Health and Beauty

The "natural look" has, at last, come into its own. Even Hollywood, the home of extreme make-up and hair coloring, is singing its praises. Heavy, pancake-type powder, pencil slim eyebrows and the heavily-rouged mouth, are things of the past.

Men have long been drawn to natural beauty, and it is a mystery that it has taken women so long to catch on.

By "natural looking" don't think for a minute you should throw away your powder, rouge, mascara, etc. However, use them sparingly and artistically to play-up good features, and play-down bad ones.

With all this emphasis on naturalness, it is more important than ever before to make sure you have the good health necessary for bright eyes and hair, a clear, alive-looking skin and a ready smile.

These things cannot come out of a cosmetic jar. Nothing will do for you what eight hours of sleep each night will. A well-balanced and sensible diet, coupled with enough exercise, is the very basis of good looks.

Your family doctor and dentist are a great deal more important to your appearance than your beauty parlor operator, for she can only work on the surface.

A lovely figure and good posture are a sign of good health and a well-adjusted personality. If you are confined in an office all day you should take some kind of regular exercise. A brisk walk around the block, or patterned exercises in your home will be good for you.

NEWS from HOLLYWOOD

Remember, such a few short months ago, when June Allyson announced that she was "retiring" from the screen and would devote herself "to my home, my husband (Dick Powell) and my children—as I've wanted to do for a long time." That resolution lasted just two weeks. Now, finishing work with Jimmy Stewart on "Strategic Command," June has seven pictures lined up, including a musical at Warners, another at Paramount, co-starring with Alan Ladd, "A Woman's World" at 20th-Fox, "Foxfire" at U-I and "Not As A Stranger" for Stanley Kramer.

While visiting Debbie Reynolds on the set of "Athena," Robert Dix—who has been dating Debbie—was spotted by Director Richard Thorpe, who, after a good look at him, promptly put him in the picture.

When the film biography of Charles A. Lindbergh—"The Spirit of St. Louis"—is made, the Lindbergh role may be handled by Metro's John Erickson.

In "Crowded Paradise," which deals with Puerto Ricans in New York and the crowded conditions in which they live, Nancy Kelly plays a blind girl, without make-

up. Hume Cronyn has the role opposite Nancy.

Darryl Zanuck is testing Cameron Mitchell for the title role in "A Man Called Peter," the story of the late Peter Marshall, United States Senate chaplain.
