

# Keep The System Clean And You'll Be Healthy

### Elimination helps to avoid colds, headaches and epidemics

ANYONE who has watched himself knows there is nothing so important to health and comfort as regular daily elimination. Half of the minor illnesses of life are due to neglect of this. The five million men who were in our army know the importance the doctor attached to this function.

By all means try to regulate yourself by intelligent diet and exercise, but when these fail you will need a laxative, one as near to nature in its action as skill can make it. In the opinion of many thousands of good Americans such a one is Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin. It acts promptly, gently and without griping and will with certainty regulate any tendency to con-

stipation that you may have. Take it when you feel drowsy, dizzy or bilious, when you feel a cold or a fever coming on, when there is an epidemic, when you have eaten anything about which you are in doubt. It is at such times that you need to be free of poisons and of fermenting foods. You can buy Dr. Caldwell's Syrup Pepsin at any drug store. Thousands of families have it constantly in the house against emergencies.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

### ITEMS OF INTEREST FROM YORK COUNTY.

#### Yorkville Enquirer.

Nobody seems to know when the next step is to be taken in the matter of constructing a concrete highway through the main street of the town, as a part of the North road to be built to the North Carolina line above Bowling Green with the aid of the state highway commission who are state distributors for Federal aid. Many Clover people are interested to know when the authorities will start something; but nobody appears to have the slightest idea as to when there will be something doing.

#### No Cotton Being Offered.

Clover has no cotton market at the present time, and really it is not considered that a market is necessary just now for the simple reason that no cotton is being offered for sale. W. P. Smith, leading cotton buyer of Clover and will know to the trade over this territory said Wednesday that he had not been in the market for some time and really did not know when he would be again.

#### Colored Movies Going Good.

Thad Clinton, genial insurance man and good fellow, and in addition to his other qualifications directing genius in the Dixie Theater Company, an organization composed of local men who have opened a picture show on Bethel street for the amusement of colored people, is well pleased with the outlook for the show. While "T. P." and his associates do not expect to get into the bloated bandhold or class for quite a while yet out of their venture, still receipts from the several performances thus far have showed a big balance on the profit side of the ledger and if the colored people continue to patronize the movies in the future as they have in the past, the movie promoters say that they will have no kick coming. It is the purpose to exhibit pictures on Tuesday, Thursday and Saturday nights of each week for the present at least, and if business justifies it later on a show will be put on every night.

#### Getting Ready to Build.

A goodly portion of the brick to be used in the construction of the new First Presbyterian church of Clover have arrived and are now on the church grounds ready for use. Promoters of this largest building enterprise for Clover, said Wednesday that they were unable to say definitely when construction work will be gotten under way.

#### Wesleyans Hold Revival.

Following in the rear of a revival

meeting recently concluded at the Methodist Episcopal church here at which there were ten additions to the church and a number of backsliders received into the fold, a series of revival services has been commenced at the Wesleyan Methodist church in Clover. The pastor, Rev. Earl Armstrong, is being assisted by Rev. E. W. Black, well known evangelist and pastor of Knoxville, Tenn. A feature of the services now being held is the song services which are in charge of Mrs. Comer and daughter, Miss Clara Comer, well known singers and choir directors of Asheville, N. C. The meeting will continue indefinitely.

#### Hickory For Axe Handles.

Arthur Quinn, well known Clover citizen has recently shipped a big lot of fine hickory logs to Hickory, N. C., where they will be shipped into hickory axe handles and part of the handles will doubt be sold to choppers in Clover and the community. The lot of logs lay along C. & N.W. tracks here for several days and was about as fine a selection as has been cut in Kings Mountain or Bethel townships in many a day.

#### Ice Plant Soon Ready.

J. E. Beaumgard of the Clover Cotton Oil Company said that the company was not waiting for an expert to erect an ice plant recently purchased for the purpose of serving the ice consuming public of this section. Mr. Beaumgard was of opinion that the factory would be turning out ice by April 15, or thereabouts.

#### There Will Be Few Gardens.

The number of good gardens in Clover will be fewer this year than usual, it now appears. It is almost impossible to hire gardeners at any price, and people with teams want 80 cents an hour for themselves and their teams to do plowing. Clover people say that the plow men are not keen to do the work at that price. There are very few people in Clover who consider a garden a paying proposition if they have to pay such prices as that, and hence the opinion that there will be fewer good gardens than there were last year.

#### COLLISION OF FRENCH AND GERMAN PATROLS.

PARIS, Apr. 8.—It is reported from Coblenz that there has been a collision of French and German patrols between Bad Nauheim and Nieder Wollstadt, north of Homburg. In the exchange of shots a German officer was wounded. The report is confirmed from other sources.

### BESSEMER CITY ORGANIZES BAND AND BASEBALL TEAM

Correspondence of The Daily Gazette. Bessemer City, April 9.—A mass meeting of much interest to Bessemer City and surrounding community was held Tuesday night in the W. O. W. hall for the purpose of organizing a Bass Ball Association, a band and a fire department. The meeting was called to order by Mr. C. A. Davis and Prof. A. S. Ballard was elected chairman, with Mr. Davis as secretary.

