one at 7 o'clock and ut o'clock Tuesday heavy damage to be in-Hoke Chevralet company he fires, believed to have defective flue, used damages of between four and e thousand dollars it was estimat. by Mariet Campbell and David Chapman, of the motor company.

Nearly all of the damage by fire, smoke and water was done to the rear of the building and the rooms and roof of the second floor. It was stated that no cars were in that section of the building and that the fire did not extend towards the stock room and office so that little damage was done on the ground floor.

Excellent work of the Raeford Fire Department, especially on the second call probably saved the motor company building and possible damage to adjoining buildings.

The first fire was discovered shortly after the mechanical department had ceased work for the day. Fire was burning between the ceiling of the garage and the floor of the second floor. This was quickly extinguished and firemen remained on watch until it was thought all smoldering places had been put out.

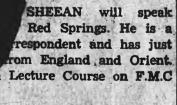

However, about 9 p. m., a second alarm was turned in by patrons of the picture show in the same block. When the fire department arrived the rear of the second story was a mass of flame and smoke. By use of a new stair way put in service that afternoon firemen were able to reach the fire easily and soon bring it under

Wednesday, a new flue was coned, and some construction work. nich had been started this week on provements of the building were under way

SCHOOL NEWS OF THE PAST WEEK Jasper C. Hutto

BY K. A. MacDONALD

There will be a county-wide white eachers meeting held next Monday evening at 7:30 in the Hoke High School building. Miss Margaret Langston, Field Secretary of the NCEA. will be the principal speaker on the rogram.

W. O. Melvin, Bandmaster at Hoke High, was called to Elizabethtown on account of the death of his father on Tuesday of this week. Mr. Melyin's father was 94 years of age. We ell sympathize with him in his loss.

A county-wide negro teacher's meeting will be held at the Upchurch School tomorrow afternoon at 5:00 o'clock.

The Board of Education met in regular session Monday of this week with all members present. Regular business was transacted.

Plans are being formulated for the institution of first aid and safety classes in all the schools.

Air-raid drills have been carried out in all schools with good success. These drills will be carried on periodically along with fire drills.

The Ashemont monthly faculty meeting will be held next Wednesday evening at the school building at 7:30 o'clock.

Teachers from both Raeford Graded and Hoke High expect to enroll in the Red Cross First Aid Instructors Course. This course will be taught by a doctor from the Sanitorium. Classes will be held in the Raeford Graded School. Any adult who wishes to become an instructor is invited to take the course. Regular Red Cross credit will be given.

Antioch seems to hold a record in fire drills. The building was cleared on Monday in 40 seconds. We hope all other schools can do equaliz as

A bell system has been installed at Mildouson that is of great help in holding air-raid and fire drills.

Mildouson received a nice gift of books for the library from Mrs. Lole Pope. These books are very much appreciated and will be of great value to the school.

For the first time in it's history, Hoke County High School is giving to it's students, in picture form, memories of their school days. The members of the Beta Club are sponsoring an annual, with Mr. J. W. Turlington as faculty advisor. On Thursday, January 8, pictures for the annual will be taken; so all students are requested to come prepared.

We are sorry to report that Mrs. J. C. McLean, Jr. of the Hoke County High School faculty is sick. Mrs. Thomas Cameron is substituting for

We are still looking for a Coach. It seems that Coach Rogers place is hard to fill.

On Friday night, January 9, our High School Basket Ball teams will play Wagram at Rectord.

Miss Walta Townsend of the Rockfish school faculty will teach a first aid class sponsored by the Red Cross in the Rockfish community. Miss Townsend hold a Safety and First Aid Instructors License from The National Red Cross.

Tire Thefts Coming

People Urged to List Serial Number of Irreplaceable Rubber Casings As Aid to Police.

Forseeing a wave of tire thefts believed certain to result here because of the nation's rubber shortage, Raeford car owners are warned to keep an identification record of their automobile tires to aid in re- 1941 Red Cross Roll covery of casings tha tare stolen. Call By Hoke School Information needed in addition to the size and make of the tire, will include the serial number and any special markings that are evident. "Such a record should be made immediately, and kept where it is instantly available. Without such information it is all but impossible to establish that a used tire has been stolen, or to obtain its return to the car owner.

should be locked in garages at night or paried within easy hearing dis- to retain their registre ion cards in

tance of the sleeping owners.

Also, police anticipate an increasin the glove compartment. Availabiling number of automobile thef's with ity of complete data, plays a big the stoppage of new car production, part in apprehending the car thief and motorists are urged to take every before he can have traveled out of precaution against leaving their ma. this area.

Laurinburg P. C. A To Hold Annual **Meeting Of Members**

Credit Group Made Loans Of \$225,935 To Farmers In Hoke And Scotland.

The annual meeting of the Laurinburg Production Credit Association, which extends a short-term credit service to Hoke and Scotland County farmers, will be held on January 12, 1942 at Laurinburg, in the court house, beginning at 10:15 A. M., according to an announcement by N. H. G. Balfour, president of the associat-

This will be the eighth annual meeting and Mr. Balfour said that it was expected the reports to be heard would be the best in the history of the association. Complete and detailed reports on the operations of the organization for the past year will be submitted by the officers and plans for further developing the service which this farmers' cooperative has to offer will be discussed.

