TEAMSTERS AND CHAUFFEURS GO TO WORK.

(By The Associated Press)

NEW YORK, Oct. 23.—Members of the International Union of Teamsters, Chauffeurs and Helpers, whose strike ten days ago resulted in a complete tie-up in express service here, returned to work today.

Decision to call the strike off was reached at a meeting late yesterday after a committee which had visited Washington reports that Walker D. Hines, United States railroad director, had warned them that unless the strike was terminated he would send troops to New York to replace the strikers.

Mr. Hines has promised the men that he would seek to have the wage adjustment heard return a decision on their demands by November 4.

HARBARD NARROWLY ESCAPES CAPTURE BY BANDITS.

(By The Associated Press)

CONSTANTINOPLE, Thursday, Oct. 16.—Major General James G. Harbord, head of the American mission to Armenia, was caught after his arrival here on a train from Mount Ararat. He had a few minutes to escape from the hands of a band of brigands before they could reach the train. Harbord was attacked and held for ransom. The bandits demanded \$25,000 for his release. Harbord refused to pay and the bandits were forced to let him go. He was accompanied by his wife and two children.

The original reason for the attack appears to be that bandits who are warring with the Armenians doubted the nationality of the Americans. After the bandit chiefs had assured themselves that their prisoners were really Americans they were released, their automobiles were restored and most of their property which had been stolen was given back to them.

AFTER-WAR PROBLEMS DISCUSSED IN TRADE CONFERENCE

(By The Associated Press)

ATLANTIC CITY, N. J., Oct. 23.—International afterwar problems were under discussion today at the second public session of the International Trade Conference. Secretary of Commerce Redfield, speaking at the morning session, reviewed the situation for the United States, while Eugene Schneider, chairman of the French mission, summarized the industrial conditions of the European nations represented at the conference.

The nations who are united to crush Germany in the world war stand together now in an effort to better industrial conditions throughout the world. Eugene Schneider, chairman of the French mission to the international trade conference, declared in an address before the conference today. He added that with out the trade alliance he advocated "we must profound from the house-tops that the world will emerge from the victory over Germany and Germany will have you the best."

"The vital interest of the United States is to continue to help Europe," Mr. Schneider said. "You have proved to the world that for the sake of an ideal you are capable of the greatest sacrifices and now, that financial and commercial interests enter into the question would you shrink from helping?"

"I am convinced that the United States cannot help itself from Europe. The assets of Europe are great and varied and she will remain for a long time one of our best customers. Suppose that on account of the rate of exchange we should cease buying from you. How would our industries be affected? Would not there be over-production? Would there not be considerable unemployment?"

FIVE MORE AVIATORS HAVE FINISHED FLIGHT.

(By The Associated Press)

CHICAGO, Oct. 23.—Five aviators in the 5492 mile twice trans-continental army airplane race today had finished their flights and of the eight on their homeward journey the one nearest the goal, Lieut. H. W. Sheridan, at Mendota, Ill., still had 900 miles to fly. Lieut. R. S. Worthington, the only flyer now traveling from east to west, expected to get away from Rock Island, Ill., today after a day's delay due to engine trouble.

COLOGNE, Sept. 15.—British goods to the value of 10,000,000 pounds are in this city ready for sale to the Germans.

The goods belong to members of the British Chamber of Commerce in Cologne. Charles Knott, President of the Chamber has made an arrangement with Mathias Erzberger, German Minister of Finance and Herrmann Mueller, the Foreign Minister to prevent "dumping". Mr. Knott announced that both the German officials agreed to his suggestion that a clearing house should be opened in Berlin to control markets and exports so as to prevent "dumping".

"No exports from Germany will be made," said Mr. Knott, "unless offers are made by exporting firms to British firms and accepted by them, corresponding value of goods from Great Britain being accepted for the German market."

WORK ON COUNTRY CLUB PROPERTY PROCEEDING.

Mr. E. R. Harer, Golf Expert, Busy Preparing Grounds For Golf Course — 1,875 Pounds Grass Seed Received For Sodding Links.

