

Just Once! Try Dodson's Liver Tone! Take No Calomel! Listen To Me!

If bilious, constipated, headachy or sick, I guarantee relief without taking dangerous calomel which sickens and salivates.

Stop using calomel! It makes you sick. Don't lose a day's work. If you feel lazy, sluggish, bilious or constipated, listen to me!
Calomel is mercury or quicksilver, which causes necrosis of the bones. Calomel, when it comes into contact with sour bile, crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone.
Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't

straighten you right up and make you feel fine and vigorous by morning. I want you to go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.
I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tone will keep the entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste. —Adv.

The Boston Youth Again.
Little Willie Emerson Higginson had just been strapped by his irate parent on the father's side.
Yet he was not weeping.
His mother said:
"William, I believe that was a mere pretense of a whipping that your father gave you."
"Begging your pardon, my dear female progenitress," said Willie, "that was no camouflage." —Farm Life.

Just a Small Matter.
Salt is carried down year after year into the sea, where it accumulates. If, then, we can divide the entire amount of salt at present in the ocean by the amount carried down in a year, the quotient will be the probable age of the earth. Simple? Oh, yes. Professor Joly has worked it out to 99,000,000 years, but to be on the safe side he reduces the number to 90,000,000 years. A little matter of 10,000,000 years is negligible to those who can think in such numbers.

Modern Love.

HAARLEM OIL CAPSULES IF YOUR BACK ACHES

Do you feel tired and "worn-out"? Are you nervous and irritable? Don't sleep well at night? Have a "dragged out," unrested feeling when you get up in the morning? Dizzy spells? Bilious? Bad taste in the mouth, backache, pain or soreness in the loins, and abdomen? Severe distress when urinating, bloody, cloudy urine or sediment? All these indicate gravel or stone in the bladder, or that the poisonous microbes, which are always in your system, have attacked your kidneys.
You should use GOLD MEDAL Haarlem Oil Capsules immediately. The oil soaks gently into the walls and lining of the kidneys, and the little poisonous animal germs, which are causing the inflammation, are immediately attacked and chased out of your system without inconvenience or pain.

Don't ignore the "little pains and aches," especially backaches. They may be little now but there is no telling how soon a dangerous or fatal disease of which they are the forerunners may show itself. Go after the cause of that backache at once, or you may find yourself in the grip of an incurable disease.
Do not delay a minute. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlem Oil Capsules. In 24 hours you will feel renewed health and vigor. After you have cured yourself, continue to take one or two Capsules each day so as to keep in first-class condition, and ward off the danger of future attacks. Money refunded if they do not help you. Ask for the original imported GOLD MEDAL brand, and thus be sure of getting the genuine. —Adv.

MOTOR TRUCK TO TRANSPORT EGGS

Producers Find Experiment So Satisfactory That They Will Extend Service.

QUICK DELIVERY IS RESULT

Fruits, Vegetables and Other Products in Season to Be Carried—Merchandise Is Hauled by Trucks on Return Trips.

Last year producers of eggs near Vineland and Millville, New Jersey, had difficulties getting their eggs to dealers in New York City. This year, however, they travel direct by motor truck to the dealers' doors and arrive in less time and with less loss from breakage than in other seasons.

This community of producers has found the results of their experiment of shipping eggs by motor truck so successful that they are planning to extend their efforts to cover fruits and vegetables, poultry, and other products in season.

Eggs by Motor Truck.

Following a season in which transportation troubles made shipments to New York City unsatisfactory the farmers, sought assistance from the bureau of markets of the United States department of agriculture, and specialists on motor-truck marketing made a survey of the situation. This was followed by a group of producers agreeing to ship their eggs by motor truck and to bring the cases to designated places along the route the truck was to cover. A large commercial motor-truck company, operating a fleet of trucks between New York and Philadelphia, was interested and agreed to make a detour on their trips to New York, to which city their trucks had often traveled without being loaded, to take in Vineland and Millville. Local farmers and merchants in these two towns agreed to give their hauling business from Philadelphia to the truck company and thus insure a full load for the trucks all the way from Philadelphia to New York.

