

GASTONIA DAILY GAZETTE

THURSDAY, NOVEMBER 20, 1919.

THE WEATHER.

Forecast For Gastonia and Vicinity: Fair and warmer tonight and Friday. Forecast For North Carolina: Fair tonight; warmer in extreme west portion; Friday fair and warmer.

SHORT LOCAL ITEMS

Mr. J. N. Hanna returned yesterday from East Tennessee, bringing with him a carload of hogs and cattle. Be sure you are registered in the precinct where you now live, so that you will be entitled to vote in the special election for congressman on December 16th.

Fire in the picker room at the Old Mill on North Broad street yesterday afternoon destroyed two or three bales of cotton and caused some excitement among the operatives. The city fire department was called and the fire was put out before it had gained any appreciable headway.

Miss Grace Bradley, of Asheville, conference secretary of the Epworth League, left today for Charlotte after spending several days in the city. While here Miss Bradley organized a Chapter of the League at Franklin Avenue Methodist church.

In the office of Register of Deeds Carpenter at the courthouse yesterday afternoon Mr. Steve Whitted, of McAdenville, and Miss Sallie Moss, of Smyrna, S. C., were married, Esquire S. S. Morris performing the ceremony. There were present as witnesses most of the courthouse officials and employees.

Clerk of the Court S. C. Hendricks has placed one of the two girls for whom he was seeking homes the first of the week. He still desires a good home for one about nine years old. Any person desiring to see and talk to this little girl can have that privilege by calling on Mr. Hendricks at the courthouse. He will be glad to take any one interested to see her.

A large quantity of fresh beer was captured by Deputy Sheriff J. W. Cole and Police-men Charles Hord and Bob Terrell Tuesday night in the wilds of Crowders Mountain. Some one had tipped the officers off to the fact that a still was in operation in that section and when they arrived, however, the still and "stillers" were gone, only the beer being left behind. This was poured out. There is no clue as to the identity of the illicit booze makers.

CHAMBER OF COMMERCE.

IMPORTANT MATTERS will come before the board of directors at the regular meeting scheduled for Thursday afternoon. And there is always plenty of routine business to be disposed of.

Piedmont Mill Revival.

Tonight at 7 o'clock Rev. Leonard Gill, of Charlotte, will begin a series of six sermons at the Piedmont Mill Chapel on North Oakland street. The interior of the chapel has recently been refurbished and decorated and a new piano installed which, with adult and junior choruses, will make the music and singing especially entertaining. It will be, in the strictest sense of the term, a community meeting. All who have heard Mr. Gill at other points in the city will be especially welcome in the North side meetings. The residents of North Gastonia are cordially invited to all services.

PITTSBURGH COAL DELIVERIES BEING RESTRICTED.

PITTSBURGH, Pa., Nov. 19.—Tightening up of coal deliveries in the Pittsburgh district began today following the issuing of an appeal by the Pittsburgh coal distribution committee of the United States railroad administration, asking consumers to use the strictest economy in the consumption of coal.

Reach Speedy Understanding.

DORPAT, Tuesday, Nov. 18.—It was announced today that the meeting between the bolshevik delegation and representatives of the Baltic states here was marked by a readiness on both sides to work for a speedy understanding and that an agreement was quickly reached in principle, regarding the exchange of hostages.

DORPAT, Monday, Nov. 17.—It seems from the composition of the bolshevik delegation which is here to confer with representatives of the Baltic states that the soviet government does not intend more than preliminary negotiations and that immediate action looking to an armistice is improbable.

Colonel Tallants, British commissioner at Riga, who is here, said today he did not intend to participate in the conference nor to talk to M. Litvinoff, head of the bolshevik delegation. Asked whether England was bringing pressure to bear on the conference he replied: "I do not think so."

TODAY'S COTTON MARKET

GASTONIA COTTON.

(Corrected daily by D. M. Jones & Co.) Good Middling 37 1-2c

NEW YORK COTTON FUTURES

NEW YORK, Nov. 20.—Cotton futures opened steady. December 35.90, January 34.00, March 32.00, May 31.05, July 30.35.

NEW YORK, Nov. 20.—The senate's action on the peace treaty had a confusing influence in the cotton market at the opening today. Liverpool was better than due, but many of yesterday's late buyers were sellers and there was considerable selling for southern account. The early weakness of the stock market and the break in foreign exchange doubtless increased the disposition to sell and after opening easy at a decline of 10 to 62 points, active months soon sold about 47 to 62 points net lower with January touching 33.75 and March 31.90.

