KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night... I took different medicines, but nothing did me any good or relieved me until I took Cardui...

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again... I decided I would try Cardui... By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133
