Long Ridge Auxiliary July Meeting Is Held

The Woman's Auxiliary of the Long Ridge Free Will Baptist church met last Friday night. Mrs. Jonas Dail, president, presided.

Mrs. H. J. Sutton was in charge of the lesson, which dealt with foreign missions. Betty Lou Sutton led in prayer. The meeting was dismissed with Mrs. Nellie Sutton and Mrs. Pearl Sutton singing a duet.

Double Wedding in Goshen P. H. Church

A double wedding in which Miss Geraldine Best became the bride of Moses King and Miss Hilda Coby became the bride of Jessie Lee Lindsay was performed in the Goshen Pentecostal Holiness church Saturday. Only a few close relatives attended the ceremony.

After the wedding, the couples left for the Blue Ridge mountains.

Presbyterian Circles Will Meet Monday

Circles of the Mount Olive Presbyterian church will meet Monday as follows:

Circle One, Mrs. J. T. Flythe, chairman, with Mrs. Norman Simmons, at 7:45 p.m.

Circle Two, Mrs. Leland Crow, chairman, with Mrs. William Davis, at 8 p.m.

Rones Society Met With Mrs. Holland

The Woman's Society of Christian Service of the Rones Chapel Methodist church met last Wednesday night in the home of Mrs. J. M. Holland.

Taking part on the program were Mrs. Paul R. Maness and Mrs. Billy Farmer. During the business session, plans to paint the interior of the church were discussed.

Mrs. Holland served potato chips, cookies, and soft drinks to 18 members during the social hour.

The testimony of a good conscience is worth more than a dozen character witnesses.

BRIDE-ELECT—Miss Sara Jane Byrd is the daughter of Mr. and Mrs. Thomas Winfield Byrd of Mount Olive, who announce her engagement to Hervey Basil Kornegay, son of Mr. and Mrs. Hervey Battle Kornegay of Calypso. The wedding is to take place October 2. —Tribune Engraving.

How Can I...?

Q—How can I prevent strawberries from settling to the bottom of the jar when canning them?

A—After the strawberries are sealed in the jar, lay the jar flat until cool, then shake until the berries are all through the syrup. With this treatment the berries will neither rise nor settle, and it will also add greatly to the flavor.

Q—How should eggs be prepared for storing?

A—Eggs should never be washed before storing, unless they are for immediate consumption, as washing reduces the keeping qualities.

Q—How can I relieve the pain of sunburn?

A—Should one have no lotions or salve for sunburn, spread butter lavishly over the burned parts. It will prove an effective first aid.

Q—How can I make a remedy for perspiring feet?

A—Boric acid shaken into the stocking each morning not only acts as a deodorant for perspiring feet but gives them comfort. A person with perspiring feet should change shoes and stockings at least twice a day.

Q—How can I avoid having cloudy jelly?

A—As soon as jelly has cooked sufficiently pour it into the glasses. It will be cloudy if allowed to congeal before pouring.

Q—How can I dry out a damp cellar?

A—If the cellar walls are damp and moldy, apply unslacked lime with a garden spray. It will freshen them wonderfully.

Q—How can I make better sweet pickles?

A—A small amount of vanilla and a small amount of lemon extract added to the syrup just before it is poured over the fruit will add a delicious flavor when making sweet pickles.

Q—How can I get rid of ants that persist in getting on the table?

A—Fill some can lids with ground cinnamon, and place the table legs in these lids. The ants will not cross the cinnamon.

Q—How can I remove fruit stains from the hands?

A—By moistening corn meal with vinegar and applying. Or

grease the hands with lard, then wash with soap and water.

Q—How can I keep brocade slippers from tarnishing?

A—They will not tarnish if they are wrapped in black tissue paper between wearings.

The fashion industry has a very interesting and colorful language of its own. This particular jargon is used to describe shoes, dresses, fur, jewelry, hair, makeup or perfume.

People working in the garment business refer to it as the "rag-business."

If you hear a designer say that he is going to "knock off a Trigere," he means he is going to copy a high-priced, high-style Pauline Trigere dress into one in a much lower price range.

"Ford" is a dress that is produced in mass quantity and sold from coast to coast in various ranges. It is usually one of the popular cuts, becoming to all figure types. It is made up in all fabrics, for all seasons of the year.

In the fashion industry there is a fifth season — summer, winter, fall and spring and "slack." Shoe manufacturers refer to A. F., C., shoe widths as: Annie or Albert for A. Bennie for B, and Charlie for C. When hairdressers refer to a "plaid job" they mean a woman whose hair has been dyed many different colors and shows it. In the perfume business, a "nose" is a person who has a knowledge of the many aromatic substances available in the complex method of making perfume. Salesgirls selling perfume refer to women just browsing around as "lookers" who just want to be "sprayed."

No wonder this Hardtop is the HIT OF THE YEAR!

IT'S 4-DOOR HANDY — and priced for action!

This one you'll just have to see. It's a beauty. It's a brand-new kind of car. It's a Buick Riviera with four doors. And to top it all — it's a SPECIAL — the lowest-priced of all Buick Series.

Know what that means? It means you can have the newest hit in hardtops — the most advanced new body design yet — and you can have it in the price range of America's smaller cars.

It means you can have a steel-roofed car with the long, low, sweeping sportiness of a convertible, — with no center posts in the side window areas — and with two separate doors to the rear.

And you can have all this hardtop beauty with sedan comfort and convenience at the easy-to-take modest extra cost of a 4-door model over a 2-door model.

But if you think that's all — listen! This gleaming grace of automobile is a Buick through and through — a '55 Buick, from the hottest-selling line of Buicks in all history.

So here you have the soft, firm steadiness of Buick's all-coil-spring ride and torque-tube stability. Here you have Buick brawn, Buick solidity, Buick handling ease, Buick styling and visibility and interior luxury.

And here you have the lift and life of vigorous new V8 power of record might — and coupled to the spectacular performance of Buick's Variable Pitch Dynaflow.*

Why wait a day longer — when you can come in right now and try the first true hardtop with the extra comfort, room and convenience of a full-sized 4-door sedan?

Drop in tomorrow, first thing — for a look at the price, and an idea of the whopping-big trade-in deal our huge sales volume permits us to make.

*Variable Pitch Dynaflow is the only Dynaflow Buick built today. It is standard on ROADMASTER, optional at modest extra cost on other Series.