NEW ORLEANS COTTON.

NEW ORLEANS, Nov. 20.—Cotton opened steady. December 36.35, January 34.00, March 32.01, May 30.85, July 30.05. The failure of the senate to ratify the peace treaty was responsible for heavy selling of cotton on the opening of the market today. In the first half hour of trading prices dropped 72 to 90 points.

Today's Stock Market.

NEW YORK, Nov. 20.—Further selling of speculative shares at the opening of today's stock market seemed to be largely inspired by the defeat of the peace treaty. General Motors lost six points and others of that class 1 to 3 points. Oils, steels, equipments, shippings and tobaccos eased to a like extent, but rails offered better resistance. Crucible Steel was the one noteworthy exception to the downward trend, its six point rise being attributed to the scarcity of that stock in the loan market. General Motors and some of the oils made complete recoveries within the first half hour.

Foreign Exchange Drops.

NEW YORK, Nov. 20.—Foreign exchange again dropped to new low levels in the local market today. Sterling brought \$3.99 1-2, which is 1 1-4 cents below yesterday's lowest quotation. Franc checks quoted at 9.79 for the dollar, five centimes below yesterday's price, while lire checks sold at 12.57, off 13 centimes.

Stamer in Distress.

NEW YORK, Nov. 20.—S. O. S. calls were received here by the coast guard office today from the steamship Roman, bound for New York for Mar-seilles. Her position was given as latitude 39:35 north and longitude 68:50 west, which is about 350 miles east of Sandy Hook.

The Roman left New York for Mar-seilles November 17 with a general cargo. She is owned by the United States shipping board and registers 1,875 tons. Later information received through radio by the naval communications service was that the steering gear of the Roman had broken down and that the ship was being buffeted by rough seas induced by high northerly winds. The coast guard cutter service prepared to despatch a cutter to the assistance of the ship in the event that some vessel nearer the Roman did not answer the radio call.

BOSTON, Nov. 20.—The coast guard cutter Acushnet left Woods Hole today to proceed to the assistance of the shipping board steamer Roman, in distress off the coast.

Conditions Improving.

CHARLESTON, W. VA., Nov. 20.—Interest in the West Virginia coal strike situation today centered in the unionized New River fields, where hundreds of miners who returned to work recently, were reported to be leaving the mines. Latest reports from operators on production, stated that New River and Kanawha mines were operating at 85 per cent of normal, and that conditions continued to improve in the northern fields of the state.

CUNARD LINERS RESTORE REGULAR SERVICE

LONDON, Nov. 18, via Ottawa.—Regular calls by Cunard liners at Cherbourg were inaugurated today by the Mauretania, which sailed from Southampton for New York. Among the 1,600 passengers aboard were Signora Louisa Tetrarazzi, the opera singer, and Fred Fulton, the heavyweight boxer.

DEATHS

D. F. BARTLETT. D. F. Bartlett died at an early hour this morning at his home, 428 Oak street, of paralysis following an illness of some time. Deceased was a mechanic and had been connected with one of the local mills. He was 63 years old and a native of Henderson county. The body will be taken on No. 39 tomorrow morning to Union, S. C., where the funeral and burial will take place tomorrow. A widow and six children survive.

Berlin, Nov. 20.—Adolf Groeber, chairman of the centre party, was stricken with paralysis while talking with a friend here yesterday and died soon afterward.

DATE OF PUTTING TREATY IN EFFECT UNCERTAIN

PARIS, Nov. 20.—The adjournment of the United States Senate for the session without ratification of the peace treaty created much surprise in peace conference circles, as despatches from Washington had suggested that some compromise was probable. Henry White, of the American delegation, received the news from The Associated Press while he was attending the supreme council session today. The members of the council withheld comment.

In French official circles, however, although there was disappointment over the senate's adjournment with the treaty situation still unsettled, no surprise was expressed and it even seemed that the event had been expected.

Apparently the situation had been discussed and measures taken in advance to meet the eventuality, as Foreign Minister Pichon, who presided over the supreme council today, urged that the Versailles treaty be put into force not later than December 1.

