The staircase in a home usually is conspicuous because of its prominence. First impressions can easily be marred or enhanced by its appearance. A combination mahogany and enamel finish is rich and appealing. It suggests refinement and good taste and lends warmth to the color scheme used in decorating. Pee Gee China Enamel has unusual wearing qualities to recommend it. Then too it is easily kept clean. Comes in ivory and white—finishes may be egg shell or gloss. Let us show you the attractive Pee Gee China panels.
