck private say, "Hello, there Major, Captain, Lieut." But so it was Saturday. The buck privates had a big time.

MOUNT HOLLY MATTERS.

Correspondence of The Gazette.
MT. HOLLY, July 7.—Miss Arabelle Johnson, of Charlotte, and Misses Ruth and Lucile Mason, of Gastonia, and their guest, Miss Eltha Buchanan, of Kentucky, were the guests Friday of Miss Eunice Hutchison.

Mr. and Mrs. J. B. Henson and children, of Dallas, are spending a few days with Mrs. Albert Lentz.

Mr. and Mrs. Baren Jones, of Charleston, S. C., are visiting their parents, Mr. and Mrs. Will Garner.

Miss Inez Abernethy is visiting in Lenoir.

Mr. and Mrs. C. E. Hutchison and Miss Mary Hutchison attended the North Carolina Cotton Manufacturers' Association at the Battery Park Hotel, Asheville.

Mr. Campbell Rankin, of Charleston, S. C., is spending a few days with his father, Mr. R. F. Rankin.

Mr. L. C. Hunt is spending ten days in New York city. During his absence Mrs. Hunt is visiting her sister, Mrs. J. M. Dixon, in Charlotte.

Mr. Fred Nims, of Fort Mill, S. C., is visiting his brother, Mr. Luther Nims.

The Stafford Chautauqua will give concerts on the 8th, 9th and 10th of July.

Work is progressing rapidly on the new addition to the Nims Mfg. Co. plant.

Optimistic Thought.

Those who have few affairs to attend to are great speakers; the less men think the more they talk.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E. V. GROVE'S signature on box. 30c.

Schlitz FAMO

Eggs, Milk, Wheat and Meat

All give you the same character of nourishment—protein and carbohydrates—the most important compounds in food.

Protein is the element that replaces the tissue we burn up every hour in exertion and nervous excitement. Carbohydrates supply energy. Schlitz Famo is a product born of science.

In addition to protein and carbohydrates it contains every other compound in food, except fats, that Nature utilizes to maintain the human body. Schlitz Famo is a satisfying, refreshing drink—non-intoxicating. Schlitz Famo is the worth-while cereal beverage.