His view seems to have prevailed, the council expressing the opinion that it would be desirable to put the treaty into effect on December 1. In this connection the French foreign office was aware of the probability that the American senate would not meet again before the first week in December.

No formal meeting has yet been held between the German delegates, who arrived yesterday morning, and the representatives of the allied powers concerning the proposed protocol to the German peace treaty. It now seems unlikely that the protocol will be signed before the end of November, as the Germans have shown a disposition to resist the provision requiring them to replace the warships sunk when their fleet was scattered at Scapa Flow, and they have manifested a desire to argue the question. The failure of the allied and associated powers to reach an agreement on the treaty is reported here to have greatly encouraged the Germans in their position.

As the protocol must be arranged before the formal announcement of the ratification of the treaty by the three powers required to make it effective, the date of putting the treaty into effect seems uncertain.

French Deplore Failure to Ratify.

PARIS, Nov. 19.—While the failure of the American senate to ratify the German treaty has apparently alarmed the French it seemingly is not agitating the average Frenchman so much as the fear that the United States may not ratify the joint agreement with England for the defense of France, which is uppermost in the minds of the French people.

AMERICAN DELEGATES PREPARING TO SAIL

PARIS, Wednesday, November 19.—Joseph C. Crew, secretary of the American delegation to the peace conference, probably will be the only prominent official of the delegation remaining in Paris after Frank L. Polk, Henry White and General Tasker H. Bliss, the American delegates, sail for the United States on board the transport America, December 5 or 6.

The Hotel de Crillon, which has been American headquarters since last December, will be retained for only a short time after the departure of the delegates. Offices will be rented elsewhere.

COTTON SEED CRUSHED SHOWS BIG GAIN

WASHINGTON, Nov. 19.—Cotton seed crushed during the three month period ending October 31 amounted to 972,203 tons, as compared with 914,297 tons for the same period a year ago, according to figures published today by the census bureau. The quantity on hand at the close of the October date was 1,972,203, as compared with 1,929,869. Crude oil production was 296,714,972 pounds with 114,541,487 on hand, as compared with 254,397,547 produced and 87,177,570 on hand a year ago; refined oil production was 162,426,203 on hand a year ago; refined oil production was 162,426,203 and on hand 119,232,731, compared with 157,951,871 and 109,082,598 last year and exports of oil amounted to 26,474,152 pounds, compared with 9,347,964; cake and meal 54,452 tons compared with 289; linters, 9,659 running bales compared with 47,043.

LONDON, Oct. 22.—Chief Griffith, the paramount chief of the Basutos, a tall, stout person and a typical specimen of the class of natives of which he is the head, has arrived here from Basutoland with several of his councillors, to pay homage to King George V. whom he will offer a gift of two Basuto ponies. The government program for the entertainment of the chief includes an airplane flight at Hendon. But what the party is most anxious to see is a horse race.

On his arrival the chief found the English climate very trying and one night he was seated in a room in front of a remarkably good fire wearing an overcoat.

TOO LATE FOR CLASSIFICATION.

LAND FOR SALE; ONE HUNDRED ACRES: Thirty in cultivation; nine creek bottom; good six room dwelling; good barn and granary; 50 acres under hog and cattle wire; lots of cord wood; 2-1/2 miles from Dallas; 4 1-2 from Gastonia; sand clay road. \$65 per acre will buy it for next 30 days. Claudius D. Holland, Gastonia. T-Th-8 tf

LOST: November 6th, between Monroe and Gastonia, box containing number of men's and boys' hats. Finder please notify H. H. Jordan, Gastonia, N. C. 21c2

LOST: Near Kings Mountain, sole leather handbag containing some canned goods, clock, etc. Return to Gazette office. 20p1

FATE OF TREATY.

(Continued from page 1.)

erats in its support.

Republican Leader Lodge declared today's voting constituted a final decision on the peace treaty unless President Wilson circumvented the senate rules by withdrawing it and then submitting it again to the senate. In other quarters there was some difference of opinion, but the general sentiment seemed to be that there was only a slender chance that the treaty would come up at the beginning of the next session of congress, beginning next month.

One effect of the senate's failure to ratify the treaty will be the continuation of various wartime laws and regulations at least until the new session opens. Among these is the wartime prohibition act.

The resolution presented tonight to declare a state of peace will come up at the beginning of the new session and is expected to start another stubborn fight. The administration is understood to be opposed to such a method of legally ending the war, and in the background is a constitutional question as to whether Congress can do so by a resolution not requiring the President's signature.