One director will be elected and other business will be transacted. Mr. Balfour said that it is hoped that every member of the association will make an effort to be present

The Association serves Hoke and Scotland counties. Loans in 1941 totaled \$225,935.00 to its members for production and general agricultural purposes. H WASHINGTON

Elect Two New Members Board Ut Hoke Library

The Hoke County Library Board of Directors met in the library Wednesday, December 31. Among other important items of business it was voted by the board that each borrower might take out four books at one time in his own name and that no books might go out in another person's name. Anyone refusing to pay their fines will forfeit the use of the library until such fines are

Two new members were added to the board, Carl Morris from the town board and Mrs. Jack Hodgin from the county at large. The library board now consists of the following: K. A. McDonald, N. H. G. Balfour, Morris, Mrs. G. B. Rowland, Mrs. H. L. Gatlin, Jr., Mrs. C. L. Thomas, Mrs. A. K. Currie, Miss Josephine Hall and Mrs. Jack Hodgin.

McLean Resigns As Hoke Fize Warden

H. R. McLean, for several years both game and fire warden for Hoke county, resigned as head of the fire wardens effective January sixth, it was announced this week.

County commissioners have been unable to secure a successor for Mr. McLean at the present rate of pay allowed, and they voted Monday to discontinue the office until July first. The warden is payed \$35 per month, it was stated, under a joint agreement with county and the Department of Conservation and Development Officials of that department of the state say that additional funds for increased pay of wardens are not available at this time.

Commerce and Agriculture, a position occupied concurrently by the sales supervisor.

Election of the new sales supervisor was at a meeting of the executive committee of the Lumberton Tobacco Board of Trade before the holidays, following the acceptance of Mr. Fulton's resignation. Mr. Hutto was not an applicant for the place according to W. E. Elmore, president of the board of trade, but agreed in conferences to accept the post and

Raeford B. & L Elects Officers

was unanimously elected.

Raeford Building and Loan Association held the annual stockholders meeting yesterday January 6th. Officers and directors elected for 1942-43 are F. B. Sexton, president. H. L. Gatlin, Sr., vice-president, Mrs. Wm. L. Poole, secretary and trea. surer. Directors are F. B. Sexton, H. L. Gatlin, Sr., Mrs. Wm. L. Poole, M. C. Dew, H. L. Gatlin, Jr., A. A. Graham, D. H. Hodgin, F. G. Leach. Carl Morris, Mrs. G. B. Rowland, Mrs. Roberts, T. B. Upchurch, Jr.

POULTRY SCHOOL

A one day poultry school will be held at the Municipal Building in Dunn January 13 for Hoke and adjoining counties, reports A. S. Knowles, County Agent. The U. S. Department of Agriculture is asking Hoke County farmers to increase their egg production by 25% or 58,000 dozen. In order to reach this goal it will be necessary for poultrymen to do a better job of managing and feeding their flock than heretofore. At this school material will be presented on feeding, sanatation, and general management of flocks.

. Those who plan to increase their flocks should make an effort to attend this meeting.

Only 19 Tires **Alloted Hoke** For January

Six passenger car tires, 5 tubes and truck tires were alloted to and truck owners of Hoke cour for the month of January, it was announced by the Hoke County Tire Rationing Board, composed of Ryan McBryde, F. B. Sexton, and J. B.

The board pointed out that unless your car or truck came under one of the classifications set out on the Federal rationing order, there was absolutely no use in seeing a board member about getting a tire.

All applications have to be filed with the dealer from which the owner expects to buy the tire. This application is then passed on by a district inspector, who either approves or disapproves the application and forwards it to the rationing board. The board, if tires are available within the county's quota for the month, then issues a purchase order to the dealer, which is filled according to the Federal requirements.

Only those passenger cars operated by a physician, surgeon, visiting nurse, or veterninary-principally used for professional services can secure tire orders. Ambulances and such cars as are used to maintain fire-fighting services, police services. public health and sanitation services may get tire purchase certifi-

Common carriers, bus and truck transport, vehicles used to carry ten or more persons, transporting students and teachers to and from schools, transporting employees to or from industrial and construction weeks: or transportating ice, fuel. tenance material, for industrial plants and defense housing, waste am scrap materials may secure certificates. Farm tractors and other farm implements other than autos and trucks, for which rubber tires are essential and industrial machinery other than automobiles or trucks, may secure certificates. These are the rubber-tired vehicles which are permitted to purchase new tires under Order M-15-c of the office of production Management. Unless your vehicle comes under one of these specific classifications there will be no use of trying to secure new tires until restrictions are changed.

Push Work On County Road

Work on the Borth Main street extension and road to the Arthur Ham place is being pushed by the highway department it was reported yester and the entire length will soon be opened to the public.

The new bridge jover Rockfish creek has been completed and the fill for widening of the his across the swamp is nearing completion. Several curves are being eliminated in the 3-mile stretch. The work being done now will prepare it for oil treatment after it has been permitted to settle for about six months.

George Weaver To Oxford Ledger

George Weaver, who has head charge of the electrical appliance department at Bauscom's for the past several years, left last week for Oxford, where he will be connected with the Oxford Public Ledger.

Mr. Weaver is in charge of the subscription and circulation department of the paper at Oxford having assumed his new duties January

His wife and child expect to join him there at the end of the presen school term.
