

Sale of Valuable Land At Auction!

On Friday, Nov. 1st, 1918, at 11 O'clock, A. M. the undersigned will offer for sale at public auction for cash, on the premises, a tract of land containing about 400 acres, it being a part of the estate of the late Mrs. Saille McPhaul.

This land is situated about three miles from Red Springs, N. C., and two miles from Antioch Church. This land is in easy reach of Three Good Graded Schools, a College for Girls and several churches of all the leading denominations. The land is of a clay subsoil, naturally drained, about 110 acres under cultivation, and it is capable of being brought to a high state of cultivation.

This tract of land has been subdivided into Three Good Sized Farms. The Three Farms will be offered separately, and then the entire tract as a whole, and should the entire tract as a whole bring more than the total of the three tracts offered separately, then the highest bidder on the entire tract shall be declared the purchaser; otherwise, the highest bidders on the three separate tracts will be declared the purchasers.

Any one interested in these Farms will please see the undersigned at the Bank of Red Springs, or Mr. Murdoch McDonald at his home, and all desired information will be gladly given.

Time of Sale: Friday, Nov. 1, 1918, at 11 A. M.

Place of Sale: The Premises.

Terms of Sale: Cash,

This October 2nd, 1918.

J. S. JONES,
Administrator.

INFLUENZA.

From the best information we can get we believe INFLUENZA is spread from one to another by association and we know that

Crowding at Cotton Gins

makes it an ideal place to spread the disease if what the United States Public Health Service tells us is correct and relying upon list (1) reading as follows: "As the disease seems to spread chiefly by spray infections, all crowds should be avoided," we believe it is our duty to the community to close down our gin to prevent spreading the epidemic in this section and we will remain closed until the Morning of October 30th.

The cotton market is declining because cotton is being offered without legitimate buyers as most of the mills are seriously hampered in their operations on account of the Influenza.

The Influenza situation is not serious in Raeford nor in this immediate section and it is our intention to do our part to keep it from spreading.

WILL YOU DO YOURS---KEEP OUT OF CROWDS?
