GOES UP ON HIGH.

Wealthy Chinese Has Novel Trip From This Life to Next.

There was a pretty custom among some of the ancients when a prominent citizen died, to send his valet along with him on the road to Paradise, and it was oftentimes necessary to resort to extreme methods to insure this company for the departed. But in the territory of the China-American Trading Company, Ford dealers in Tientsin, China, they have discovered a much better aid to the deceased over the rough places on the trip to the Promised Land.

It is a custom of the Chinese to burn various kinds of effigies at the funeral ceremonies of the rich, the more wealthy the departed the more elaborate the figures burned over his grave. These effigies represent every manner of thing such as human figures, horses, sedan chairs, tables loaded with money, etc. The figures usually conform to some of these stereotyped fashions, but at the funeral of a Mr. Li, who died a short time ago in Tientsin, and who was a very wealthy man, the bereaved family outdid themselves and made an imitation of the deceased gentleman's Ford car to be burned at his grave.

This Ford effigy was made entirely of strong Chinese paper stretched on bamboo and reed frames. The car was complete in every detail, the pedals accurately placed, and all made of paper and bamboo. The interior of the car was also accurate in detail, being carefully upholstered in paper. The effigy of the driver as shown in the photograph, was a work of art. The car was carried about three miles through crowded streets to the grave side where a match was applied and it was consumed in a few minutes.

This is the first time a motor car has been burned at the grave of a Chinese, and there is every reason to believe that the deceased went up "On High."

APPEALS FOR FUNDS FOR ROOSEVELT MEMORIAL.

Hon. S. J. Durham, Though Differing in Politics from Great American, Makes Contribution.

Mr. Evon L. Houser, chairman for Gaston of the Roosevelt Memorial Fund has received the following letter to which he appends an appeal for more funds from Gaston county. The letter: Mr. Evon L. Houser, Chairman, Dallas, N. C.

Dear Mr. Houser: I could not attend the meeting of those interested in the Roosevelt Memorial on the 25th inst.

I am enclosing you check to be applied to Gaston's share of the memorial fund, and I wish I could make it larger.

Differing from Mr. Roosevelt in some things I was yet an admirer of the man and of his type. And I think a memorial to him as a great American is entirely fitting.

Cordially yours, S. J. DURHAM.

I trust that others will do as this broad-minded Democrat has done. The money raised will be used to establish a school for boys in Georgia on the grounds formerly occupied by the home of Colonel Roosevelt's mother. Send all donations to Eli P. Lineberger, treasurer, Gastonia, N. C. The campaign to raise Gaston's quota will end November 15th. EVON L. HOUSER, County Chairman.

SIX DEAD RESULT WRECK PACIFIC VALLEY "FLYER"

(By The Associated Press)

LOS ANGELES, Calif., Oct. 30.—Six dead and about 120 persons injured, some seriously, was the known casualty list today as a result of the wreck of the Southern Pacific Railroad's San Joaquin Valley "Flyer" late yesterday. The tangled mass of wreckage near Acton, a few miles from here, was expected to reveal additional bodies.

AUTUMN'S SYLVAN FAIRY.

By Fannie N. Thain, Fayetteville, N. C. In Raleigh News and Observer.

There came to earth one dainty night A little fairy elf, While all the flowers were sleeping, And slyly helped himself To all their lovely colors tints, Of crimson, bronze and gold, And packed them in his fairy-wand— Just all that it would hold.

Then, smiling at the trick he'd played, With cruel, heartless mirth— On little winglets soft and white He floated o'er the earth, But soon repenting of his joke He waved his little hand, And scattered all his lively tints In showers o'er the land.

Whirling, twirling, down they came Fluttering through the breeze, And in the morn when we awoke We found them on the trees, And every year since then, he comes— From Fairyland, and tints for us Our lovely Autumn leaves.

An Italian engineer plans to obtain power for his country by burning low grade Belgian coal at the mines from which it is obtained and transmitting electric current at high tension. A New Jersey inventor has devised a way to reproduce musical or other phonograph records requiring two or more disks, the needle passing from a completed one to the starting point on the next.

AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Italy.

Arriving at one of the most critical stages of the war, when the Teutons were forcing the Italian army back to the Piave, the American Red Cross rushed emergency relief from Paris and revived the drooping spirits of the whole country. In addition to furnishing rations and comforts and medical attention to the fighting men, the American Red Cross instituted 42 soup kitchens, 30 children's hospitals, 10 children's dispensaries, 14 artificial limb factories, five homes for refugee children, 10 rest stations for refugees. This photograph shows a group of Italian refugee children being fed by the American Red Cross at one of the numerous relief stations.

VESSEL WAS TOTAL LOSS.

(By The Associated Press) ROCHESTER, N. Y., Oct. 29.—The finding today of two bodies on the shore of Lake Ontario, wearing life preservers bearing the name of the steam barge Homer Warren of Toronto, revealed the total loss of that vessel with her crew of eight. The shore was strewn with wreckage.
