Collier Adams

Of state wide interest and especially to Raeford people was the wedding of Miss Margaret Adams, formerly of Raeford, to Mr. Robert A. Collier of Statesville, which was solemnized on Wednesday evening, September 4th, at Little Joe's church, Durham Springs, Rev. W. C. Brown, pastor of the church officiating.

The ceremony was one of rare beauty and dignity in its setting of long leaf pine which formed an effective back ground for large baskets of white lilies and carnations, interspersed with cathedral candles. Suspended above the altar where the vows were spoken, was a huge white wedding veil.

An Harris and Flowers was played by Miss Isabel Jean Lamont, of Raeford, the guests of honor came down the aisle. They were Miss Emily Thornley with Mr. William Erriere, Miss Melva Gullick with Mr. Buddy Steele, Miss Anne Faymoux Johnston with Mr. Lawrence McNeill, Mrs. John Scott with Mr. John Gilbert, Miss Catherine Kincaid with Major Patterson, Miss Frances McKelthan with Mr. William Covington, Miss Kathleen Blue with Mr. Flake Sherrill, Mrs. Dook LaFarre with Mr. Dock LaFarre.

Miss Mary Thomas of Statesville, sweetly sang Because, and Mr. Dave Hall of Belmont sang All For You. Miss Thomas and Mr. Hall, then beautifully rendered Cadman's "At Dawning", as a duet.

To the first strains of the Bridal Chorus from Lohengrin, played by Miss Lamont, the ushers took their places in front of the altar. They were: Robert Covington of Gastonia, Lamont Brown of Barium Springs, Charlie Collier, of Emporia, Va., and Allen Skinner of Elizabeth City. Next came the maid of honor, Miss Mary Brown, sister of the bride. Miss Brown wore a green taffeta and tulle dress and carried an arm bouquet of pink roses. Hugh McLaughlin, small son of Mr. and Mrs. H. C. McLaughlin of Raeford was ring-bearer, and Frances Scott, little daughter of Mr. and Mrs. John Scott of Statesville, was flower girl, and they immediately preceded the bride down the aisle. The ring was carried on a white satin pillow.

Mr. John Scott of Statesville acted as Mr. Collier's best man. The bride entered with her brother, Dr. John Adams, of Long Island, N. Y., who gave her away. She was lovely in her wedding gown of ivory satin, worn by her mother at her wedding. The dress was a beautiful model trimmed in lerre lace. Her veil was worn cap effect and trimmed with orange blossoms. During the ceremony Loves Dream was played.

Immediately after the ceremony, Mr. and Mrs. Collier left for an extended trip through the Shenandoah Valley to points north. Mrs. Collier's going away gown was an ensemble of tan and blue crepe with a close fitting blue hat and accessories to match.

Mrs. Collier is the daughter of Rev. and Mrs. W. C. Brown of Barium Springs, and has many friends in Raeford, where she formerly lived. She was educated at Converse College, Spartanburg, S. C., and at Columbia University.

Mr. Collier, who is from Emporia, Va., and Statesville, N. C., is a young man of many admirable qualities. He was edu-

cated at Randolph Mason Academy and Wake Forest College. He is now practicing law at Statesville.

To Kill Tobacco Bugs.

The most effective spray for harlequin bug is soap solution. White soaps forming a good emulsion have proven better than fish oil soaps or yellow laundry soaps. The solution is prepared by shaving one pound of soap into a gallon or two of boiling water, adding more water if necessary to completely dissolve it and diluting it to make six gallons. The following brands of soap have been found to give good results: Ivory (flakes), Lux (flakes), Super Suda, Selo, Bisco, Chispeo, Fab, Chrystal Cocco. The powdered or flake soaps are easily dissolved but most soaps have the troublesome property of forming a gel when the solution is cold and must be applied while still warm. Chrystal Cocco hardwater soap does not have this fault and a stock solution which will remain liquid at ordinary summer temperatures can be made by dissolving 1 pound in one half gallon of water. This can be diluted for use with 5 1/2 gallons of water. All of the soaps mentioned above have been tried at double the recommended strength on eight different plants of the cabbage family without serious foliage injury.

It is necessary to wet the bugs with the spray in order to kill them.

Change in Law.

You must not go gunning for squirrels this year until Oct. 15. The open season was Sept. 15th, but the hunters killed too many half grown squirrels, so the open date was moved up a month.

Only ten squirrels may be killed in one day by any hunter, but we fear the law will be broken both by number killed and before the law permits.

400 people attended the Dod Evans annual barbecue last Thursday Mr. and Mrs. Evans feed all who come to these barbecues regardless, on barbecue and Brunswick stew, and other good things. Feeding four hundred people on such stuff is a remarkable thing for one man to do in these panicky times it looks to us, on meats in particular. The Evans home is about midway between Lumber Bridge and St. Pauls. Mr. Evans is a good farmer and raises a large number of hogs, but it doesn't look like he would want to feed them to his neighbors—better be feeding some of his neighbors to his hogs.
