GASTONIA, THE SOUTH'S CITY OF SPINDLES.

FRIDAY AFTERNOON, OCTOBER 17, 1919.

HOW MUCH DO YOU KNOW ABOUT THESE FACTS?

Mention was made in The Gazette a few days ago of the series of papers dealing with the economic and social aspects of Gaston county, prepared by the department of rural economics of the State University.

These papers take up in detail (1) The History of Gaston County, (2) Minerals and Soils, (3) Timber Resources, (4) Drainage and Water Power, (5) Facts About Industries, (6) Facts About the Folks, (7) Seven-Year Gains in Rural Schools, (8) Facts About Wealth and Taxation, (9) Farm Conditions and Practices, (10) The Local Market Problem and Food and Feed Production, (11) Things to be Proud of, (12) Gaston's Problems and their Solution.

The Gaston County Club at the University plans to have these papers published in the form of a bulletin which will be distributed free among the people of the county, and since the University has no funds for printing such bulletins, the publication depends upon the cooperation given by the business men of this county.

The Gazette takes pleasure in presenting this matter to the people of the county. As Mr. Tom Brawley, business manager, says, we have had county histories and county geographies in abundance, but never have had any bulletins devoted to the economic and social problems of the county. A mere glance at the above list of titles is enough to assure an interesting and highly instructive bulletin. We'll venture the assertion that the average citizen of Gaston county knows next to nothing about any one of the several topics enumerated.

Gaston county has a remarkably smart bunch of boys at the University this year, and as boys from this county have a habit of doing, they are taking a prominent part in every phase of University work. Let the business men of the county back them up by enabling them to publish this bulletin, so that Gaston county will be one of the first in the State to lead off in this field of liberal education. Tom Brawley will be glad to give any additional information.

JOIN THE LEGION.

The Gazette is hoping that next week when the first meeting is called for the purpose of organizing Gaston post, American Legion, there will be a 100 per cent attendance from among the ex-service men in the county.

Don't misunderstand the object of the American Legion. It is not an attempt on the part of the Government to keep on track of the veterans of the World War for future emergencies, but an organization formed by the men themselves to honor the memories of the men who did their duty in a time of great need, of the men who made the supreme sacrifice of their very lives.

An organization in which the friendships formed under the most trying circumstances may be kept where buddies may have a mutual ground and meeting place, a social hour of equals, all ex-members of the forces of the United States.

World War Veterans, think! Do you realize that by an organization such as the American Legion, and by using your united strength, no autocrat will be able to start so easily another world conflict?

Do your part. Join the American Legion. Show the country that you are going to do your duty in times of peace as you did in war, by making others 100 per cent Americans.

LENOIR COLLEGE.

Next Sunday morning the Lutherans of Tennessee Synod, embracing congregations scattered throughout North and South Carolina and Virginia, will launch their campaign for the \$300,000 endowment fund for Lenoir college. For the past several weeks a campaign of preparation has been in progress and a great mass of literature has been sent out to all the people. As much as 75,000 pieces of literature, or 300,000 pages, a page for every dollar asked in the campaign, have been distributed.

Lenoir College is too closely connected with Gaston county for the Lutherans of this county to neglect this great cause. Lenoir College has educated hundreds of Gaston county citizens and these alumni owe it to their alma mater to rally to her in this call for help. This endowment fund, if raised, will put the old college in position to render better and more efficient service than ever in its history.