Ordinarily the expression, "letting no grass grow under one's feet," typifies unusual activity, hustle and bustle in any undertaking that may be proposed or under way by any individual or set of the same. However, in any account of the doings of the directors of the Gastonia Country Club, the aforesaid expression becomes a rank misnomer, for that is exactly what the Country Club officials are not doing, viz: not letting the grass grow under their feet.

On the contrary, they are doing just the opposite, to-wit: growing grass on a large scale, if the shipment of grass seed recently received by them, 1,875 pounds said to be the largest single shipment of seed ever received in the county, portends any thing. For the past several weeks, Mr. E. R. Harer, golf expert brought here by the Country Club to lay out and prepare a modern golf course, has been busily engaged in clearing the ground of stumps, rocks and other impediments, preparatory to the construction of the links. Already a nine-hole course has been laid out. As soon as the weather permits, a huge tractor plow will be put into operation for the further preparation of the sodding and turfing of the course. The shipment of 1,875 pounds of seed is composed of a Bermuda and golf mixture, especially suited for golf links. By next spring, officials say, the course will be ready for playing.

A committee, composed of Messrs. F. L. Smyre, J. H. Separk and C. C. Armstrong, is investigating club-houses in other cities, preparatory to drawing plans for the erection of a similar building for the Gastonia Country Club. It is planned now that work on this and other buildings shall start early next spring.

Mayor Hylan Renews Efforts to Arbitrate Longshoremen's Strike—40,000 Men Out on Strike.

(By The Associated Press)

NEW YORK, Oct. 23.—Renewed efforts to arbitrate New York's longshoremen's strike was made today by Mayor Hylan, one of the three conciliators appointed by Secretary of Labor Wilson. He endeavored to arrange an early conference between committees of the strikers, steamship owners, and the contracting stevedores. Richard Butler, business agent of local 806, said that if the mayor's efforts were successful the strikers would vote on the question of returning to work, pending the arbitration proceedings.

Not more than 6,000 of the 40,000 men on strike returned to work yesterday and shipping was still virtually tied up today.

N. C. ORTHOPAEDIC HOSPITAL GETS ANOTHER \$1,000

Mays Mills, Inc., Stuart W. Cramer, President and Treasurer Subscribes Sum of One Thousand Dollars.

Mr. R. B. Babington, president of the North Carolina Orthopaedic Hospital announced this morning another large gift of \$1,000 to the building fund of the hospital. The donation was from the Mays Mills, Inc., Stuart W. Cramer, president and treasurer.

Mr. Babington is beginning this week a vigorous campaign for the purpose of raising additional funds for the further completion and extension of the hospital buildings, work on which is to begin soon. Mr. Babington's work for this institution is attracting State and National attention, to the work of the hospital, as is evidenced by the interest shown elsewhere than in Gaston county. Mr. Cramer's letter to Mr. Babington follows:

Mayworth, N. C., Oct. 22, 1919. Mr. R. B. Babington, President North Carolina Orthopaedic Hospital, Gastonia, N. C.

Dear Mr. Babington: Replying to your favor of the 8th inst., beg to say that it gives us pleasure to subscribe \$1,000.000 to the North Carolina Orthopaedic Hospital, payable whenever the hospital needs the money for its construction work.

I am sure there are numbers of children in this locality that are greatly in need of treatment at some such institution; we have some here in our own mill village that we are very much interested in. This is not altogether philanthropy, however, by any means; the prosperity of our corporation, and of all other industrial corporations, is bound to be augmented by improving physical conditions of the children. We are interested enough to make this contribution without any hope or expectation of profit or pecuniary benefit, but I fully believe that the corporation is warranted in making the subscription as a business proposition and commend the institution to the consideration of the cotton mills of the Carolinas as a business proposition.

With best wishes, I am yours very truly, Stuart W. Cramer, MAYS MILLS, INC., Pres. and Treas.

Dictated by Mr. Cramer. L.V.R.

Greensboro, Oct. 22.—Standing in West Market Street M. E. church here today, delegates to the 30th annual session of the Western North Carolina M. HOW MUCH DO YOU PAY?

To the Editor The Daily Gazette: That little "piece" by "Consumer" in yesterday's Gazette hit the nail on the head. Why do we have to pay such prices for meat and groceries? I am with "Consumer" in all that he says. Let's have an investigation and discussion through the columns of the Gazette. BUYER.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and loins and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.
