PAINFUL INDIGESTION

"I SUFFERED from indigestion - everything I ate gave me heartburn," says Mrs. Mattie Mullins, of Pound, Va.

"For months, I did not see a well day. I worried along, but never felt well. I got a package of Theodor's Black-Draught at the store and began taking it - a dose every night before going to bed. I had been having an awful pain. After I had taken Black-Draught, this pain entirely stopped. I began to gain in weight, and rested well at night. In a few months I was feeling fine. My health was better than it had been in years. I keep Black-Draught in our home, and we all take it for constipation and upset stomach."

Our Base-Ball High school and college athletes should be supermen, but it's a question in our mind whether these modern day men are physically superior to the old fellows who developed a rugged hardihood by hard labor, and tramping the forests in quest of game.

Thirteen men and three women went on trial Monday in Charlotte for the murder of Chief of Police Aderholt of Gastonia in July. These defendants are labor organizers and striking cotton mill operatives of Gaston county. No trial ever held in the United States has aroused more interest than this. There are as many more strikers in Gastonia to be tried for secret assault.