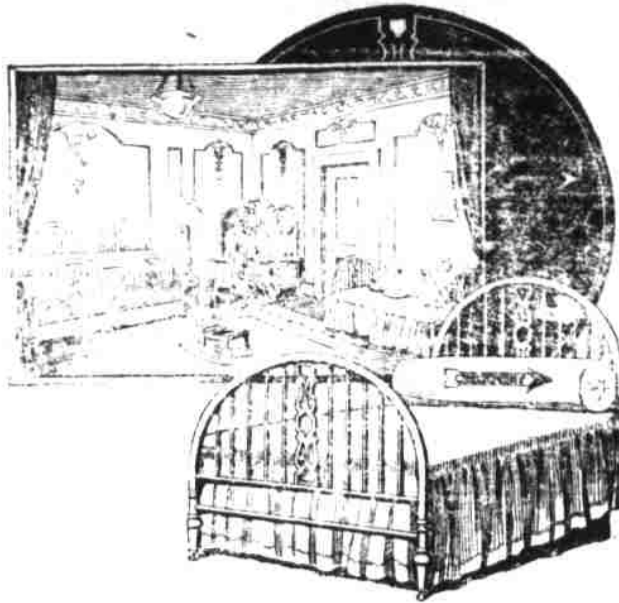

The Gazette does not think for a moment that the Lutherans in this city and county will fail to respond in the most liberal manner. Just as other causes in other denominations are meeting with wholehearted responses, so will the cause of a bigger and better Lenoir College be met by the Lutherans, and other friends of Lenoir College.

Our chief trouble is that most of us are determined to rock the boat until given our own way about things.

Now that the public has a list of the gifts Wilson received in Europe, can't some senator think of a new way to annoy him?

Even in this democratic country, Albert, a king outranks everything except an ace.

If we keep on at this rate, it will soon require half of us to keep peace among the rest of us.

PRETTY BED-ROOM FURNITURE

We are right up to the minute on pretty bed-room suits and odd pieces. The price can't be beat for ours carry quality, construction and beauty. You are invited.

ADDITIONAL SOCIETY

Mrs. C. W. Boshamer, of Statesville, is the guest of Mr. and Mrs. Fred D. Barkley.

Mrs. L. C. Davis and Miss Annie Davis returned this morning from Philadelphia where they spent a month with relatives.

Mrs. O. K. Roberson and Miss Mary Lawson will return tomorrow to their home in Rocky Mount after spending some time with their sister, Mrs. A. J. Kirby, at her country home, Kirnolda.

Mrs. A. C. Jones and little daughter, Susanna, and Miss Martha Latimer left several days ago for Richmond, Va., on a visit to Mrs. Jones' sister, Mrs. H. P. Cook. Miss Latimer will go on to New York to spend some time.

An Appeal For Clothes.

Clerk of the Court S. C. Hendricks has in his care a homeless orphan, six-year-old boy, whom he is sending to the Children's Home Society at Greensboro. The boy's mother is dead and his father is serving a sentence on the chain-gang. Before sending the boy away Mr. Hendricks would like to fit him out with clothing and asks the help of any one who has any old clothes that would fit a six-year-old boy. Any article of clothing that has been outgrown by some of Gastonia's youngsters would be acceptable to Mr. Hendricks. Shoes, stockings, underwear and a suit of clothes are needed. Mr. Hendricks will gladly call for anything that may be given, or it may be left at his office at the court house. His phone number is 419-L.

SAN SALVADOR, Thursday, Oct. 16. —T. Samuola Jones, United States minister to Honduras, gave a banquet in honor of President Bogran last evening, according to a despatch received here. The function was attended by many persons prominent in Honduras.

Commander Douglas W. Fuller, of the United States cruiser Baltimore, has paid a visit to President Bogran and it is said Honduran political circles comment variously on his action.

WOMAN SUFFERS TORMENTS OF CONDEMNED

Without mentioning names or quoting from the letters of those who write, a heart-rending suffering that they have endured, think of the countless thousands of suffering women in America.

lone and you will realize that woman suffers the torments of the condemned. Why is it that women who, as young girls, were healthy, robust, athletic specimens of strength and vigor, a few years later become physical wrecks? What is the cause of it?

Ninety-nine times out of a hundred this rapid decline of physical health and energy is not due to any disease or organic disorder that is peculiar to women alone. Ninety-nine times out of a hundred the cause of the rapid decline of your woman's strength is the neglect of Acid Stomach and the pity of it is that practically all the misery, agony and loss of health and vitality that these millions of women endure could be avoided if only people would realize what a frightfully dangerous condition Acid Stomach is and how certain and sure it is, if neglected, to make its victims suffer the torments of the condemned.

