

# Brunswick Principles In Fine Tire Making

The reason you are interested in the name on your tire is that it identifies the maker. By knowing the maker you can judge his ideals of manufacture.

The only secret of a super-tire lies in the principles of the maker. His standards decide the quality. For there are no secrets in the tire industry.

What you get depends on what is behind the name on your tire. Brunswick, as you know, means a very old concern, jealous of its good name. Since 1845 the House of Brunswick has been famous the world over for the quality of its products.

The Brunswick Tire is all that you expect—and more. Your first one will be a revelation. You'll agree that you've never known a better. And you'll tell your friends. So spread the news among motorists. The Brunswick is the most welcome tire that ever came to market.

Try one Brunswick Tire. Learn how good a tire can be built. And remember, it costs no more than like-type tires.

### \$508,899 PROFIT IN "Y" HUTS

Adjustments Show This Gain and Wipe Out "Book Loss" of \$1,478,084.

### PUBLIC GIVES \$161,722,649

Report Reveals Approximate Balance of \$17,000,000—Largest Sums Expended on American Fighters While Abroad.

New York.—A financial statement of operations by the national war work council of the Y. M. C. A. from the beginning of our participation in the war to January 1 last reveals that the canteens operated for soldiers and sailors returned a net profit of \$508,899.79. A previous report in March, 1918, reported a loss on canteen service of \$1,478,074.14.

The United States carried Y. M. C. A. supplies free of charge on transports, and furnished rail transportation and motor supplies in France.

The report also shows that \$161,722,649.42 had been contributed by the public to Y. M. C. A. war work up to January 1. The report of William Sloane, chairman of the war work council, reveals an approximate balance of \$17,000,000, the principal expenditures to the ends for which the money was given having been as follows:

#### Itemized Expenditures.

Spent on soldiers, sailors and marines in the United States, \$38,800.50; abroad, \$52,382,796.03; other expenses not itemized, \$7,000,000. The fund of more than \$161,900,000 was made up as follows: First Y. M. C. A. campaign, \$5,113,666.98; second Y. M. C. A. campaign, \$53,334,546.81; United War Work campaign up to January 1, \$100,759,731.17; other sources, \$2,514,704.46.

The balance of \$17,000,000 revealed in the report is surplus, writing off more than \$21,000,000 of "commitments already made for continuance of the work not only on behalf of the American army and navy at home and overseas, but also among the allied armies in the troubled areas of Europe and Asia." Recommendations for continuance of work adopted at the last joint meeting of the executive and finance committees of the national war work council include the following:

#### Recommendations Made.

Continued support of such welfare work as the Young Men's Christian association is now carrying on for enlisted men in the American army and navy in the United States and its possessions and overseas wherever American troops are still held. This recommendation includes the maintenance of the permanent Young Men's Christian association buildings for American soldiers and sailors, also needed additions thereto and new buildings for such purposes.

Continuance of the support of the work now being carried on for the soldiers and sailors of our allies beyond the year 1920, should the seriously unsettled conditions occasioned by the war continue.

Setting apart of a substantial portion of the surplus to be regarded as a reserve fund which might be used at any time for rendering Y. M. C. A. service in any grave national emergency. This reserve fund should certainly be held for these purposes for at least two years.

Continuance of the educational program for ex-service men. We recommend also a study of the needs of the wounded ex-service men who are now having vocational training.

Recommendation that the total amount that seems now to have accrued in the operation of the canteen, approximately \$500,000 (brought about by the government's cancellation of the charges aggregating \$2,500,000 and for which we had a reserve fund), to be used for the benefit of ex-service men, either through an appropriation direct to the American Legion or to the relief of incapacitated ex-service men, or to such other purposes for the benefit of ex-service men as might be agreed upon between the officers of the national war work council and the officers of the American Legion.

### SCOFF AT 'WHITE CANNIBALS'

Explorers Declare No Such Tribe as Reported Exists on Tiburon Island.

Los Angeles, Cal.—Members of the mining expedition Capt. Harry De Windt, an English explorer, said he plans to lead to Tiburon Island, in the Gulf of California, need not fear "white cannibals" reported there, according to Los Angeles residents who have visited the island.

Persons returning from Tiburon, however, have given it an unpleasant reputation. They have reported that it is overrun with reptiles and that the few Indians living there, while not actively hostile, are sullen and distrustful.

Stories of a strange white tribe, using poisoned darts and an ancient blunderbuss to bag occasional visitors to provide native feasts, are scouted here. Some Los Angeles residents have reported having seen natives carrying modern firearms.

### MAGIC OF LAW PUTS MILLIONS IN 9 POCKETS

Forgotten Poor Cousins Share in Estate of Wealthy Oil Man.

### MILLIONAIRE LEFT NO WILL

Wealth Comes to Aged People Whose Lives Have Been Largely Filled With Hardships—Hunt for Heirs Is Difficult.

Wheaton, Ill.—Satisfied smiles spread over nine faces in the corridors of the red courthouse here recently, for nine persons, whose lives had been largely filled with hardships, knew that within a few weeks they would be rich. Rich is the only applicable word—wealth to these people had been nothing but a dream.

Judge S. L. Rathje of the DuPage county court had just indicated that five of the nine were legal heirs to the \$3,000,000 estate of William P. Cowan, former president of the Standard Oil company of Indiana, who died at his Wheaton country home in the summer of 1918. The other four were husbands and wives of the heirs.