The senate adjourned sine die at 11:05 o'clock. Before adjourning, the senate confirmed a number of nominations, but deferred action until the next session on that of John Skelton Williams to be comptroller of currency.

It was suggested tonight among democratic senators that President Wilson might be asked during the recess to feel out the other powers as to their attitude on reservations with the idea of bringing the treaty to some sort of ratification after Congress reassembles.

It was on a viva voce vote that the treaty after being before the senate for many weeks was then laid aside. On Senator Lodge's motion to take up legislative business, no roll call was requested and the vice president declared it adjourned by acclamation.

Senator Lodge, after adjournment tonight, declared "the treaty is dead so far as this senate is concerned."

Republican senators said the senate need not advise the President of its action nor return the treaty to him with formal notice.

"The President may withdraw it when the senate re-convenes," Senator Lodge said, "and, of course, he can then re-submit in the next session."

"But the treaty is dead in this senate and they killed it as I told them they would if they voted against it."

Senator Hitchcock said that the treaty was not dead and that he presumed the President would re-submit it on December first, although he had no definite word from the President to that effect. He said he thought the republicans had worked themselves "into a very awkward position" and split themselves in the senate and the country.

Madrid, Nov. 18.—Twenty-one Moroccan tribesmen were executed at Tetuan, east of Tangier, today, for killing their officers while in the service of the Spanish government.

NOTABLE SPECIAL SESSION.

(Continued from page 1.)

ment with Colombia, proposing payment of \$25,000,000 by the United States, also remains in committee. It was reported to the senate, but later withdrawn because of Colombian decrees regarded as inimical to American interests.

Several important legislative measures went over for final action at the regular session. The oil, coal, gas and phosphate land leasing bill was passed by both bodies and remains in conference, as does the Edge bill authorizing organization of corporations to help finance American exports trade.

The Esch railroad bill passed the house and will be taken up, with the senate interstate commerce committee's bill at the December session. The house also passed and sent to the senate bills providing for development of water power projects, for establishment of a federal budget system and providing a permanent government shipping policy.

There were numerous investigations during the extra session. Besides the house inquiries into aviation, ordnance, contracts and other war department activities, the senate investigated the steel strike, Mexican situation, the coal situation and other matters. The senate also authorized investigation of the print paper situation, but deferred the inquiry until the new session.

Preliminary steps looking to revision of tariff and internal revenue laws also were taken, with general revision planned during the regular session.

The effort to repeal war taxes on soft drinks and other luxuries failed. Permanent army legislation was advanced both by the senate and house military committees, which completed hearings on peace time army proposals and are prepared to present bills in the new session providing for a permanent army of about 300,000 men, as compared with the war department's request for 500,000.

Bills to increase pay of the navy personnel also are in readiness. Controversies during the extra session resulted from opposition to senate confirmation of Attorney General Palmer and Comptroller of the Currency John Skelton Williams. The former was confirmed, but the latter's nomination still is pending.

The house refused to seat Representative Victor Berger, socialist, of Milwaukee, because of his attitude during the war, and ousted John F. Fitzgerald, democrat, Massachusetts, whose election was contested by Peter Tague, of Boston

MUCH INTEREST AROUSED IN NATION WIDE CAMPAIGN

Rev. Geo. H. Harrison-Addressed the Ladies of St. Mark's Episcopal Church Last Night—Sewanee Night Will be Observed at the Parish House Tonight.

Interest and real zeal for furthering the work of the Masters Kingdom is being manifested more and more through the meetings being held by the Rev. G. H. Harrison in St. Mark's church in the interest of the Nation Wide Movement of the Episcopal Church. There was a full attendance of the women of the Parish yesterday afternoon when Mr. Harrison told his congregation that the contribution of the women in this movement to vitiate all the agencies that had been called into being by the Church for the extension of the Kingdom was to come from a realization on their part that the Christ as truly stood in our midst as when the blessed feet of Jesus pressed the sacred soil of Galilee and that He was truly speaking to us, His disciples of today, as He did of old to St. Peter and St. John. That as the Master then depended upon His disciples for the establishment of His Kingdom, so today He is depending upon us—that all depended upon their failing in love with God and saying in love with Him, because love had to find some way to express itself and the only expression of love is to be found in selfless service. To speak of love of God apart from great ventures and great sacrifices for Him was a little short of mockery. That the woman who calls herself a Christian must show marks of service that Christianity did not mean being good, but being good for something and all that was being attempted by this movement was to make the two-thirds of all those who now call themselves Christians and who are now of no use to God in the accomplishment of His purpose, of some use.

