

### Are Your Household Cares A Burden?

Louisburg, N. C.—"When I started taking Dr. Pierce's Golden Medical Discovery, my household cares were a burden to me, I was weak and rundown, nervous, had a dry, hacking cough of twenty years standing, was constipated, appetite poor, and had lost in weight from 100 to 83 pounds. After taking the first bottle of the 'Discovery' I began to improve and my cough was almost gone. I am now able to do my domestic work and have regained my regular weight. I relish my food and rest good at night."—Mrs. J. P. Pleasant, Route 2—Box 37. All dealers. Tablets or liquid.

## M'QUIGG PLANS TO VISIT HIGH POINT

COMMANDER OF THE AMERICAN LEGION WILL ARRIVE MARCH 11.

High Point.—John R. McQuigg, national commander of the American Legion, will be in High Point March 11 to attend a conference of North Carolina post officers. Those in charge of arrangements here say the conference will be the greatest ever held in the state, with the attendance being estimated at between 400 and 500. The presence of National Commander McQuigg is expected to augment the attendance of local legion officials. Elaborate plans are under way for the entertainment of the conference. The local Andrew Jackson post is rapidly making arrangements for the one-day conference. City officials, the chamber of commerce and other civic bodies have proffered their aid, and are delighted with the news that the national commander will be here. Just where the meeting will be held has not been determined.

**Neuse River Traffic Increasing.**  
Kinston.—Neuse river freight tonnage will show a big increase this year as a result of the successful operation of boat-and-truck service over the central highway and other routes from New Bern to up-country towns. Chamber of commerce and other trade bodies in the section who propose the deepening and widening of the river channel between New Bern and Seven Springs are watching the river and highway service with interest, planning to capitalize its success in future appeals to the government for "relief."

**Sees Room For Private Schools.**  
Durham.—"A state of monopoly of education may benefit the autocratic, militaristic Prussia of the Hohenzollerns, or the Socialistic Russia of Bolshevistic rule; but it would be self-defeating in free and democratic America. I send my children to the public schools because I believe in the principle of public education for citizenship in a democracy; but I am not willing that the state should force me to send them, thereby wiping out of existence all private schools." This statement was made by Dr. Luther A. Weigel, dean of the school of religious education of Yale University, in discussing "The Policy of Parochial Education," at Duke University, the second in the series of the annual Avera Bible lectures.

**Sunday School Meet.**  
Wilmington.—Plans have been made for holding the annual New Hanover county Sunday school convention in the First Christian church, Wilmington, Sunday, Monday, Tuesday, February 28, March 1 and 2. Officers of the County Sunday School association have announced that they have secured as speakers for the convention Walter E. Myers, Philadelphia, Pa., general secretary of the Pennsylvania Sunday School association; Mrs. John Y. Boyd, Harrisonburg, Pa., teacher of Men's Bible class, Pine street Sunday school; D. W. Sims, Raleigh, general superintendent of the North Carolina Sunday School association. The program for the meeting will include addresses and special conferences on the different departments of modern Sunday school work. Each of the outside speakers will present a special line of work. This is one of a series of similar meetings being held in a number of cities of the state. Invitations to attend will be extended to all Sunday school workers.

**Durham Weed Mart Exceeded Record**  
Durham.—The Durham tobacco market has already gone ahead of any year in its history in the amount of tobacco sold in any one season, the figures for the 1925 crop having gone above 15,000,000 pounds, according to the report of Dewey Ray, secretary of the Tobacco Board of Trade. Approximately two and a half million pounds have been sold since Christmas, while estimates place the remaining part of the crop that will be sold here from one to two million pounds. The total sales of the 1925 crop here are expected to exceed 17,000,000 pounds. Slightly more than 10,000,000 pounds of the 1924 crop were sold here. Prices for the present season have ranged around 25 cents; the secretary said.

**Pay on Debt Made Before Civil War.**  
Wilmington.—Wilmington people are still paying for the erection of a market house on Market street before the war between the state, and which has long since vanished. Joseph E. Thompson, commissioner of finance, told Rotarians of Wilmington during the course of an address on city financing.

