

Mrs. L. E. Gunn

Health Brings Beauty

A Discovery That Has Done a World of Good

Augusta, Ga.—"My father's family was kept well ever since I can remember by using Dr. Pierce's remedies. My father used to get a supply of the 'Golden Medical Discovery' every spring, as a tonic. He took it himself and gave it to the rest of us. He did not wait until we were sick. He said, 'An ounce of prevention is worth a pound of cure.' When I was about sixteen my parents saved me, I believe, from serious feminine trouble by giving me Dr. Pierce's Favorite Prescription."—Mrs. L. E. Gunn, 506 Moore Ave.

Keep yourself in the pink of condition by obtaining Dr. Pierce's Golden Medical Discovery in liquid or tablet form from your neighborhood druggist, or send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial package.

Put your energy into achievement today rather than into regrets tomorrow.

If You Need a Medicine You Should Have the Best

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promise of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

A prominent druggist says, "Take for example Dr. Kilmer's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend, for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp-Root is due to the fact, so many people claim, that it fulfills almost every wish in overcoming kidney, liver and bladder ailments, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp-Root by parcel post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention this paper. Large and medium size bottles for sale at all drug stores.—Advertisement.

If at first you do not succeed, young man, remember there may be other girls who are not so particular.

"COLD IN THE HEAD"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds" are generally in a "run down" condition. HALL'S CATARRH MEDICINE is a treatment consisting of an Ointment, to be used locally, and a Tonic, which acts quickly through the Blood on the Mucous Surfaces, building up the System, and making you less liable to "colds." Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

More than rouge and powder are needed to alter the complexion of a woman's thoughts.

HAIR STAYS COMBED, GLOSSY

"Hair Groom" Keeps Hair Combed—Well-Groomed.

Millions Use It—Fine for Hair!—Not Sticky, Greasy or Smelly.

A few cents buys a jar of "Hair-Groom" at any drug store. Even stubborn, unruly or shampooed hair stays combed all day in any style you like "Hair-Groom" is a dignified combing cream which gives that natural gloss and well-groomed effect to your hair—that final touch to good dress both in business and on social occasions. Greaseless, stainless "Hair-Groom" does not show on the hair because it is absorbed by the scalp, therefore your hair remains so soft and pliable and so natural that no one can possibly tell you used it.

GENERAL ASSEMBLY ADJOURNS SINE DIE

SOLONS CHEER AND SHOUT AS 1923 SESSION COMES TO CLOSE.

MAJOR MEASURES ARE PASSED

Session Marked By Great Progress, Leaving But Few Proposed Measures to Die By Default.

Raleigh. History was being written while the members of the 1923 general assembly were enroute to their homes from Cherokee to Currituck, and from Rockingham to Brunswick, closing the annals of a session marked with great progress, as members freely said.

But few bills fell by the wayside—none in the senate, and about twenty in the house—all of which, the speaker said, were bills which the calendar committee considered of such minor importance as to hold them out.

Two recommendations which the governor emphasized in his biennial message failed of enactment into law, these being the creation of two new departments of government—a department of banking and a department of commerce. The bill for co-ordination of the machinery of government through the reduction of department channels for state business, framed in accordance with the recommendation of the state auditor, likewise was not considered at length and failed to pass.

Major Measures Passed. Among the major issues which are now being spread on the statute books of the state are: The bill providing for a commission to investigate state-owned shipping lines.

Fifteen million dollar road bond issue for furtherance of the state highway project.

The general educational bill. The appropriation bills carrying upwards of \$15,000,000 for permanent improvements and maintenance of state institutions.

The \$10,000,000 bond issue for a railroad to redeem the "lost provinces" of northwestern North Carolina.

The bill which brings the prohibition law in conformance with the national laws.

Nearly one thousand local bills were enacted into laws during the session, and these included most every sort of legislation from extending the borders of small towns to amending the charters of the larger towns and providing bond issues for schools and school and road districts.

For Next Session. One of the major issues of the assembly, the Giles farm loan act, while falling in the present session, is expected to be one of the main issues when the halls are again thrown open to the law-makers in January of 1925. Both houses have appointed a commission to investigate the conditions under which tenant farmers live, agricultural conditions and the possibilities of group settlement plan, and report with its recommendations two years hence.

Arm in arm with this legislation, another notable issue which will come up for action next time will be the report of the commission authorized for the investigation of the administration water-line proposal. The bill in this session would have given the governor the power to receive the report of such commission and act, with the council of state, as he saw best. The opponents of the measure, however, would accept no quarter other than to provide that the commission report back next session.

With the hands of the clock turned back and in accordance with a joint resolution adopted the general assembly of North Carolina adjourned sine die at 12 o'clock by legislative time.

