

What You Buy With WAR BONDS

The Army's fighter planes are the finest in the world and develop speeds up to 400 miles an hour. They cost approximately \$100,000 each, provide fighter escorts for the huge flying fortresses, and combine speed, range, altitude and blistering fire power.

America's plane production plants are working over-time, turning out thousands of these fighter planes. War Savings Bonds will help pay for them and the American people are committed to at least ten percent of their income to finance their cost in War Bonds. Every American, buying his share every pay day, will make it comparatively easy to supply our army and navy air corps with these supreme Eagles of the air.

POOLE'S MEDLEY

By D. SCOTT POOLE

It has been years since we had an oldtime rainy spell, but for some days showers came, and plants have grown well. It is a delight to hoe out noxious weeds which rob your plants of fertility in the soil, and grow much faster than those plants you want to grow for food.

You cannot crowd the season. Corn planted on March 20th isn't any larger than that planted on April 15th, fertilized just alike, and six weeks peas in the first part of the year are ten weeks peas, and this spring more poor stands have come up of everything than I remember seeing since last year.

Mine is not a victory garden so far, nor are any of my truck. I hope to have some "green corn on a plate" the latter part of June, but the crop is not great prospect for a good yield, and six weeks peas are the poorest stand I have ever seen.

On the 12th day of May, 1879, I saw the only cloudburst, or the nearest a cloudburst I ever saw. Rain fell in torrents for three hours, and plowed fields were carried away to the Atlantic ocean, or out of our reach. That is evolution. When the rains wash away the hills, carry the soil to the ocean, and build an island of alluvial land. Rich land, too.

The richest land in America, I suppose, are the islands, the Delta land near the mouth of the Mississippi river below New Orleans. The mouth of the River Nile is another rich delta region. The flooding of the country occasionally along these two, and other rivers, enriches the lands carried from farms, as from ours, May 12th, 1879.

I had hopes in 1879 of making the largest corn crop on Drowning Creek, but ten acres of our best corn was washed out of the field and my hopes with it. I have had many disappointments in life, but I am determined not to let disappointments knock me out of a good time.

I once thought that if people had money, they could have enjoyment, because they could have anything they wanted; but some of the saddest lives often are those who do not lack earthly riches. Knowing how to spend what you have, much or little, to the best advantage, is scientific living.

I sometimes think I have been very fortunate. I have never known poverty nor riches. I have never known what success in business really means, and still I have had all I could consume of the best of the world has had to give; and fun? I have had lots of it. And will have lots more, if I live.

Making the most of what you have, and enjoying it meantime, is the true philosophy of life. When I was young, I carried my earthly possessions in my pockets, and my friends got as much of it as I did—sometimes more—at least some of them had it longer.

Of all the foolish things I have done is using tobacco. I told my children, and all other children in my schools, to never get the habit—never allow a vicious, or harmful habit control them, and I think many acted on the suggestion. There is a kind of enjoyment in a smoke, or chew, but you would have as much pleasure without either.

You have heard "Law is common sense," and if you notice, it is. The constitution put on statutes are often misleading. In the first place, every citizen should behave. You know what that means—you have been told to behave often enough to have learned, and when anyone misbehaves, he is violating the law—some law.

The Japanese have lost approximately 200 war vessels, and 250 other warships. They have had 400 to 500 bombers shot down, so their losses are heavy. Their loss in man-

power is very great, but they think there is glory in dying for their country. Poor foolish folks.

Four more divisions of infantry (60 to 75 thousand men) are to be formed and trained, the papers stated last Friday, but I do not see much infantry can do with tanks and bombers. Reckon they guard prisoners.

Preacher: Tut, tut, little man, didn't

STRAIGHT FROM THE SHOULDER

BY JOHN BARBEE

Men have built their own theories

you know it is a sin to catch fish on Sunday?

Boy: Well, I ain't sinned much yet. I haven't got a nibble.

of God, the Bible, and salvation. They are exclaiming, "Well such and such a way seems logical to me." God wishes to reason with men about their sins and His all comprehensive provision Christ Jesus. Sinful men choose to expound their own home-spun theories than to recognize a "thus saith the Lord."

The Bible is either so or it isn't so. It claims to speak with divine authority. Don't speak of the ethics of the Bible and in the same breath you

deny its divine origin. The Bible stiffly condemns the sins and evil motives of man and imposes upon the human race the highest ethics ever conceived. We must not forget, however, that this same Book emphatically claims to be the word of Almighty God. If it isn't then it is the greatest contradiction ever palmed off in the name of common sense.

The Bible stands or falls in its entirety. The scriptures cannot be broken. Your attitude toward the

Bible on this issue is of the greatest importance to you, you cannot be neutral. Its message is compelling, its demands exclude all alien theories or ideas; its message is a personal one to you, let us take our stand.

JERSEYS

The National Jersey Cattle Club show and sale will be held at Biltmore Farms, Asheville, on June 3 and 4.

Want Real Savings? ... THEN ATTEND THIS Rexall DRUG STORE FAMILY BUDGET SALE

ONLY Rexall DRUG STORES OFFER YOU Rexall BARGAINS

Reaves Drug Store

Budget Shoppers—be sure to get here during this big sale. Get savings that give you extra purchases for the whole family. Remember all Rexall merchandise is full size packages—tested and approved by the U. D. Department of Research and Control.

Early Summer Needs FOR Beauty AND Charm