Capacity of Trucks.

The trucks have a capacity of about five tons, and can take 200 crates of eggs. On the first trip only 150 cases were ready at the roadside and the balance of the load was made up of crated glass from Vineland and Millville. This first load went the 140 miles in the record time of 15 hours with not an egg broken on the way. The truck went across on the ferry boat from the New Jersey shore, and the eggs were delivered on the sidewalks in front of the wholesale houses. On the return trip the truck hauled merchandise from New York direct to Philadelphia.

Some of the dealers in New York City are offering a premium of from one-half to one and one-half cents a dozen for eggs shipped by motor truck from Vineland and Millville, because the eggs arrive in better condition and in quicker time than when shipped by rail. This premium alone more than covers the difference in cost of shipping by motor truck and by rail, and, in addition to the time saved, the motor-truck service is more dependable and gives better delivery. The eggs, as yet, are not pooled, but consist of individual shipments to a number of dealers.

TRAIN FOR HARD WORK

Is there a physical training class in your town?

If not, this is a good time to start one—a physical training class to harden the soft muscles of town and city men, so they can go to farms and do effective work during emergency needs for farm labor in their counties and communities.

Kansas City started a "loyal physical fitness class" some weeks before the time for the wheat harvest. The idea spread all over the state. In many towns and cities similar classes were organized, and men made themselves fit for the hard work they were to undertake in the fields as volunteer harvest workers. The Kansas wheat crop couldn't have been harvested if thousands of patriotic men from the towns and cities had not volunteered to save this crop that will help feed the fighters at the front. And a great many of these men couldn't have worked as effectively, and some of them would have been forced to drop out altogether, if they had not been prepared for the physical strain by preliminary training.

Uncle Sam needs the help of every loyal American citizen. Either work or fight! You can't do your best work, either at your present job or at any other job, or in the fields temporarily as a farm volunteer, unless you are physically fit.

A few weeks' work in a physical training class will "harden" you surprisingly. Start a class in your town. Be ready to go to work effectively, be able really to accomplish something in the fields when the call comes for patriotic town men to do emergency farm work in your section. An open space—the courthouse square or a vacant lot or a big back yard—a lender who knows the army, "setting up" or other movements and exercises—and determination on the part of the men of your town—these are all the things you need.

Finding Help for Harvest.

Kansas answered the call for increased food production. Kansas planted more wheat. Kansas knew, of course, that a tremendous amount of man power would be required to harvest that crop. But Kansas wasn't dismayed. Uncle Sam called for more wheat. Kansas planted more wheat. Kansas knew that wheat would be harvested and that people in the towns and cities would go to the fields to help do it!

And that is precisely how it is being harvested—by people from the towns and cities of Kansas. A literal exodus of all the urban people hasn't been necessary, of course. But all that were needed went—and more were ready if help do it!

The state-wide campaign for town volunteers for farm labor service during the harvest was launched at a Kansas City conference the latter part of May. Representatives of the United States department of agriculture reminded all the co-operating agencies at that conference of the policy that department has been urging since the beginning of the war—the use of town man power for local farm labor needs during seasonal emergencies.

SKIN ERUPTIONS ON THE FACE

are unsightly and mar the appearance of many a woman whose face would be otherwise attractive. There is no need for this. Just get a box of Tetterine and use it regularly and you will be surprised how quickly pimples, blotches, itchy patches, etc., disappear and how soft and clear the skin becomes. Nothing better for eczema and other skin troubles than Tetterine. Sold by druggists or mailed for 50c. by Shuptrine Co., Savannah, Ga.—Adv.

Cutting Out Things.

The Effects of Opiates.

THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying powers are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly deprecated, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them willfully with narcotics.