The gavel fell in both houses immediately after the ratification of bills passed and the 63rd session broke up amid cheers, jubilation and tearful good-byes.

Land Commission. The lieutenant-governor, in the final hours of the senate, named Senator Harris, of Wake, and Senator Giles, of McDowell, as members of the land commission created to investigate tenant farmer conditions and report back to the next general assembly recommendations for their relief.

Speaker Dawson, in the lower branch, named Representatives Burgwyn, Cox and Gwynn.

Senators Wilson, of Caswell, and Tapp of Lenoir, were named on the examining committee with Representatives Connor, Murphy and Coffey.

Senate Confirms Appointments. Appointments made by Governor Cameron Morrison and confirmed by the Senate were:

To the fisheries commission for a term of six years: Robert Lassiter, Charlotte; H. V. Grant, Sped's Ferry; Frank Stedman, Fayetteville; for four years, M. B. Hart, Tarboro; E. S. Askew, Windsor; Sanford Martin, Winston-Salem; H. C. Wall, Rockingham; for two years, K. Dixon, Trenton; J. C. Baum, Poplar Branch; George Hampton, Canton; F. S. Worthy, Washington.

Solicitors' Salary Bill Passes.

Passage in the senate of the solicitor's salary bill, with an amendment increasing the salary to \$4,750, with a \$750 expense allowance, from the \$4,000 salary and the same allowance written into the house bill, and with the further amendment deferring the effectiveness of the measure to June 30, 1924, from December 31, 1923, occurred, with only one vote cast against it. The bill was sent to the house for its concurrence in the amendments.

Senator Woodson, of Salisbury, who ordered the amendment to increase the salary, stated that he had been told that the house would accept the amendment. The action of the senate went contrary to many prophesies to the effect that the upper body would kill the bill because the house had tabled the restricting measure, which originated in the senate.

The one vote against the bill was cast by Senator Haymore, of Surry, who objected to it because he wanted the salary to be \$5,000 with \$1,000 expense allowance. He offered an amendment to this effect, but it was voted down.

Senators addressing themselves to the measure, stated that the salary provided will result in increasing the pay of one solicitor, while reducing many whose pay on the fee basis runs to various amounts as high as \$13,750. This statement was made in response to objection raised to the inequity that the objectors saw in the measure.

Senator Varsler stated that one of the provisions of the bill which influenced his vote for it was that which turns the fees now going to the solicitors would be paid from the general fund of the state.

The senate received notice that the house had reconsidered the vote by which it concurred in the senate amendment to the general appropriations bill for the maintenance of state institutions.

The house asked for a conference committee. That amendment was that offered by Senator Varsler providing for the calling down of the appropriations provided the revenue of the state would not cover them.

Two house amendments to the bill to provide for a vote on an amendment to the constitution to limit the state debt met with senate concurrence. One of these lifted the limit from 5 per cent to 7 1/2 per cent.

The chief discussions centering on bills which would bring bus lines under the jurisdiction of the corporation commission, and provide for the acceptance of 69 acres of land by the state for the purpose of maintaining a state fair, the house passed more public bills than on any one day for nearly a month. The bus line bill was passed and sent to the senate.

A bill to amend the state banking laws to bring them in conformance with the national laws relative to reports was next discussed and when no member of the house could satisfactorily explain it, the measure was referred to a special committee which brought back a report recommending passage, and the report was accepted. The bill was then enrolled to become a law.

The solicitor's salary bill came back from the senate with two amendments, one providing the salary to be set at \$4,750, instead of \$4,000, as provided by the house, and the other to make the act effective June 30, 1924. The house refused to concur and a conference committee was appointed, in an effort to reach an agreement with the upper body.

Representative Murphy, of Rowan county, chairman of the house appropriations committee, sent through a supplemental bill to the general appropriations act, providing machinery for the operation of the fund for building offices for the commissioner of revenue.

Next in order came the bills to allow county commissioners to raise supplemental revenues, and passing its third reading, the measure becomes a law upon ratification.

Local measures then consumed more than an hour when the local calendars were cleared.

Senator Sams, who introduced the bill, stated that he believed that original figures should have been retained, but that he would move to concur in order that the bill might be assured passage.

The constitutional amendment bill to provide "inviolability for sinking funds," also returned to the senate with an alteration made in the house. The amendment to the bill would include future sinking fund provisions, as well as those past. The senate accepted the amendment.

Emanating from the committee which investigated the department of labor and printing, the bill to transfer the printing to the department of state's control was brought before the senate today. Vote on the bill was deferred after Senator Harrison, of Richmond, offered an amendment to pay the secretary of state \$1,500 a year for the extra work. Senator Harrison stated that the secretary of state did not desire that the work "be thrust upon him."