This, the commissioner explained, is due to the fact that prior to 1917 city governments were not governed by any very rigid restriction regarding the sale of municipal bonds.

## MOTHER!

Clean Child's Bowels with "California Fig Syrup"

Hurry Mother! Even a bilious, constipated, feverish child loves the pleasant taste of "California Fig Syrup" and it never fails to cleanse the bowels and sweeten the stomach. A teaspoonful today may prevent a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## Guard Against "Flu" With Musterole

Influenza, Gripe and Pneumonia usually start with a cold. The moment you get those warning aches, get busy with good old Musterole. Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister. Rub it on with your finger-tips. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

To Mothers Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. Jars & Tubes

187 Waverly Place New York

**British Navy's Overcoat**  
Sailors of the British navy no longer will be allowed to turn up their coat collars in ordinary chilly weather. The commander in chief at Portsmouth, Admiral Sir Sydney Fremantle, has set his face against the practice. He says in a fleet order: "It has been observed that many men, particularly young men, have been in the habit of wearing the collars of their overcoats turned up when the weather is not at all severe. "It is considered to be a slovenly practice and must cease." Sailors of the old school are wondering what the young sailor of today is "com'g to."

**Invidious**  
"The geese are going south."  
"Aren't you rather hard on society people?"—Boston Transcript.

## MCLEAN BACK OF "BOOSTER" TOUR

WILL OFFICIALLY SPEED TOUR ON ITS WAY AROUND CONTINENT.

Raleigh. Governor McLean gave his enthusiastic endorsement to the projected Carolina's booster tour across the continent and promised to be on hand at Hendersonville next June to give the party an official send-off.

A delegation from Hendersonville led by President C. E. Rodgers and J. E. Stubbs, of the chamber of commerce, was here in the interests of the proposed eight thousand mile tour. In addition to calling on the governor, the delegation saw Major Wade H. Phillips, director of the state department of conservation and development, and enlisted the support of the Raleigh chamber of commerce.

Governor McLean wished the promoters of the tour success in the undertaking and readily agreed to book himself for the day in June when the tour is scheduled to leave Hendersonville on the long booster journey. He saw wonderful possibilities of giving North Carolina a lot of highly valuable advertising by carrying the news of the state's progress through seventeen states and into 200 and more cities along the route.

Major Phillips will ask his conservation board to lend its support. His department is in position to provide important advertising material.

The board of directors of the Raleigh chamber of commerce gave a prompt endorsement to the prospect, making the seventh chamber to register official approval. The others are at Charlotte, Winston-Salem, High Point, Salisbury, Spartanburg and Hendersonville.

**State School Enrollment Increases.**  
School enrollment and attendance for the last year improved over that of two years ago. The February number of the publication gives these facts: Last year, 559,396 white children were enrolled in the public schools, and of this number 426,999, or 76.5 per cent, were in average daily attendance. In 1923-25 the enrollment figure was 544,142, and 406,661 children that year attended school daily a percentage of 74.7.

In the negro schools, the enrollment was 248,904 in 1923-24 and 250,438 in 1924-25. The average daily attendance figures for the two years were 164,698 and 169,212. Expressed in terms of percentages, the latter figures mean that 66.2 per cent of the children enrolled in 1923-24 were in daily attendance, and 67.6 per cent in 1924-25. The city schools continue to show a big lead in daily attendance over those in the rural sections, but the publication quotes figures to show that the rural schools are making gains on the city schools in the matter of daily attendance.

Carteret county, in daily attendance in the white schools, led all the counties in the state and most of the cities. The county's percentage of average attendance was 88.2. There were but five of the city systems which made a better showing than Carteret county, says the publication, and the average attendance percentage in Carteret's rural schools was better than in any of the eight largest cities in North Carolina. Carteret came up to the leading place among the 100 counties in North Carolina from seventh position in the matter of attendance in 1923-24.

Stanly county, sixth in 1923-24, was second last year. Dare, first in the former year, dropped to third place last year. Northampton moved up from tenth place two years ago to fourth in 1924-25.

