No, there is not a bit of sense in having so many commissions. One man could do what several are doing, if he had to.

The tax listing is on, and why so many assessors are necessary we do not know, but the State and counties have assessors.

Don't blame men for trying to get on the State payroll. These are all who have any assurance of getting enough to live on.

As the Wage Commission is a State organization, why not control the Governor as well as his stenographer? They are all citizens.

Courts should be reformatory, and those who pass through them should be better citizens after being corrected, but are they?

The preamble to the new county government law is fine, but the working of the law destroys all that resembled local government.

Operating expenses in the North Carolina State government are too high. There should be a general cut. Efficiency is a much abused term of late.

Science has done and is doing a great deal for humanity, but sin, disbelief and wickedness destroy all that is good in man. It's the disposition to lead people away from the spiritual that we detest.

The schools cost a lot, but owing to the fact teachers are required to attend Summer School, and that means that they get not a thing clear for their year's work. Another thing it means: It gives certain professors a chance to make extra money during the vacation period. That's all it means. Teachers should study, KNOW their subjects, but going to Summer School should not be required of them.

Gastonia, May 23.—Mr. and Mrs. Thomas M. Brockman appeared in Superior court here to day asking annulment of the marriage of their daughter, Sarah Frances, to Edwin L. Tucker of Laurinburg, on the ground the girl was not of marriageable age. The couple were married in Bonnettsville, S. C., while the girl was visiting with friends in Laurinburg recently.

Charles W. Horne, a son of the late Ashley Horne of Clayton is in the hands of receivers. He was a millionaire a year ago.

The Montrose school closed Tuesday evening with a 6 o'clock picnic dinner, and a good time for a large assemblage of people, young and older.

Route 20 from Wilmington to Charlotte has been completed. The opening of the road will be celebrated with great festivities in Lumberton Friday, 27th.

The Raeford graded and high schools close next week. Rev. M. Paisley, D. D., pastor of the Presbyterian church, the baccalaureate school auditorium morning at eleven. There are twenty five in the graduating

... Oats, and Porto Rica at reasonable Raeford, S. 2

If the young people desire to waste their time, they will, and if they wish to make the most of their opportunities, they have a decided advantage of former generations.

Notice of Sale of Land Under Deed of Trust.

At the time and place and upon the terms named herein below and pursuant to the power of sale contained in that certain Deed of Trust executed on the 21st day of May, 1925, by H. S. Kirkpatrick to J. Bat Smathers, trustee, for J. R. Sheffield, and registered in the office of the Register of Deeds for Hoke County, N. C., in Book No. 48 at page 427, default having been made in the payment of the indebtedness secured by said Deed of Trust, and demand having been made upon said Trustee to foreclose said Deed of Trust as therein provided, the undersigned trustee will sell at public auction to the highest bidder for cash all that certain tract or parcel of land lying and being in Hoke County, N. C., McLaughlin Township, and further described as follows, to-wit:

Adjoining the lands of John Seull on the north; adjoining the lands of Lewis Parker on the west, adjoining the lands of the late Russell McNeill estate on the south and on the east. This being the same lands heretofore conveyed to said H. S. Kirkpatrick by James Proctor, Trustee, or Commissioner, in the year of 1914 or 1915 (estimated to contain thirty acres, more or less.)
 Time of Sale: Thursday, June 23, 1927, at 12 o'clock M.
 Place of Sale: Court House door, Raeford, N. C.
 Terms of Sale: Cash.
 Posted this 23rd day of May, 1927.
 J. BAT SMATHERS, Trustee.

 ALTAMONT, TENN.

The World's Lowest Priced Cars with Supremely Beautiful FISHER BODIES!

Chevrolet is the only car in its price class offering bodies by Fisher—built as only Fisher can build, and styled as low-priced cars were never styled before!

Despite the lowness of Chevrolet prices, there is not the slightest compromise in design, construction or finish. All embody exactly the principles employed on the highest priced cars—a composite construction of selected hardwood and steel. All are finished in beautiful colors of lustrous, lasting Duco.

Enhancing the inherent beauty of the bodies themselves are numerous features of distinction previously considered exclusive to the costliest cars—features typified by heavy full-crown, one-piece fenders and bullet-type headlamps.

Only the economies of Chevrolet's great volume production make possible such quality at Chevrolet prices!

When gasoline is as good as "Standard," any radical improvement is out of the question. "STANDARD" GASOLINE

What FEED does for a MULE and COTTON

AFTER a hard day in the fields, Mr. Mule doesn't hold his ears very high. But give him a good feed—what a powerful difference that makes!

Same way with a cotton plant. Growing uses up its strength and energy. Just about chopping time every cotton plant in your fields needs a good feed.

Side-dress them with 150 to 200 pounds of Nitrate of Soda. Watch those cotton plants of yours pick up, thrive, put on squares and get fruit ahead of the boll weevil. That assures a real crop.

And consider this—an acre of cotton is just thousands of hungry plants. Feed them and they will pay you.

Cotton growers everywhere, practical farmers like yourself, have proved the value of side-dressing with Nitrate of Soda for producing hundreds of pounds of extra cotton over and above the yield they get off of fields not side-dressed.

Side-dressing does great things for corn, too. Do you want that profit paying cotton and corn? The way is easy.

Just cut out this advertisement and write your name and address in the margin. Then mail it to us. We will send you, without one penny of cost, our little book "Side-Dressing Cotton and Corn." Our manager is a practical cotton grower and knows just what conditions call for here in the Old North State.

Fuller's Service Station
 Raeford, N. C.

Kinston, N. C.
 We use and have used Nitrate of Soda for years with results on cotton in 1925—85 bales on 75 acres, in 1926—100 bales on 100 acres, poor stand.
 L. D. Moseley, Edgewood Farm Jan'y 8, 1927

Orrum, N. C.
 I am a great believer in the use of Nitrate of Soda. Last year, I applied one-fourth soda at planting and three-fourths at chopping on my entire crop, averaging a little more than 500 lbs. on each acre planted.
 H. Wilson Bullard.
