Teamster's Life Saved

"Peterson Ointment Co., Inc. I had a very severe sore on my leg for years. I am a teamster. I tried all medicines and salves, but without success. I tried doctors, but they failed to cure me. I couldn't sleep for many nights from pain. Doctors said I could not live for more than two years. Finally Peterson's Ointment was recommended to me and by its use the sore was entirely healed. Thankfully yours, William Haase, West Park, Ohio, care P. G. Reitz, Box 129." Peterson says: "I am proud of the above letter and have hundreds of others that tell of wonderful cures of Eczema, Piles and Skin Diseases." Peterson's Ointment is 40 cents a box. PLANNING STORAGE FOR 1920 COTTON

GREAT WAREHOUSE THAT WILL HOLD 22,000 BALE\$ IS TO BE BUILT AT CHARLOTTE.

INCORPORATED FOR \$500,000

The Plant to Offer a Service Which Includes storing Samples Selling and Shipping for Patrons.

Charlotte.—Charlotte is to have a cotton warehouse capable of taking care of 22,500 bales of cotton gathered from the 1920 crop, according to plans announced by J. H. Cutter, one of the incorporators of the Standard Bonded Warehouse Company. Papers asking for authority to incorporate with a capital of \$500,000, with \$350,000 paid in, is filed in Raleigh.

Contract for the erection of the warehouse on a tract of eight acres of land, near the Buckeye Cotton Oil Mill, is to be let within the next ten days. Bids already received range from \$300,000 to \$350,000. While the plant will be built to take care of 22,500 bales at first, it is expected to make additions at an early date to provide for storage for 35,000 bales.

Incorporators are T. J. Davis, Leroy Springs, A. J. Draper, L. C. Withers, J. K. Livingston, Savannah, Ga., and J. H. Cutter.

The plant is to be for the benefit of cotton mills, merchants and manufacturers, offering a service including storing, sampling, selling and shipping for customers. Plans for the plant have been supervised by J. E. Strirne, engineers and architect of Greenville, S. C. They call for complete fire equipment, including the sprinkler system, and modern devices for handling the cotton. The eight acres of land selected for the site were bought some time ago direct for \$31,000.

Asheville.—An average of 33 stills per month and an average of 25 arrests of owners per month, since the first of the year, is the record of the prohibition agents working out of the Asheville district under J. H. Reed. This record shows a total of 156 stills captured and destroyed.

Wilson.—When it comes to rending asunder what God has joined together, Reno, Nevada, has nothing on Wilson town, which has been dubbed, "Reno, No. 2." Before Judge Lyons during the sitting of one jury they gaped to break the nuptial knots of twelve couples who have been trying out marriage "on the European plan."

Asheville.—J. E. Duckworth, aged 92, one of the oldest men in western North Carolina and the father of 20 children, has just professed faith in Jesus Christ and has been baptised at Cathey's creek, in Transylvania county, by Rev. W. N. Bradshaw, of Hickory. He is believed to be the oldest man, who has ever been baptised in Transylvania and the immersion was witnessed by a large number of people.

Born in the heart of the mountains, this man has grown to almost the century mark without having ever been connected with any church or shown any inclination to do so, until a few days ago. Not only has he 20 children, all living, but he has scores of grandchildren and great grand children.

Gastonia.—Grand Master C. O. McMichael called the Grand lodge of North Carolina, Independent Order of Odd Fellows, to order and the business of the 77th session was handled with dispatch.

The committee's report on the state of the order showed an increase in membership, as well as a satisfactory financial condition.

Since January over 700 members have been added to the order's membership in the state.

Considerable rivalry developed as to the next place of meeting, Greensboro, Raleigh and Durham, pushing their claims for the honor, but Salisbury was selected by a large vote over the others.

Hospital Monument Indorsed Charlotte.—Hearty endorsement of the movement to bring to Charlotte the hospital to be erected by the Baptists of the state was given at the meeting of the Mecklenburg County Medical society.

Dr. C. M. Strong, president was authorized to appoint a committee to work in conjunction with the central committee.

The doctors also made provision for assisting the local nurses in entertaining convention of the North Carolina Nurses' association.

No More Carnivals in Raleigh. Raleigh.—No more carnivals in Raleigh after June 1. The county commissioners first put the ban on the form of public amusement, and the City Commissioners took similar action by adopting an ordinance forbidding the City Clerk to issue license for carnivals or shows of a similar nature.

The action of the city and county authorities in this matter is in line with steps of a similar nature taken by a number of cities and towns of the State.

FAINING AND DIZZY SPELLS

The Cause of such Symptoms and Remedy Told in This Letter.

