Our desires need guidance. even wiser than human intelligence is likely to suggest, and as we see it, guidance of any nature is not often sought. This is getting to be it appears, a world of unbridled lusts

We wanted game preserve established on Drowning Creek. There are a few deer over there, and we hear fox hunters slip one over now and then. We want all hunting stopped over on the creek for a period of years.

Self control is the greatest reforming force in man. It is a known fact, that many men have never achieved fame for the lack of self-control. Plenty of men may have had the force to have licked either Dempsey or Tunney but didn't for the reason they couldn't control themselves

The farmers who have a few acres of strawberries are a lot better off, or will be soon, than those who will have to wait until next September before they have anything to sell for money. A few strawberries, dewberries, then melons and cantelopes, with chickens and eggs sold all along through the year, make a farmer independent of the boll weevil situation.

**A REMARKABLE MEETING.**

Fayetteville Presbytery met in adjourned session in Raeford Presbyterian church Tuesday morning at 11 o'clock, and it met for the purpose of fasting and prayer. Its members did not ask for nor expect entertainment by the church. Four hours of the day were devoted to the offering up of petitions to God, and in talks on prayer. In was indeed a very solemn occasion.

The Church seems to be waking up to a situation the writer believes he saw ten years ago, and got dubbed a crank for his pains, and preachers, elders and everybody now sees that people are losing interest in Church work. Contributions are falling off. The cause of the Kingdom of God is being neglected.

We attribute this to the teaching of a new world religion in the text books of our day, books that disparage, even annul the teaching of the Bible, the only Book on the earth that is a safe guide for everybody. that leads everybody right and nobody at all wrong. But it teaches man's responsibility to his Creator, his accountability to a Higher Being and this is humiliating, so it is rejected. Man is a proud creature

We fear the situation will grow worse, for nothing has been done to remedy conditions. The State should not teach religion at all, if Church and State are to be forever kept separate. The State is infringing upon the domain of the Church when it teaches a mode of creation, for in this hinges all the fundamentals of the Christian religion, producing agnostics and atheists, destroying morality and undermining civilization. It is ruinous.

The wise man foresees evil and tries to avoid it, but the foolish rush along heedlessly and suffer. Prudence is always worth while
