

**WATER WITH ASPIRIN**

The Bayer Company, who introduced Aspirin in 1900, give proper directions.

The Bayer Company, who introduced Aspirin, tell in their careful directions in each package of genuine Bayer Tablets of Aspirin that to get results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacturing of Monoaceticacidester of Salicylic Acid.—Adv.

**Playing the Game.**

Grace—She saves all letters she receives from her male friends.

Edythe—For mere sentiment?

Grace—No; she thinks she might work a breach of promise suit out of them.

**The Worrisome Ones.**

"Well, granddad, you don't worry over your seventy-five years."

"No. Only over the last five."—Megendorfer Blatter (Munich).

**Lift off Corns!**

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callous. Instantly it stops hurting, then shortly you lift that bothersome corn or callous right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

**Even Were New Suits Not \$40.**

Sir Oliver Lodge says that dying is like discarding an old suit of clothes. To some of us doing the latter is almost as hard as dying, truly.—Boston Transcript.

**WOMEN! DYE RIGHT! SAY "DIAMOND DYES"**

Don't Spoil or Streak Material in a Poor Dye

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether

wool, silk, linen, cotton or mixed goods.

Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color card.

**BELOVED GOLF CAME FIRST**

Little Things Like Marital Ties and the Demands of Business Didn't Worry These Devotees.

A golfer's wife had just told her husband that she intended to leave him forever, not because he was a golfer, but for some other reason.

"Will nothing alter your decision? Will nothing induce you to stay?" he asked.

The wife was obdurate. "Well, he said, "It is a terrible shock, but while you are packing, I think I will go out on the lawn and do a little putting!"

This is reminiscent of a story of one of the heroes of golf, an Edinburgh innkeeper who lived a hundred years ago or thereabouts. He was so devoted to the game that he started playing at dawn and was seen at night putting on the greens by the light of a candle. At last his wife applied for a separation on the ground that her husband was not attending to his business.

He went to the court, admitted the impeachment, and said: "She can have all I got if she will give me so much a week to buy golf balls. She can look after the business!"

**Golden Opportunity.**

Judge—Haven't I seen the defendant some place before?

Lawyer—Yes, your honor; he taught your wife how to sing like a grand opera star.

**ALL SHE WANTED TO HEAR**

Possibly Clerk Had More Information to Give Out, but Elizabeth Wouldn't Wait.

Elizabeth tripped blithely into the country post office.

"I want to know," she demanded with a telltale blush as she handed the clerk a pink communication addressed to her lover, "how long it will be before I get an answer to this letter?"

"That depends," he answered; "if he's in jail they will let him write once a month only; if he's dead broke he'll have to wait till he can earn the price of a stamp, and I have no data upon which to base an opinion of his earning capacities. If he's ill in bed he may not care to dictate to a disinterested third party, and if it's smallpox they won't let him write at all; ditto, if he's dead. Then, again, if he's got a new girl—"

At which moment he realized that the fair Elizabeth had frown.—Pittsburgh Chronicle-Telegraph.

**Concluding the Ceremony.**

The Justice of the Peace—Do you take this woman to be your lawful wedded wife?

The Bridegroom—I do. The Justice—Then I pronounce you man and wife. And remember you asked me to do this. Don't ever blame me.

**JOINT RESOLUTION TO DECLARE PEACE**

SUBSTITUTE FOR RESOLUTION RECENTLY PASSED BY THE LOWER HOUSE.

**TO BE WEEKS OF DISCUSSION**

Virtually Solid Democratic Opposition to the Measure is Predicted by Leaders of That Party.

Washington.—A joint resolution proposing repeal of resolutions by Congress declaring a state of war with Germany and Austria-Hungary has been reported out by the senate foreign relations committee by a strict party vote.

Introduced by Senator Knox, republican, of Pennsylvania, as a substitute for the republican resolution recently passed by the house, the measure was formally presented to the senate late in the day by Senator Lodge, the republican leader.

