Top Easter Dinner With Beautiful, Easily Made Dessert

BY DOROTHY MADDOX

IT'S time to begin to think of a glamorous dessert for Easter dinner. And if you decide on ice cream, why not plan to buy block-shaped pints of chocolate, vanilla and strawberry, the kind your grocery or drugstore carries?

Here's how to dress them up easily, into a dessert "production." Arrange the three blocks on a handsome dish or platter. Surround with nests of frosted cupcakes sprinkled with shredded coconut. Place cookie bunnies or chicks and jelly beans in the nests. Serve minted pineapple sauce over the ice cream. (Orange sauce or raspberry sauce are equally beautiful, and just as good to eat.)

Minted Pineapple Sauce

(Yield: 2 cups)
One can (20 ounces) crushed pineapple, ¼ cup light corn syrup, ½ cup sugar, ¼ teaspoon peppermint flavoring, green food coloring.

Drain pineapple; add enough water to syrup to make ½ cup. Add corn syrup and sugar; cook over low heat, stirring constantly, until sugar is dissolved. Boil 5 minutes. Add peppermint flavoring. Cool; stir in pineapple

Easy to make, pretty to look at, delicious to eat—here's a luscious Easter dessert for you. Serve with Minted Pineapple, Orange or Raspberry Sauce. Be prepared to pass "seconds" to the family.

and few drops green food coloring.

Orange Sauce

(Yield: 1½ cups)
One-third cup water, 1 cup sugar, 1 can (6 ounces) frozen orange juice concentrate.

Combine water and sugar in saucepan. Cook over low heat,

stirring constantly, until sugar is dissolved. Bring to a boil; boil 1 minute. Remove from heat. Add orange concentrate; mix well. Cool. Spoon over servings of prepackaged ice cream.

Raspberry Sauce

(Yield: 1½ cups)
One 12-ounce package frozen

raspberries, ½ cup currant jelly, 2 teaspoons cornstarch, 1 tablespoon cold water.

Mix raspberries and jelly in saucepan; bring to a boil. Blend cornstarch and water to a paste; add to hot mixture and cook, stirring, until mixture boils. Strain and cool. Serve over ice cream.

Rones Chapel WSCS Elects New Officers

The Woman's Society of Christian Service of Rones Chapel Methodist church elected new officers at a meeting held in the church Wednesday night.

Miss Belle Grady, chairman of the nominating committee, presented the following slate, which was accepted by the group: Mrs. Clifford Vernon, president; Mrs. Billy Farmer, vice-president; Mrs. Jimmy Davis, recording secretary; Mrs. Paul Maness, spiritual life secretary; Mrs. Robert Williams, treasurer; Miss Grady, program secretary.

Miss Carrie Williams, secretary of missionary education; Mrs. James Wells, secretary of Christian Social relations; Mrs. Rodney Thigpen, secretary of student work; Mrs. Jarvis Carter, secretary of children's work; Mrs. Harvey Carter, secretary of literature and publications; Mrs. Mabel Faulk, secretary of supplies, and Mrs. Jimmy Kilpatrick, secretary of women status.

Mrs. Ira Kornegay gave the devotional at the Wednesday night meeting and Mrs. Jimmy Davis was in charge of the program.

The hostesses, Mesdames Ira Kornegay, B. G. Kornegay, and Clyde Stevens, served pound cake and ice cream. About 25 members were present.

Good Neighbor Class Is Planning Party

The Good Neighbor class of Rones Chapel Methodist church are sponsoring a "Modern Method" party in the annex of the church Wednesday night.

Members of the various organizations of the church are invited to attend as well as the public. Proceeds from the party will go toward re-decorating the Sunday school room.

Teen Troubles

—By—
John Douglas, M.D.,
and Mary Douglas

Question: Is there such a thing as a test for fathers? I'd like to know just how good (or bad) I am.—W.B., New Jersey.

Answer: Yes. Dr. George W. Crane and others have devised several such tests for parents. Here are some of the questions they suggest fathers ask themselves:

1. Have I sincerely tried to win the confidence of my children?
2. Do I try to understand their point of view?
3. Have I always encouraged their questions and answered them honestly?
4. Have I shunned—or welcomed—talks with my children?
5. Am I interested in their schools? Am I interested in the careers they will follow?
6. Do I attend their school functions?
7. Do I know their teachers?
8. What have I done to make our home a happy place?
9. What do I do after dinner... watch TV? Read? Stimulate conversation among the family?
10. Do I encourage my children to bring their friends home?
11. How well do I know my children's friends?
12. Do I know what my children are reading?
13. Do I know what movies they see?
14. Do I know what places of amusement they visit?
15. Do I know what time my children get home at night?
16. What have I done to encourage recreation at home?
17. Do I set a good example as to character, kindness, honesty, etc?
18. Are my children proud of their father—or ashamed of him?
19. Have they ever heard me use improper language?
20. Do I share the responsibilities of rearing my family? Or, do I leave it all to my wife?

If you must be a machine, be a thinking machine—not a talking machine.

How Can I...?

Q—How can I wash woolen blankets so that they will keep soft?

A—Do not soak unless very soiled, and then for a short time only, in moderately warm suds made with dissolved white soap. A washing machine will cleanse woolens with the least wear and tear. Wash and rinse in several waters, the first soapy and the others clear, and all the same temperature. To preserve the softness add a tablespoonful of glycerine to every two gallons of water used for the final rinsing.

Q—How can I keep the bristles of the new toothbrush from coming out so readily?

A—They will not come out if soaked in cold water, to which a little salt has been added. Soak for about 4 hours.

Q—How can I remove old putty from windows?

A—An aid in removing a broken pane in the window is to pass a red-hot poker slowly over the old putty.

Q—How can I remove candle grease?

A—To remove paraffin candle wax from fabrics scrape off as much as possible, place blotting paper under and over the spot, and then press with a hot iron. If

there are any traces left they can be removed with benzine.

Q—How can I avoid having holes when pulling basting threads?

A—Before pulling the basting threads out of material, cut the thread every few inches. It will avoid leaving holes in the materials.

Q—How can I remove tar stains?

A—Sweet oil or lard rubbed on tar or pitch stains will remove them. If the stains are on silk or worsted materials, it is better to rub them with alcohol.

Q—How can I bleach nuts?

A—By immersing them in boiling water for two minutes, then in cold water. Drain and remove the skins, then spread thinly in pans and put in a warm oven to dry for a few hours. The crispness of the nuts will depend upon their dryness.