Syracuse, N. Y.—"When I commenced the Change of Life I was poorly, had no appetite and had fainting spells. I suffered for two or three years before I began taking Lydia E. Pinkham's Vegetable Compound and the Liver Pills which I saw advertised in the papers and in your little books. I took about twelve bottles of your Vegetable Compound and found it a wonderful remedy. I commenced to pick up at once and my suffering was relieved. I have told others about your medicine and know of some who have taken it. I am glad to help others all I can."—Mrs. R. E. DEMING, 437 W. Lafayette Ave., Syracuse, N. Y.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Moreover this reliable remedy contains no narcotics or harmful drugs and owes its efficiency to the medicinal extractives of the native roots and herbs which it contains.

What They Called Each Other. "Both ob dese here gents," said the witness, Mandy Thomas, rather impressed with the importance of being in 'court, "was standin' at the corner conversin' with each other pretty hot an' pointed like."

"Relate the conversation," said the prosecutor. "Ah don't remember it, sah," said Mandy, thoughtfully, "cept dat dey was callin' each other what dey is."

BRACE UP!

The man or woman with weak kidneys is half crippled. A lame, stiff back, with its constant, dull ache and sharp, shooting twinges, makes the simplest task a burden. Headaches, dizzy spells, urinary disorders and an "all worn out" feeling are daily sources of distress. Don't neglect kidney weakness and risk gravel, dropsy or Bright's disease. Get a box of Doan's Kidney Pills. They have helped other people the world over. Ask your neighbor!

A North Carolina Case

Mrs. A. K. Weaver, Park Ave., Marion, N. C., says: "My kidneys were so annoyed me that I felt heavy ache in my back. I felt tired and run down. When I tried to sweep, sharp pains shot through my back like knife-thrusts. I felt dizzy and black specks came before my eyes. I had severe pains in my head. I took Doan's Kidney Pills and they entirely cured me."

Hell No Summer Resort Charlotte.—Evangelist Brown, who is conducting a revival at the city auditorium, preached a sermon on "The First Minute After Death." In repudiating the idea of "soul-sleeping" he referred to the rich man and Lazarus. He said: "From this passage we learn that the souls in the intermediate state are active and not asleep. We learn also that the rich man was in torment, which refutes the modern idea that hell has been turned into a summer resort."

102nd Birthday Celebration.

Spencer.—A. Cowan, aged 81, a Confederate veteran attended the birthday celebration of his mother-in-law, Mrs. Charity Hicks, who was 102 years old May 12.

Although over a century old, she is hale, hearty, active about the home and converses freely about occurrences nearly one hundred years ago, and looks just about like she did when the average person can remember. She is the oldest citizen of the large town in the state.

Farmers Visit Catawba

Hickory.—Fifteen Davie county farmers under the chaperonage of Editor Frank Stroud, of The Mocksville Record, spent a day in Catawba county and returned home, according to one of their number, determined to make Davie a better county.

They have the same possibilities that they had seen developed into realities in Catawba county and with good markets on both sides they are expecting to see wonderful progress in the dairying industry in the next few years.

For more than Forty Years Cotton Growers have known that POTASH PAYS

More than 11,651,200 Tons of Potash Salts had been imported and used in the United States in the 20 years previous to January, 1915, when shipments ceased. Of this 6,460,700 Tons consisted of

KAINIT 20 per cent MANURE SALT

which the cotton grower knew was both a plant food and a preventive of blight and rust,—with it came also 1,312,400 Tons of

which has the same effects on Cotton, but which was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have been resumed but the shortage of coal and cars and high freight rates make it more desirable to ship Manure Salt, which contains 20 per cent of actual Potash, instead of Kainit, which contains less than 13 per cent actual Potash.

MANURE SALT can be used as a side dressing on Cotton in just the same way as Kainit and will give the same results. Where you used 100 pounds of Kainit, you need to use but 62 pounds of Manure Salt, or 100 pounds of Manure Salt go as far as 161 pounds of Kainit.

MANURE SALT has been coming forward in considerable amounts and cotton growers, who cannot secure Kainit, should make an effort to get Manure Salt for side dressing to aid in making a big Cotton Crop.

Muriate of Potash

50 per cent actual Potash, has been coming forward also,—100 pounds of Muriate are equivalent to 400 pounds of Kainit or 250 pounds of Manure Salt.

These are the three Standard GERMAN Potash Salts that were always used in making cotton fertilizers and have been used for all these years with great profit and without any damage to the crop.

The supply is not at present as large as in former years, but there is enough to greatly increase the Cotton Crop if you insist on your dealer making the necessary effort to get it for you.