#### Nine to Share \$2,500,000.

With the establishment of heirship by the five relatives of the wealthy oil man the total number of heirs, who will receive a share of the estate is nine. After expenses have been deducted, according to attorneys, the estate will total more than \$2,500,000. Each of the nine heirs will receive something like \$200,000 when the inheritance taxes are paid.

Three of the heirs are more than seventy years of age, one is ninety, the youngest is forty-four years old.

None of them remember personally the man whose death brought them this benefaction. But two ever saw him. They look upon their inheritance as some vague dream of paradise.

The heirs who established their claims are:

William Saxton, seventy-two years old, Eagle, Mich.

Walter Saxton, seventy-two years old, Waucausta, Mich.

Charles Saxton, sixty-eight years old, Elsie, Mich.

Mrs. Caroline Saxton Hart, fifty-eight years old, Grand Lodge, Mich.

Mrs. R. B. Colby, forty-four years old, Cadillac, Mich.

William and Walter Saxton are twins. William is married and his wife was in Wheaton with him. Mrs. Colby and Mrs. Hart had their husbands along, too.

#### Other Cowan Heirs.

The other heirs who have established sufficient evidence of relationship to Mr. Cowan to win an indication of equity from Judge Rathje are: Judson Phelps, ninety years old, Detroit, Mich.

Henry B. Stillwell, seventy years old, Gloversville, N. Y.

William G. Stillwell, seventy-two years old, Springfield, Mass.

Heirs at law of Mrs. Helen Shadbolt, Plymouth, N. Y., who was ninety-five years old when she died a few weeks ago.

All of the heirs are consins—first, second, or third. No nearer kin could be found by Alfred C. Hoy, public administrator of DuPage county.

The day's hearing before Judge Rathje did not close the case. A few more depositions must be taken, a few more weeks must elapse before the jurist can enter a decree. But the Saxton boys are happy.

When in 1918 it was learned that Mr. Cowan, a successful business man and one of the rich residents of the Chicago Golf club colony at Wheaton, had died and left no will, Wheaton wondered. Then it was announced that there were no heirs in this state. Mrs. Cowan's death had preceded her husband's, and there were no children and no brothers or sisters.

Public Administrator Hoy took immediate charge of the estate and appointed Charles W. Hadley and George Thoma his attorneys. Mr. Hadley is state's attorney of DuPage county and has a weakness for flaring ties. Nine attorneys presented him with a new one in court.

For more than a year the only relatives Mr. Hoy could locate were the Stillwell boys, Judson Phelps, and Mrs. Shadbolt.

A few months ago one of the Saxton boys, Walter, read a newspaper article which referred to Mr. Cowan's death and his estate. A few days later the Saxton claim was entered.

The Saxtons claimed to be the children of two daughters of Peter Cowan, Cayuga county, N. Y., the grandfather of William P. Cowan.

Their claim was established by a marriage license, census reports, old tintypes, and testimony. One of the twins saw Mr. Cowan when he was three years old. Another Saxton said he was born in the Cowan home. But further than that they had no personal recollection of their wealthy relative.

#### Views on Liquor.

Walter and William Saxton are interested in airplanes, but they don't believe they will spend much of their fortune on the aircraft.

"You can get a drink of red eye or an airplane ride for \$25," said Walter. "I believe the airplane ride would

Says She Is More Grateful to Tanlac Than Words Can Express For It Brought Her Health and Happiness.

MRS. OLIVINE PELTIER of Winoski, Vt.

"I am more grateful to Tanlac than words can express for it has given me health and happiness after twelve long years of suffering," was the statement made the other day by Mrs. Olivine Peltier, No. 26 East Allen Street, Winoski, Vt.

"I have been troubled so long with nervousness and sleeplessness that my housework was a drudgery and I got little pleasure out of life. My appetite left me entirely and at times I could hardly bear the sight of food and what little I did eat caused me severe suffering afterward. Gas would form on my stomach so badly that it affected my heart and I thought I had heart trouble.

"I was so nervous I would jump at the least unexpected noise and would drop everything I had in my hands. I got so weak and faint at times that I would have to catch hold of something to keep from falling over. My sleep was broken and restless and I was losing weight rapidly. I had little strength or energy and, as I had tried all kinds of medicines without relief, I had become very much discouraged over my condition.

"My husband had been taking Tanlac and when I saw what wonderful results he was getting I decided to try it myself and now I think as much of Tanlac as he does because it has helped me the same way.

"My appetite has come back and everything agrees with me perfectly. I am taking on weight rapidly and I have gained nine pounds; in fact, I feel perfectly well in every way. Tanlac has done wonders for me and I am only too happy to tell others about it."

Tanlac is sold in Gastonia by Morrow Drug Company; in Dallas by D. P. Summey and in Lowell by The Robinson Drug Company.—Adv.

### ANTI-SALOON LEAGUE DECLARES WAR ON HITCHCOCK.

WASHINGTON, March 20.—The Anti-Saloon League today declared war on Senator Hitchcock, of Nebraska.

Wayne B. Wheeler, general counsel for the league, in a formal statement, said the senator's declaration in favor of an amendment to the prohibition code permitting light wines and beers "ought to defeat him not only as a candidate at the democratic convention, but for the leadership in the senate."

"To champion a beer and wine amendment is nothing short of an attack upon law enforcement," said Mr. Wheeler. "This beer and wine movement is the entering wedge to destroy prohibition."