Nominations Confirmed. The senate confirmed the following nominations made by Governor Cameron Morrison, of members of the board of state institutions.

State school for the blind at Raleigh: J. F. McMahon, Raleigh; John T. Finley, North Wilkesboro; Joseph E. Pogue, Raleigh, and R. S. Taylor, Warsaw, all for a term of six years.

State hospital at Morganton: C. M. Brooks, Hendersonville; J. H. Giles, Morganton, and Dr. G. S. Kirby, Marion.

ROCKY MOUNT IS FORGING AHEAD

OFFICIAL STATISTICS SHOW GREAT DEVELOPMENT SINCE 1920 CENSUS.

WONDERFUL GROWTH OF CITY

Population Increased Nearly Three Thousand in Last Three Years.

Rocky Mount.—Wonderful growth of the city in population, industry, building, municipal improvements and municipally-owned public utilities since the taking of the 1920 census is reflected in official statistics and data which have been collected by members of the board of aldermen.

The growth of the city along these lines has been almost marvelous, and the report will prove an eye-opener to citizens here and of the State generally. The statistics in their entirety, as made public by R. B. Davis, chairman of the aldermanic finance committee, follow:

School enrollment, official figures—1920-1921, 2,695; 1922-1923, 3,182.

School improvements during 1921-1922, including construction now under way which consists of three graded school buildings, two white and one colored, \$193,000.

Number of buildings erected from December 31, 1920, to June 1, 1922, according to city engineer's estimate, 350. Number of contracts from June 1, 1922, to March 1, 1923, official figures, 201, making total number of buildings, for past two years 461.

Population of Rocky Mount, 1920 census, 12,742. Population of Rocky Mount, 1923, based on school attendance and new buildings erected, estimated at 15,000, exclusive of population within radius of three-quarters of a mile outside city limits which is estimated at 3,000.

Besides this there has been marked activity in street paving, the laying of additional sewer lines and the public-owned utilities show a substantial profit the past two-year period.

Press Association Meets in June.

Morganton.—Announcement is made from the office of Miss Beatrice Cobb, secretary of the North Carolina Press Association, that the executive committee of the association has selected June 20, 21 and 22 for the summer session of the association at Blowing Rock.

The rhododendron and mountain azalea are usually in their prime during the latter part of the month, and these dates have been selected with that in mind. W. L. Alexander, owner of Mayview Manor, where the convention will be held, states that the hotel will be in readiness to entertain us at that time and he is co-operating in every possible way in making plans for a successful and enjoyable meeting.

Arrangements will be made by the secretary to have the special car from the east arrive in Lenoir in the afternoon of June 20, allowing for the automobile trip up the mountain to the rock that afternoon, and the opening session that night. Thursday and Friday will be the convention days proper.

Already the indications are that this will be a meeting that no member of the association will want to miss. Those who have been to Blowing Rock know of the inspiring beauty of the place and will want to return; those who have never been have a real treat in store. The development of Mayview park has made Blowing Rock even more beautiful than ever and the Manor is an ideal convention place.

To File Suit for Death of Three.

Goldboro.—Suit for \$75,000 will be filed against the Atlantic Coast Line railroad for alleged damages growing out of the death of three men killed here by a passenger train coming from Wilmington on Sunday night, February 18, it was stated by Faison Thompson, counsel for the defense. It will be alleged in the complaint that the train at the time of the accident was traveling at 45 miles per hour, that it had entered the city limits, and that the crossing was blind to 123 feet of the track. It will be claimed, too, that all of the men left widows and children, that Elliot Pigford, a livestock dealer, was a man with an annual income of \$10,000. William Register leaves a widow and four children and Herbert Southerland a widow and two children.

Forsyth Assets Nearly Five Million.

Winston-Salem.—The annual financial standing of Forsyth, as made to the county commissioners shows that her assets are valued at \$4,854,648.12 which includes improved roads, bridges, etc. The total expense of operating all departments of the county last year were \$261,883.84.

During February ninety building permits were issued in this city, the total estimated cost of the structures being \$577,675. Fire losses reported for last month aggregated only \$1,336.

Chest Cold? - by this method

That chest cold can be broken up—no matter how stubborn and deep-seated it may seem!

Apply Sloan's Liniment to chest and neck tonight.

Its tingling, glowing warmth goes to the root of trouble. It breaks up the congested, inflamed condition. Relief quickly follows.

Get a bottle of Sloan's today. All druggists carry it. Its effectiveness will surprise you.

Sloan's Liniment—kills pain! For rheumatism, bruises, strains, chest colds

HIS HEADACHES SOON HEADED OFF

Kentucky Man, Who Suffered With Severe Headaches, Says He Found Relief by Taking Black-Draught.