That in this effort there was no attempt to go over the top as in the great drives to meet demands of our government but simply a mighty effort to pull Christians out of the rut of lukewarmness and indifference to the cause of Christ, who simply asked the righting of things that are wrong. A broader vision, a quickened conscience, leading to selfless service, was all that He asked and that the church should not demand less and be true to the Master.

Mr. Harrison will make his last address tonight at the parish dinner in the Parish house at 7:30 p. m. when he will speak on Sewanee. This will be the last meeting on Sewanee before Chairman Edmund Mazek and Mrs. J. Mack Holland, chairman of the women's department, will make their canvass for Gastonia's part of the \$1,000,000 fund.

MORE ARRESTS EXPECTED IN N. Y. ROBBERY CASES

(By The Associated Press)

NEW YORK, Nov. 19.—More arrests were expected today in the round up in New York, Washington and other cities of persons suspected of having been implicated in the theft of \$500,000 to \$1,000,000 worth of securities in New York's financial district within the last six months.

With the arrest of David W. Sullivan, a member of the Consolidated Stock Exchange, charged with larceny and criminally receiving two Crucible Steel certificates valued at \$45,000, the police expressed confidence they had hit upon a trail which would clear up robberies which had mystified Wall street and in which disappearing messenger boys had played a prominent part.

AMERICAN OFFICER RECEIVES POLISH DECORATION.

(By The Associated Press)

LEMBOURG, Galicia, Tuesday, Nov. 11.—Captain Merion C. Cooper, of Jacksonville, Fla., flight leader of the Kosciuszko flying squadron, made up of American flyers, received the Orleta, or Little Eagle, of Poland, today, this being the first time a war decoration has been awarded a foreign officer by the young Polish republic.

DALLAS DOTS.

—Mrs. Joe Gribble.—

DALLAS, Nov. 20.—Are you anxious that you and your loved ones escape tuberculosis? If so, then you are interested in the sale of Red Cross Seals, from which a fund is raised each year for the cure and prevention of this disease. Buy your Red Cross Seals and Health bonds now from the Glenn Literary Society members of the Dallas High School, Miss Muriel Bulwinkle, chairman.

Prof. J. B. Henson, chairman of the Red Cross drive, reports \$92 from the town; \$29 from the Mowach Mill; no material with which to work has yet been received at the Morowebb Mill and therefore no report.

This week is being observed as the week of prayer for Home Missions by the Women's Auxiliary of the Presbyterian church. Monday afternoon at the home of Mrs. M. E. Puett the meeting was unusually impressive, our own home town being the object of prayer. An all-day mission study class in connection with the prayer hour took place at the manse Tuesday, using Dr. S. L. Morris' book, "Christianizing Christendom," which proved to be the most interesting and beneficial of any previous study class, the only regret being that more women do not avail themselves of the opportunity to learn, and be more interested in the church and the Master's work. The social hour at noon was greatly enjoyed; the box luncheons were spread on the

table and hot coffee with whipped cream and hot biscuits were also served. The regular monthly meeting was held Wednesday evening with Mrs. Lawrence Holland. Quite a bit of business was transacted and the mite boxes opened for home missions. A delightful surprise awaited at the close when Mrs. Holland served delicious refreshments.

The Thank-Offering Service held at the Lutheran church Friday evening by the Ladies' Missionary Society was intensely interesting and largely attended, 22 members being present. At this time the mite boxes were opened which revealed the neat sum of \$46 to be used for missions.

At the last meeting of the Ladies' Aid Society of the Methodist church, held with Mrs. Minerva Puett, there was noticed a great improvement of interest, only two members being absent. At each regular meeting a special collection is taken for the Centenary movement and \$2.00 given to the orphanage at Winston-Salem; a special Christmas gift was planned to be sent this year but no definite decision was made as to the nature of the gift.

Tuesday evening the Woman's Missionary society of the Baptist church packed their annual box for the orphanage; among the gifts were two quilts, the last of which was quilted at the home of Mrs. A. R. Martin Thursday Light refreshments served added much to combine pleasure and work.

