SCHOOL NEWS OF THE PAST WEEK

By K. A. MacDONALD

Twenty-eight Future Farmers of America went to camp at White Lake last week. They were under the direct supervision of their chapter counselor and vocational agriculture teacher, J. W. Dowd. The camp was under the general supervision of Jas. A. Gerrow, camp director. Mr. Gerrow is principal of the Lexington high school. There were 21 schools represented at camp with a total enrollment of 315. This was about 100 more than were expected to attend. Each week there will be boys there from the schools all over North Carolina. For the past two years our boys have won the cup as best campers for the summer season. They took first place for the week this year with a total of 225 points. This will be the record that all the other schools will have to shoot at. It will be pretty hard to beat. The next highest score was made by Star high school with a total of 195 points. Mr. Dowd states that they had the best competition this year that they have ever had.

Our boys took first place in the following contests: Sportsmanship, table manners, cabin clean-up, swimming, softball, baseball, volley ball and horseshoes. We are proud of this record, particularly of the first three classes in which they excelled. The following boys were in attendance: C. J. McNeill, Thomas Davis, L. M. Huggins, Will Frank Wright, June Wright, Edwin Hasty, George Leach, Eugene Currie, Frank Currie, Irvin Currie, Fred Hendrix, James Hendrix, Warren Childress, Zane Gray Norton, Jimmie Plummer, Robert Mott, Thomas Potter, Johnnie McGowan, Percy McNeill, Frazier Hair, Chesley Crouch, Edward Clanton, Neill McNeill, Julius Mize, Fred Yarborough, J. W. Dawson, Hutaff Blake, and Billie McGee Harmon.

The entire cost of the trip to the boys was only \$5.20 apiece. They had a wonderful experience and learned a lot for this modest cost. During the week they had a trip to Wilmington in addition to their stay in camp.

While away they were under the constant supervision of Mr. Dowd in addition to the camp director, counselors and life guards.

We hope that the war will not interfere with their going next year. We regret to announce that N. Y. A. in Hoke county has been closed. Mrs. Woodhouse will continue with the restricted defense program. In the Kinston area of 19 counties only 3 projects are left. The welding center at Wilmington, the carpentry center at Kinston and the auto mechanics center for negro boys at Fayetteville.

Judging from the best information available at the present, it looks as though the school library service of W. P. A. will not be available for next year. This will be a real handicap to the schools as this service has been of great value to them.

Timberland News

Mr. and Mrs. C. J. Calloway of Winston-Salem, spent last weekend at their cabin here. Mr. Swing, Mr. Calloway's father, came with them, this being his first trip to the Sandhills. He said he liked the tobacco prospects in this section.

Clyde Upchurch has fine prospects for watermelons at this time.

Mrs. C. H. Tapp left last Saturday to visit her sister, Mrs. Wesley Yarborough in Burlington. Mrs. Luther Tapp is keeping house for Mrs. Tapp while she is away.

N. A. McDonald, Sr., has been sick for some time, but he is much improved now, and able to be back on his job. Jerry Neal-Jester clerked for Mr. McDonald while he was sick.

Beth McDonald is back at home from college to spend her vacation.

The people in this community are busy gathering up old scrap rubber, and we are proud to do our part in helping out in this good cause.

SUPPLEMENT

J. T. Daniel, 79-year-old Granville county farmer, supplemented his tobacco income by selling \$832 worth of chickens, corn, meat, eggs and vegetables from his farm last year, reports W. B. Jones, assistant agent.

TO THE VOTERS OF HOKE COUNTY

I wish to take this means of appealing to the voters of Hoke county (especially to the women who sometimes neglect voting), to go to the polls Saturday and cast your vote and influence in favor of temperance.

Let's send to the Assembly a representative who pledges himself to fight this evil of strong drink, which is so demoralizing our land. If we fail to do so, we imply that Hoke county is not in favor of a referendum.

If we study statistics, we will see that the suffering, heart-aches, and crimes due to liquor, have greatly multiplied since the repeal of the 18th amendment.

We realize that prohibition did not completely solve the liquor problem. All laws of both God and man are sometimes broken. Never-the-less, these laws diminish crimes even though they do not put an end to them.

Some who are already addicted to strong drink would hunt up the boot-legger even if there were no A. B. C. stores, but why make it easier for them to get whiskey? What about the drunkard who is honestly trying to quit drinking? Perhaps he will be strong enough to keep away from the bootlegger, but will he be strong enough to keep out of the A. B. C. store that he must pass each time he goes to and from his work?

We have all known big-hearted, splendid men whose lives have been wrecked by strong drink. Let's strive to remove stumbling blocks (A. B. C. stores) from the paths of others.

What about that boy of yours, or your neighbor's son or daughter? Are we going to put temptation in their way, by having them pass A. B. C. stores as they walk the street, or read liquor ads when they open many of our magazines and papers?

Perhaps the liquor store is no temptation for you, or perhaps you may take an occasional drink without getting drunk; but that boy who is walking in your foot-steps may not be strong enough to stop with an occasional drink.

There are enough temptations for all of us to overcome. Now that we have opportunity to cast a vote that may help to remove one of the temptations of youth, and the foe of many of our older brothers, let's remember that we are our brother's keeper, and cast our vote aright.

IRENE DOWNER.
