## New Cattle Tick Order Issued.

The release from Federal quarantine of new areas freed of cattle fever ticks as the result of systematic dipping during the year is announced by the United States Department of Agriculture.

The areas are in four States—Arkansas, Florida, Texas, and Virginia—and are equivalent to about 15 counties. The official act releasing the new tick free territory from quarantine is Bureau of Animal Industry Order 300, signed November 5 by Acting Secretary of Agriculture, R. W. Dunlap. The new order becomes effective December 1.

It designates the quarantine in the Southern States still infested with cattle ticks and includes also the island of Porto Rico, all of which is quarantined.

A supplementary list of feeding stations shows the location of properly equipped non-infectious cattle pens within the quarantine area. Printed copies of the order will be distributed as soon as printed, to public officials, transportation companies, and others having to do with or affected by the tick situation in the South.

## Coming to Flora Macdonald.

Red Springs, Nov. 9.—Frederick Warde, noted lecturer and actor, and called "the grand old man of the footlights," will speak at Flora Macdonald College on the evening of November 22nd, having as his subject: "Fifty Years of Make Believe."

For more than fifty years Mr. Warde has allied himself with the art of the stage, especially in the character of the professional actor. He is an authority on matters of the stage.

He is also one of the best known Shakespearean authorities, his mastery of the plays and fine scholarly background making his discussions of the dramatist especially interesting and gripping.

Mr. Warde is beloved by thousands for the charm of his presentations. His thoughts are clothed in the choicest of language and he brings to his delivery all the skill of an accomplished actor, these adding a great deal to the keen enjoyment of the hearers.

His subject: "Fifty Years of Make Believe" is a fascinating review of his experiences for more than half a century before the footlights. Leading actors and well known plays of these years are dealt with in reminiscent mood, making a vastly interesting lecture.

## Robeson County News.

Parkton, Nov. 11.—Mr. Malcolm McMillan, aged 81 years, died at his home near Green Springs church, 3 miles from Parkton this morning at two o'clock from the infirmities of old age.

An accident almost without a parallel in Robeson county occurred in the Rennert-Red Springs section early yesterday morning when Mr. Frank Lindsay, aged about 21 years, cut down a big cypress tree on himself, his fine hound dog and a coon which the dog had treed, killing all three instantly.

Mr. Lindsay was accompanied on the hunt by his brother, Mr. Boyd Lindsay, aged about 14, who escaped uninjured to tell the tale of the horrible accident.—Robesonian.

The occasion of the Phi Beta Kappa initiation is one of the high lights of activities on the Campus. The local chapter received its charter here in 1823.

## Hurt in Automobile Wreck.

Mr. and Mrs. Ernest Jordan met with a serious automobile accident early on Monday morning on the highway to Raeford just beyond Lumber river in Hoke county. They left Laurinburg about 4 o'clock in the morning and were going to Farmville, where Mr. Jordan expected to go to work. There was a heavy fog and during the night somebody had happened with an accident and had left a car standing on the side of the road. Seeing another car coming Mr. Jordan pulled to the side of the road, and failing to see the parked car, drove into it head on at full speed, it is supposed. Mrs. Jordan, who before her marriage was Miss Croomie McCall, was most seriously hurt and unconscious for some time. Mr. Jordan was also rather badly hurt. They were carried to a Fayetteville hospital for treatment and the latest report is that they are getting along very well and Mrs. Jordan, who was most seriously injured, is expected to recover.—Laurinburg Exchange.