Because the first symptoms of Acid Stomach seem trifling, nothing is done. There is a little belching of gas and a sense of sourness in the stomach, a loss of appetite, bad breath, blotchy complexion with now and then a sense of dizziness with specks that seem to float before the eyes, but the victim is not alarmed. Then follows habitual or chronic constipation, which allows great accumulated masses of undigested food to clog up the system, causing dyspepsia, biliousness and a complete breakdown, resulting in loss of weight, health and strength. Then comes the most horrible mental depression imaginable and after that excruciating, agonizing pains that bring the sweat out on the forehead in great beads while the hands and feet grow icy cold and the once strong man or woman is left limp as a rag and far too weak and helpless to battle with life's problems or take any part in the joy of existence.

If only everybody would take Pepsinol before the breakdown comes. It is so much easier to prevent than to repair. Pepsinol is the marvelous preventive of such conditions. It is scientifically accurate in its action. There is nothing like it as a reconstructive tonic and strength builder. It corrects the causes of gas and the formation of acid in the stomach. It improves the appetite and general health almost immediately. It aids digestion, induces natural movements of the bowels and promotes healthy restful sleep. When you think of "pep" think of Pepsinol.

Genuine Pepsinol is made only by The Pepsin Medicine Co., Memphis, Tenn., and is in strict accordance with the Medical Standards of the United States Pharmacopoeia. To be convenient for everybody and yet to prevent substitutes being sold for Pepsinol, we have appointed J. H. Kennedy Drug Company special Pepsinol agent for Gastonia.

CHARACTER

A BANK is like an individual, it is known by its character and its reputation. The character of this bank is unquestionable. We use our best efforts to maintain a reputation that our customers can point to with pride, by giving them liberal treatment and their business prompt attention.

We would be pleased to have the opportunity of serving you. "We want to make money WITH our customers not ON them."

"If It Isn't An Eastman, It Isn't A Kodak"

Kodaks

And

Kodak Supplies

Having only recently taken the agency for the Eastman Kodak, we have on display a complete line of brand new kodaks and supplies. All the leading styles and sizes of kodaks kept in stock at all times. In the matter of supplies we have them always fresh and in sufficient quantities to take care of the local demands.

Leave your films with us to be developed.

Kennedy's

The Rexall Drug Store

At the Corner On the Square Phone 84

WE CONSIDER YOUR REPAIRING work just a step to your jewelry trade.

Consequently, all our repair work is done at the lowest possible cost consistent with the high grade of workmanship involved.

When you bring us a bit of repair work you run no risk. Our reputation backs every job.

HORRORS OF BAD BLOOD

"All maladies of racking torture, quins, joint racking rheums, fierce catarrhs, intestine stone and ulcer cholic pangs, marasmus, dropsies, asthmas, pining atrophy, moping melancholia, moon-struck madness, what miseries!"—Milton.

This is the state of man or woman suffering from poisoned blood. Read what the U. S. Dispensary and other authoritative books say in regard to the ingredients entering into "Number 40 For the Blood": "Employed in diseases of the glandular system, in blood poison, mercurial and lead poisoning, rheumatism, catarrh, constipation, diseased liver, kidneys and spleen. Under its use nodes, tumors, sores, ulcers, mucous patches, copper colored spots and scrofulous enlargements disappear as if by magic." Insist on "Number 40," made by J. C. Mendenhall, Evansville, Indiana, 40 years a druggist. Sold by J. H. Kennedy & Co.

\$10.00 REWARD

For return of several articles of fancy work and some woven grass baskets taken from the secretary's office at the fair grounds, to the offices of the Chamber of Commerce. No questions asked.

FRED M. ALLEN
Executive Secretary

OLD PAPERS FOR SALE.

Several hundred pounds at the ridiculously low price of 75 cents per hundred pounds if taken in quantities at once. Good for packing furniture, to put under carpets, on pantry shelves, to build fires with and many other things. Help conserve paper by using old newspapers in every way possible.