After discussion it was decided to appoint a board of directors for the bass ball association, a committee to take steps to organize a band, and a committee to confer with the town board in regard to the appointment of a fire chief. Messrs. O. M. Vernon, B. F. Withers, Carl G. Carpenter, Dr. George Patrick and Dr. Mathews were appointed bass ball directors, and they will take steps at once toward getting an efficient manager, and a team of first class players. Bessemer City fans are elated over the prospects of having a winning team this year. Mr. C. A. Davis was appointed chairman of the band committee. He will appoint his own assistants, and as at least part of the money for the band is in sight, the organization will be completed in a very short time.

On motion of Mr. C. H. Goodrow, a Boosting Committee was appointed for the purpose of boosting the town along all lines. This committee will meet in the graded school auditorium next Monday night, April 12th, for the purpose of discussing the improvements which the town needs. The public is cordially invited to attend this meeting. Mr. Davis will see that there is an efficient corps of musicians on hand to furnish music for the occasion. Everybody is invited out to have a good time.

The base ball which was to have been played at Mount Holly last Monday between the Bessemer City school and the Mt. Holly school, was postponed on account of the weather. It will be played next Monday afternoon, April 12. This will make the second game played between these two teams.

The first was won by Bessemer City by a score of 11 to 9.

Bessemer City will play Raulo on the local grounds this afternoon. The Bessemer City debating team, consisting of Abb Wolfe and John Ormand, will go to Belmont tonight for the purpose of meeting the Belmont team in the annual state wide debaters' contest. Belmont will send their negative team here tonight to contest against our affirmative team. In each case the affirmative team will debate at home. Robert Ormand and Clyde Kiser will uphold the affirmative side of the question for Bessemer City. The question to be debated is, Resolved: That the U. S. should adopt a policy of further material restriction of immigration.

### FURTHER PARTICULARS OF MR. LUTZ' DEATH.

In The Daily Gazette of March 27 a short item was carried under a Lowell date line, regarding the death of Mr. Garland E. Lutz, formerly of this county, which occurred on Friday, March 19, at Sterling, Col.

"Garland E. Lutz, aged 26 years and a former service man, died on Friday evening, March 19, at the home of his parents, Mr. and Mrs. D. F. Lutz, five miles north of Sterling. He had been a resident of the county only three weeks, coming here with his parents from Gastonia, N. C., to join his brothers and a sister already here.

"He was a member of Company D, 105th Engineers, and with that organization saw much service in France. He was wounded in Northern France and this wound, together with exposure while in the army, caused a tumor to form on his right side, the ultimate end coming from a hemorrhage of this tumor.

"Besides his parents, Mr. Lutz is survived by the following brothers and sisters: Messrs. W. E., J. L., Giles G., Foll and Russell Lutz, and Misses Lelia Pearl and Rhoda Lee Lutz, all of whom live here.

"The funeral services were held Sunday afternoon, March 21, at three o'clock from the Methodist church here, being conducted by Rev. R. H. Ayres. A large number attended the service, including many members of the local post of the American Legion. The body was buried in the Sterling cemetery."

### SHIPS FIGHTING GAME—COCKS TO MEXICO.

Yorkville Enquirer. While cock fighting has grown into disfavor and more or less disrepute in York county and South Carolina, and most of the old time professional rooster raisers of this vicinity have given up the business, the sport is still quite popular in the western states and in Mexico where the greasers let up every few days in the business of killing and plundering each other in order to stage a fight. Earl C. Bigger, a game rooster raiser of Bethel township, on Wednesday shipped three fierce looking cocks to a party in a small Arizona town, and it was said around Clover that the cocks would be hustled over the line into Mexico. The three games were valued at \$30 by the shipper.

After living for the past five years in the belief that the boy was probably dead since he had had no word from him in that time, Mr. John W. Lawrence, well known farmer and Confederate veteran living near Clover, has received a letter from his son, Andrew Jackson Lawrence, who went west about nineteen years ago and who is now living at Rio Dois, California. The junior Lawrence who is in his thirties and who is well remembered in Kings Mountain township, explained in his letter to the family a short time ago that he had been intending to write from time to time but had just simply neglected to do it. He has been in the contracting business with the same firm ever since he went west, he said.

Noah Banks, well known old colored man of Yorkville, who is now in his 86th year, and who prior to the War Between the States was a slave of the late William Avery, related a bit of local history to Here and There the other day that is not generally known. Old Noah was talking about the building of the present First Presbyterian church of Yorkville, which incident he remembers very well. "Maybe, you didn't know it boss," he said; "but there was a man killed while helping in the building of that church. I remembers it very well. He was a young white man; but I have forgotten his name. He was helping to place some timber when a big piece going into the roof of the church fell on his head and hid him cold. My mind won't let me remember what that man's name was, though."

### POLITICAL SPEAKING.

Saturday night April 10, at eight o'clock, it being satisfactory to the country officials, I will speak at the county court house in behalf of my own candidacy for the Democratic nomination for Congress in the Ninth District.

It will be a genuine pleasure to me if a representative crowd will turn out. May it be a mixed audience, because from this good day on the good influence of the hand which has never been allowed to do more than rock the cradle is to be allowed to aid us in "cleaning up politics."

Remember my speech Saturday night will not be on labor, but political.

### Sure Signs of Storms.

A sudden and local motion of the air, not otherwise seen but by its whirling up the dust on a dry road in calm weather, in the manner of a waterspout, is a sure sign of a coming storm. When swallows fly low it is a sign of approaching rain. This is accounted for by the fact that before rain insects which are the swallows' food fly very low, and the swallows always fly where their food is.
