The cold snap cost Raeford a stack of money to repair in burst water pipes.

Virginia Love, a colored woman, who lived near Bowmore was burned to death one day last week when her clothing took fire while she cooked dinner in an open fireplace.

Starting Right

Make Nineteen and Twenty Four the best year ever.

Remember you cannot help yourself without helping others, nor can you help others without helping yourself. Think of it. And GREAT NATURE helps the fellow that tries to help himself. We will help you by selling you Good Plows, Good Disc Harrows, Stalk Cutters, Good Roofing. If you expect to buy anything for the farm or for the home, tell us about anything we can suggest to help you we will do it.---glad to. Even if you will not buy from us we can be neighbors, and when we want to help you by giving you good value, good measure. When we do tell your neighbor---when we don't tell us. And then if we don't do what you think is RIGHT then tell your neighbor, but give us a chance. Let's be neighbors.

Yours for a better year,

Little Friends For the Bank

Our children depositors are, in our opinion, as important as the established business man. They represent the wealth and prosperity of our country but a few years hence.

That is why we want every child to feel free to come to the bank often. We will be glad to give them our best attention in any little matter they may wish to bring to us.