Leaders of both parties predicted several weeks of discussion with little prospect of action until near the time set for a recess for the national conventions.

Virtually solid democratic opposition to the substitute was predicted by leaders of the party.

**INAUGURATION OF PRESIDENT CHASE**

THIRTY COLLEGE PRESIDENTS INTERESTED WITNESSES TO BRILLIANT CEREMONIAL

**GOVERNOR BICKETT PRESIDED**

President's Address was an Analysis of How a State University Could Aid in Upbuilding New South

Chapel Hill.—In the presence of a large crowd of distinguished educators and public officials, Dr. Harry Woodburn Chase was inaugurated president of the University of North Carolina, the oldest state university in the United States. Among the visitors were more than 100 representatives of colleges and learned societies, including more than 30 college presidents.

President A. Lawrence Lowell, of Harvard, President John G. Hibben of Princeton, Dr. Charles R. Mann, head of the War Department's educational system, President Poteat of Wake Forest, State Superintendent of Public Instruction E. C. Brooks, W. N. Everett of Rockingham, Dr. Archibald Henderson of the University faculty, and others took part in the inaugural exercises, which were presided over by Governor T. W. Bickett. Chief Justice Walter Clark of the supreme court of North Carolina administered the oath of office to President Chase, and Bishop Joseph B. Cheever delivered the invocation and pronounced the benediction.

President Chase's inaugural address on the "State University and the New South" was an analysis of how a state university could help in the upbuilding of the new south through the material prosperity of the present day. "To transform industry into something more than a method of making a living or of accumulating wealth, to make of it a great instrument for achieving the ideals and aspirations of democracy itself—this is to write a chapter in southern history that the whole world will read," said President Chase.

Hickory.—Corinth Reformed church has made such rapid progress in the canvass in the forward movement of that church to raise \$11,000,000 that local officers believe there will be no difficulty in raising \$35,000 here. This will put the Hickory congregation far over its quota.

Windsor.—The county commencement of the public schools of Bertie county was held here. The main incidents were the great chorus of children from all parts of the county and a magnificent address by Dr. E. C. Brooks, State superintendent.

Hickory.—Hickory people accepted the census figures without batting an eye. They had not expected a great showing, because most of the new industries in the past ten years have gone outside the incorporated limits and as a result Highland, Brookford, Longview and West Hickory, all incorporated towns have almost assumed city airs.

Incorporation papers were issued by the Secretary of State to the University Hotel Company, of Chapel Hill, with a capital stock of \$250,000 and \$800 paid in, by E. G. Wright, Greensboro; J. W. Umstead, Tarboro, and W. S. Roberson, Chapel Hill. The new company plans the erection of a modern hotel at the University town, to be completed as soon as arrangements can be perfected.

Statesville.—The school board has closed contract for the erection of two new city school buildings that have been under contemplation for some time.

The front street building for white children is to be a modern structure in every way, well ventilated rooms, large auditorium, library, physical culture room, etc.

The building for the colored children is to be an up-to-date structure also.

**Preparing for Grand Opera**

Asheville.—With the election of officers of the Asheville Musical Festival Association here, the association having been chartered, announcement is made Madame Schumann Heink, the noted contralto, will head the list of artists who will sing here during the first grand opera week, which will be held from August 16 to 21. Under the leadership of Thaddeau Rich, regular assistant director of the Philadelphia Symphony Orchestra.

Fifty artists of that renowned organization will give six night concerts, and three matinees.

**Election on Power Plant**

Greensboro.—Petition by the Southern Power company for a franchise permitting it to establish and operate an electrical system in Greensboro was presented to the city commissioners by attorneys for the petitioner.

It seems probable that a special election giving the voters a chance to pass on the question of granting the franchise will be ordered, as the city fathers are without authority to grant the franchise until ordered to do so by the people at the poles.