Endicott, Ky.—Describing the trouble he used to have with headache and how he obtained relief by taking Theodor's Black-Draught, Mr. Jeff Jervis, of this place, says:

"I began having severe headaches. I can't tell just how they would begin, but soon my head felt like it would split open and I would be so sick I felt like I was paralyzed.

"I would have shooting pains in my neck, and if I turned my head I felt like it would crack at my neck. My eyeballs were sore and I would vomit. I would be 'torn to pieces' for a day or two. I would take headache medicine and feel so queer afterwards I'd be scared. I didn't feel right—I felt numb.

"I was telling a neighbor and he said: 'Get some Black-Draught and take a big dose when you feel a headache coming on.' I did it and took a few doses each night. Soon I had these headaches headed off. Now it is very seldom I have one at all. I just keep Black-Draught and use it when I need it. I don't let myself get constipated."

Theodor's Black-Draught has been found to relieve many of the symptoms described above, and other symptoms, when due to constipation or a torpid liver. It is a purely vegetable remedy, made from carefully selected herbs and roots, contains no dangerous drugs, and acts in a natural way on the system. Try it. Sold everywhere.

Ladies Let Cuticura Keep Your Skin Fresh and Young

Soap 25c, Ointment 25 and 50c, Talcum 25c.

HEALTH FOR WORKING WOMEN

Let Lydia E. Pinkham's Vegetable Compound Help You to Become Well.

Thousands of girls have to work in homes, offices, stores, mills or factories who are physically unfit for work, with often an aged or invalid father or mother dependent upon them for support. Standing all day week in and week out, or sitting in cramped positions a girl often contracts some deranged condition of her organic system which calls a halt to her progress and demands restoration to health before she can be of use to herself or anyone else.

For these distressing weaknesses and derangements these girls have found health to do their work in Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N.Y.—"Like many girls, I had troubles every month," says Carolyn Mangels, "and they interfered with my work as I could never be sure of my time. My mother often suggested that I take Lydia E. Pinkham's Vegetable Compound, but I never did until lately. I have had very good results, and am now a private secretary and do my work without missing a day. I recommend your medicine to every girl who speaks of having troubles like I have had."

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

POLICE VETERAN REGAINS HEALTH

Could Hardly Eat or Sleep Because of Chronic Indigestion—Now Praises Tanlac.

W. N. Hatcher, 110 Lucile Ave., Greenville, S. C., is still another who has realized the wonderful merits of Tanlac. Mr. Hatcher has been a member of the Greenville Police Department for thirty years and is one of the most efficient and popular officers on the force. In commenting on his experience with Tanlac Officer Hatcher said:

"I know many others, besides myself, Tanlac has helped and I am glad to speak out for it. I had suffered from indigestion and constipation for something like fifteen years. I had about reached the point where I could neither eat nor sleep, for every time I ate it hurt me and the misery kept me awake at night. I had lost energy and strength until when my day's work was over I would feel completely played out."

"I now eat anything I want, always have a fine appetite, and have gained eight pounds. I am certainly thankful to be able to enjoy a good meal once more and not suffer afterwards. I am just like a new man and Tanlac gets all the credit."

Tanlac is for sale by all good druggists. Over 35 million bottles sold.—Advertisement.

Natural Course. Pell—"How long did your last cook stay?" Mell—"I think she left during the third course."

States Bottle Fed Babies All Need Teethina

"My baby is a bottle fed baby," writes Mrs. T. Wainwright, Route 3, Waycross, Ga., "and all mothers who have had experience with bottle fed babies know how easy it is for their little stomachs to become painful and bowel trouble to start, especially in summer. I find Teethina the best thing for them at such times and have always got good results from using it."

When a baby is deprived of its natural nourishment and is given cow's milk as a substitute, grave consequences are likely to follow. In such cases, Teethina is invaluable for correcting stomach and bowel troubles and always gives relief.

Teethina is sold by all druggists, or send 30c to the Moffett Laboratories, Columbus, Ga., and get a package of Teethina and a wonderful free booklet about Baby.—Advertisement.

Ought to Be Happy. "What is an ideal marriage?" "When the man gets a treasure and the woman gets a treasury."

The Cuticura Toilet Trio. Having cleared your skin keep it clear by making Cuticura your everyday toilet preparations. The Soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to powder and perfume. No toilet table is complete without them.—Advertisement.

And Nothing Else to Do. Man—Where are you going to attend school this fall? At the university? Maid—No, I'm tired of dancing.

A torpid liver prevents proper food assimilation. Tor up your liver with Wright's Indian Vegetable Pills. They act gently. Adv.

It is within the power of the least of us to be polite, straight from the heart.
