A THIRD FIRE

The Western Newspaper Union printing plant in Charlotte, from whom The Journal bought most of its stock and ready prints, was destroyed by fire on April 8th, this being the third time this business has burned in eighteen months, causing a loss of more than \$100,000 each time, and this plant will not be rebuilt, as we, and a great many others, will be inconvenienced in buying our supplies. We could get any thing from W. N. U. the second day after ordering always.

FAYETTEVILLE PRESBYTERIAL

Fayetteville Presbyterial met with Raeford Woman's Auxiliary with the other Hoke County auxiliaries as joint hostesses, on Wednesday afternoon of last week, and continued its sessions until noon Friday.

The meeting had a better attendance than heretofore recorded at meetings, and much important business was transacted.

The Entertainment Committee are to be congratulated upon the splendid way they entered the large crowds in attendance, and had four times as many been there they would have fared sumptuously. Three luncheons were served in the church basement rooms, and only praise is heard of the lavish spreads of both substantial and viands.

We enjoyed the presence of these good women in our midst. They are doing untold good for the cause of righteousness in the world, and especially for each community where they reside.

With Philippi, Dundarrach, Antioch, Bethel and Shiloh to help, Raeford could entertain Synod, and we hope they will some time.

A SENATORIAL CANDIDATE

Bob Reynolds of Asheville, a candidate for a seat in the U. S. Senate, now occupied by Lee S. Overman, was in town a short while last Friday afternoon, while enroute to Laurinburg, where he addressed the Rotary club meeting at 7:30.

He is a young man, while his opponent is an elderly gentleman, and, too, Reynolds is a militant Democrat, and has had considerable experience in politics, and is making a state wide campaign.

He is a friendly, likeable fellow, and will let his opponent know he is in the race. Win or lose this campaign, you will hear of Bob Reynold in North Carolina politics in the years to come.

The purchase of cars, their operating expenses, upkeep, gas and oil, has pretty well put this country on the hog, as the boys say when they get broke.

Light wines and beers may be allowed. The people of this country have been fools enough to do quite a lot of experimenting, but we oppose it because it is but the opening wedge to barrooms, death and ruin generally.

We have never thought it a duty to find what anybody else thought about any question arising, but we always thought out our own solution, and so expressed it. This may have been wrong, but we have never been so situated as to be convenient to get information on every subject from some unerring source, so if we happen to be out of harmony with those who bear rule over us or other leaders, we offer this explanation; not that we like them, but that we would rather be right than agreeable always.

Dead Doubtless, he was a good gardener, but we decline to take his advice on any other subject. Here was a case of intellectual development without spiritual training.

A Card of Thanks

We wish to express our appreciation for the help and kindness that was shown by our friends during the illness and death of our dear mother.
Mrs Judson Lee and Sister.

"DeLuxe"

THE BEDSPRING LUXURIOUS

DeLuxe is the most luxuriously comfortable bedspring made. It will give you a lifetime of satisfactory service and more soothing delightful *healthful* repose than you have ever known

Luxurious comfort in the bedspring DeLuxe is a result of special features in the construction, among which are the extra long highly tempered conical coils tied together diagonally at the top with elastic helical coils. These helical coils are securely attached to the large coils by Patented S-Hook Fasteners which insure the integrity of the entire fabric and distinguish DeLuxe from its many inferior imitations. Each coil is thus given freedom of action and the bedspring is made flexible, so that it follows the contour of the figure and supports the whole body buoyantly in a natural and therefore healthful position. It does not sag like a hammock or pitch to the side of heavier weight when occupied by two persons. Tranquilized and made drowsy with a sense of physical comfort, you drift off into sound and refreshing sleep.

DeLuxe is handsomely finished in Rome Gray Enamel and will fit metal or wood beds (and box-wood beds) without any change.

"It's the Bedspring, not the bed or mattress that makes all the difference."

EVERYTHING IN HARDWARE

Farming Tools, Corn and Cotton Planters, Fertilizer Distributors, Paints and Oils, Building Material, Lime and Cement, Florence Oil Stoves

"Z" Engines — biggest dollar-for-dollar value

NEARLY a half million farmers have solved their power problems with "Z" Engines. Back of these famous power plants is the greatest engine factory in the world. Some of the country's foremost engineers, who design and develop huge engines of hundreds of horsepower, also design and develop the sturdy, dependable "Z". The tremendous resources, the many years of manufacturing experience, the huge volume and modern methods of Fairbanks, Morse & Co., combine to produce in the "Z" Engine a product that has maintained leadership for many years. Invest in a "Z". Make sure of dependable power. Yet you will spend less than for ordinary engines! Sizes from 2 to 20 horsepower. Come in and let us show you part by part why the "Z" is the biggest dollar-for-dollar value!