**Revenue Department Does Business.**  
Collections by the State Department of Revenue during the first three days of February totalled over \$200,000, or practically as much as the entire sum of \$220,000 collected during the whole of January, it was announced by Commissioner R. A. Doughton. The bulk of the February collections to date has been in insurance taxes but there have been good collections on other items, despite the fact that collection of income taxes has been seriously delayed by the fact that many citizens are waiting to pay their Federal and State taxes at the same time. The Federal government has not yet sent out its blanks due to the pendency of the tax reduction bill in Congress.

**Committee to Draft Resolutions.**  
Governor McLean announced the appointment of E. S. Parker, Jr., and A. M. Seales, of Greensboro, and A. H. Price, of Salisbury, members of the resolutions committee to frame suitable resolutions on the death of Judge William P. Bynum, member of the board of trustees of the university. The governor announced the appointment of John A. Hendricks, of Madison county, and A. H. Graham, of Orange, members of the visiting committee.

## Help That Bad Back!

Too Often It's a Warning of Disordered Kidneys  
WHY drag around feeling old, worn out and miserable? Why not make up your mind to be well? That daily backache, those sharp, stabbing pains—dizziness, bladder irregularities, nervousness and depression, are signs of kidney inactivity. Use Doan's Pills. Thousands recommend Doan's. Ask your neighbor!

**Here Is Convincing Proof:**  
**A North Carolina Case**  
Mrs. J. P. Gathings, Orchard St., Wadesboro, N. C., says: "I had backache. It was almost impossible to stoop without getting a sharp pain. My kidneys acted too freely. Headaches and dizzy spells came on and little colored spots appeared before my eyes. I read of Doan's Pills and after using them, the backache left and my kidneys acted regularly."

**Doan's Pills**  
Stimulant Diuretic to the Kidneys

**For Tan and Sunburn.**  
Use O. J.'s Beauty Lotion, The Quickest Way to Beauty. Removes Pimples, Freckles, Blackheads and Beautifies the Skin. 75c at all drug stores on a money-back guarantee. Adv.

**Getting It Straight**  
"What do you mean, you are financially embarrassed?"  
"I'm shy of cash."

**Not Acting**  
Mr. Turner—Do you think that I am acting the fool?  
Mrs. Turner—Now, John, you know you never could act.

**Shave With Cuticura Soap**  
And double your razor efficiency well as promote skin purity, skin comfort and skin health. No mug, slimy soap, no germs, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing and shampooing.—Advertiser

After your death you will be here have a bad epitaph than ill repute while you live.—Shakespeare.

## Children Cry for Fletcher's CASTORIA

**Fletcher's CASTORIA**  
MOTHER:—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Syrups, and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of **Chas. H. Fletcher**. Proven directions on each package. Physicians everywhere recommend it.

## "But constipation is serious, Grace"

"Not so long ago I was like you—headaches a good deal of the time, sleeping badly, and the least bit of housework tired me out. My complexion too, was bad. "Finally, I went to see Dr. Farman. He showed me that it was constipation that was back of my troubles. He said that it was a very serious thing because poisons from clogged waste matter were picked up by the blood and carried to every body organ. And if I didn't correct it in time I might become a victim of one of those terrible organic diseases."

improvement there is in my skin. Nujol has done wonders for me."

**Nujol Works Like Nature**  
Constipation is dangerous for anybody. Nujol is safe for everybody. It is neither a food nor a medicine. It does not gripe. It is gentle and natural in its action and is prescribed by leading medical authorities.

Nujol simply makes up for a deficiency—temporary or chronic—in the supply of natural lubricant in the intestines. It softens the waste matter and thus permits thorough and regular elimination without overtaxing the intestinal muscles.

Nujol can be taken for any length of time without ill effects. To insure internal cleanliness, it should be taken regularly, in accordance with the directions on each bottle. As Nujol is not a laxative, it does not form a habit and can be discontinued at any time.

"He made me drop laxatives altogether, changed my diet, and put me on Nujol. I don't think I've ever felt better. I sleep well, my headaches have disappeared, and you can see for yourself what an
