## HISTORY OF NUMBER 40

Forty years ago an old doctor was putting up a medicine for diseases of the blood, that cured the worst cases of specific blood poison, and time proved that the cures were permanent. After many vears I secured the prescription (being a druggist); and took each ingredient separately and referred to my U. S. Dispensatory and other authoritative books on medicine and found the medical properties set down as follows: "Employed in diseases of the glandular system, in blood poison, scrofula, eczema, constipation, stomach and liver troubles, chronic rheumatism, catarrh, in sores, ulcers, pimples, skin eruptions, mercurial and lead poisoning. Under its use nodes, tumors and scrofulous swellings that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist I named this medicine "Number 40 For the Blood." J.