The program as previously printed was successfully carried out by the Yemassee Tribe Improved Order of Red Men, Saturday night. The service flag with appropriate exercises and "a real good social time" followed in which only those in good and regular standing were permitted to participate.

Between acts of the marriage ceremonies comes the revivals of parties, which are the first drawing cards of Dan Cupid. About 50 young people were entertained Saturday night at the home of Miss Corrie Queen. Old fashioned games were enjoyed to the fullest and a luscious supper spread.

Miss Emma Hamiter, a senior student at Mitchell College, Statesville, spent the week end with home folks and was given a most delightful surprise party Monday night by the boys and girls of this community.

Misses Corinne and Artelee Puett entertained a few guests, informally, Saturday night at a social hour in honor of their delightful house-guests, Miss Emma Bolton of Charlotte and Miss Bessie Blakney, of Gastonia, who were here for the week end. Miss Blakney spent Friday night with Mr. and Mrs. J. R. Lewis her former home while teaching in the Dallas High school, at which time she endeared herself to the pupils and all in this community whose best wishes and prayers go with her in far away Japan.

Mr. and Mrs. Harrison Rayfield, of Lowell, and Mr. Bruce Rayfield, of Charlotte, spent the week end with Mr. and Mrs. H. A. Rayfield.

Mr. and Mrs. George F. Moore, of Mt. Holly, were the guests at dinner Sunday of Prof. and Mrs. J. B. Henson. Mrs. M. M. Lentz, Mrs. Henson's mother, is spending several weeks here.

Mr. and Mrs. Fred Robinson, Misses Modena, Helen and Max Duriam, Miss Marie Hodges and Mr. Hughes Durham motored to Concord Sunday afternoon.

Mrs. Mattie Rhyne, of Lincolnton, was the week end guest of her sister, Mrs. Julia Lay.

Mr. and Mrs. Lark Pasour, of near Cherryville, spent Saturday in Dallas, shopping.

Quite a large number of young people enjoyed the hospitality of Miss Bessie Reinhardt at her home here Friday night.

Mrs. Oscar Rhyne, who lives near Iron Station, is spending this week with her brother, Mr. W. N. Rhyne and relatives. Mr. and Mrs. Rhyne had the misfortune to lose their home by fire last week, together with cotton enough to make two bales which was in an upper room. Nothing was saved and only a small amount of insurance was carried.

Mrs. Mary Rhyne, of route one, returned Sunday from visiting her daughter, Mrs. J. S. Camp, at Lincolnton.

Mr. and Mrs. W. C. Greenwood, of Asheville, are at the home of Mr. and Mrs. Fordham. Mr. Greenwood is overhauling the pipe organ at the Lutheran church which was damaged during the flood of 1916 by a leak in the church. The extent of the damage was not known until the organ was taken to pieces.

Born, to Mr. and Mrs. Zeb Hatchford, Monday, a son; to Mr. and Mrs. Jim Rhyne, Friday, a son.

The wedding bells were ringing in Dallas Wednesday night. Mr. Paul Costner, of route one, was married to Miss McNeely, of Mooreville, and will be entertained at a sumptuous dinner at the home of Mr. Costner's parents, Mr. and Mrs. P. P. Costner, Thursday. Mr. Costner is a most successful young business man who holds a lucrative position in Charlotte. Mr. Ralph Summey, son of Mr. and Mrs. Eugene Summey, and a successful young farmer, was married to Miss Pearl Jenkins, who lives near Bessemer City. Mrs. Summey was a former student and graduate of the Dallas high school and will be given a most cordial welcome. They will spend their honeymoon in Asheville and upon their return will be at home to their friends for the present at the home of Mr. Summey's parents.

To Fortify the System Against Grip

Take LAXATIVE BROMO QUININE Tablets which destroy germs, act as a Tonic and Laxative, and thus prevent Colds, Grip and Influenza. There is only one "BROMO QUININE." E. W. GROVE'S signature on the box

I. O. O. F. NOTICE.

Regular meeting of Gastonia Lodge No. 188, Independent Order of Odd Fellows, Thursday night, November 20, beginning at 7:30 o'clock. All members are urged to be present. Work in the first degree. A. E. WOLTZ, N. G. F. A. CATHEY, Sec.
