**DOES HOKE COUNTY
NEED A NEWSPAPER?**

**DOES RAEFORD WANT
A NEWSPAPER?**

It is said by newspaper men in the know, that a town and county that can't support an eight page paper don't NEED a paper.

The News-Journal is a good advertising medium and if the News-Journal continues to carry your news it WILL HAVE TO CARRY YOUR ADS.

THEY ARE AMERICANS.

From Washington come reports of fine crops over the nation.

How it is in North Carolina one can see for oneself by a bit of going about.

Crops are good at this stage of the growing season and promise bumper yields. That goes for cotton, corn and tobacco, the staples in Tar Heel and locally. Grain yields have also been good.

Such yields as are in prospect are critically needed. Sensing the domestic as well as the acute needs of peoples with whom we are allied in the war, American farmers could hardly produce too much of anything.

While much of the credit for the rosy agricultural situation goes to Mother Nature, the patriotism of the farm classes themselves is not to be slighted in drawing a realistic picture of these bountiful crops on American fields.

Farmers are not unionized. They work by the sun and not the clock. They are governed by no rules which limit them to certain hours of toil and certain pay for their work.

They get up with the dawn and quit with the dusk, whether that is 10 hours or 15. They have a job to do, their own fields to till, their own living to make, the needs of their own nation to supply, and they go to it, bound to their hard and grueling tasks through the withering heat of the day without asking questions or expecting applause or going into the courts with a lot of nonsense about what they do and the manner in which it is done.

The nation's hats ought to lift to the salute of the farmers of America.

They are no time-savers: no politicians: no greedy parasites. They are patriots.

They are Americans!—The Charlotte Observer.

DAILY QUOTATION

Books are keys to wisdom's treasure;
Books are gates to lands of pleasure;
Books are paths that upward lead;
Books are friends. Come let us read.

**Broilers and Fryers
New Victory
Food Special**

Since the supply of broilers and fryers which are coming off the farms this year has reached an all-time high, the Agricultural Marketing Administration has designated broilers and fryers a national Victory Food Special from July 16 to 25. This is the fourth Victory Food Special to be featured by stores in this area—previous specials have been centered around lettuce, onions and tomatoes.

"Victory Food Special campaigns have been unusually successful in this area," A. S. Knowles, county farm agent, explained. The campaigns have given homemakers the opportunity to serve nutritious foods at a cost much lower than usual. Merchants and consumers are helping make full use of the nation's food and preventing waste of supplies in abundance.

"Large numbers of broilers and fryers will show up this year on consumer markets. This is a result of expansion in poultry production to meet wartime needs. Poultry plenty is nothing but good news to the homemaker who sets before her family three good meals a day. For chicken—fried or broiled—is not only good food, but it is one of America's favorites for summertime eating," Mr. Knowles said.

Puppy Creek Items
By LORETTA EDGE

Mr. and Mrs. L. M. Huggins, of Red Springs, visited during the weekend with Mr. and Mrs. A. D. Peterson, of route two.

Mr. and Mrs. T. C. Jones had as their guests this weekend two of Mr. Jones' sisters, of Pilot Mountain and Mount Airy.

Mrs. Harry Logan and children, of Asheville, are visiting Mrs. Logan's father, J. F. McPhail, of route two.

Miss Rebecca Smith, of Fayetteville and Fort Bragg, is home spending her vacation with her parents, Mr. and Mrs. N. A. Smith, of Raeford, route two.

W. C. Guin, of route two, is visiting his son, Dan Guin, of Carthage.

Mr. and Mrs. Johnnie Womble, of Burlington, visited during the weekend with Mr. and Mrs. Albert Guin.

Mr. and Mrs. Vernon Parson and small son, Donald, of Skybow, spent the weekend with Mrs. Parson's parents, Mr. and Mrs. J. A. Patterson, of Raeford route two.

**P.-T. Institute To
Meet August 3rd-7th**

Carthage, July 9.—"The Community—the Workshop of Democracy" is the theme which will be carried out in study and workshop groups, panel discussions and addresses at the 15th annual Parent-Teacher Institute, to be held at the Woman's College of the University of North Carolina in Greensboro August 3-7. In previous years the institute was held at Chapel Hill, but with the operation there of the Naval cadet training school it is moved this year to the Woman's college.

Outstanding speakers will be Mrs. Warren Mabrey, vice-president of the National Congress of Parents and Teachers of Missouri and Mrs. Garry Cleveland Myers, Chicago, associate editor of Children's Activities, Charles W. Phillips of Woman's college will be the director of the institute. This announcement is being made by Mrs. Eldon S. Adams, director district No. 5. All members of North Carolina Congress of Parents and Teachers in the following counties are urged to attend: Anson, Cabarrus, Hoke, Montgomery, Moore, Richmond, Rowan, Scotland, Stanly and Union.

The Greeks ended the westward invasion of the Persians at the naval battle of Salamis.

Timberland News

Mr. and Mrs. D. S. Brooks and son, Hall, Mr. and Mrs. J. I. Brooks and son, John Irving, Jr., Mr. and Mrs. R. H. Gates, Mr. and Mrs. G. N. Titus, Mrs. W. T. Carver, and Mr. and Mrs. G. M. Fox, Jr., of Roxboro, visited the Tapps Sunday. They enjoyed a beautiful picnic lunch at the Pine Forest Club house. This was a real family reunion as they were all relatives of the Tapps, and there were thirty-two present in all.

Mrs. Dave Jester is visiting her husband at Norfolk.

Clyde Upchurch started shipping watermelons last Monday.

Leon Cameron states the bees went in his hog feeder and made 30 lbs. of honey.

**Beekeepers Can Get
Extra Equipment**

Beekeepers of the United States, called upon by the Government to increase honey production to assist in offsetting shortages of sugar and beeswax, will benefit by the terms of an amendment to the farm machinery and equipment order announced today by A. S. Knowles, county farm agent.

Amendment 4 to Limitation Order L-26 authorizes a substantial increase in the output of wooden beehives. Previously permitted production of all beekeepers' supplies was 100 per cent of 1940 output. This is now altered to allow manufacture of 133 per cent of the hives produced during the base period, provided those to be made are of wooden construction. Production of metal hives is still subject to the terms of the original order.

It is estimated that at the expense of 96 tons of steel for the necessary

hardware, enough additional wooden hives may be manufactured to produce 75,000,000 pounds of honey and 1,000,000 pounds of beeswax. The latter is important in counteracting curtailed imports.

**Bill Extends Low
Interest Rate On
Land Bank Loans**

President Roosevelt has signed a bill extending for two more years the reduced rates on Federal Land and Land Bank Commissioner loans, according to an announcement made this week by G. B. Rowland, President of the Raeford National Farm Loan Association, and Harry W. Malloy, president of the Laurinburg association.

They stated that this would mean a considerable saving in interest charged to borrowers in Hoke and Scotland counties.

The associations are members of a group of eight associations maintaining a joint office in Sanford, serving Hoke and Scotland and five other nearby counties. J. E. Walker, secretary-treasurer of the eight associations, is in charge of the Sanford office.

F. C. GREEN LEAVES

F. C. Green, who has been with the C. C. C. near Raeford, has returned to his home in Waynesville. Mrs. Green, who lived in Raeford returned to her home in April.

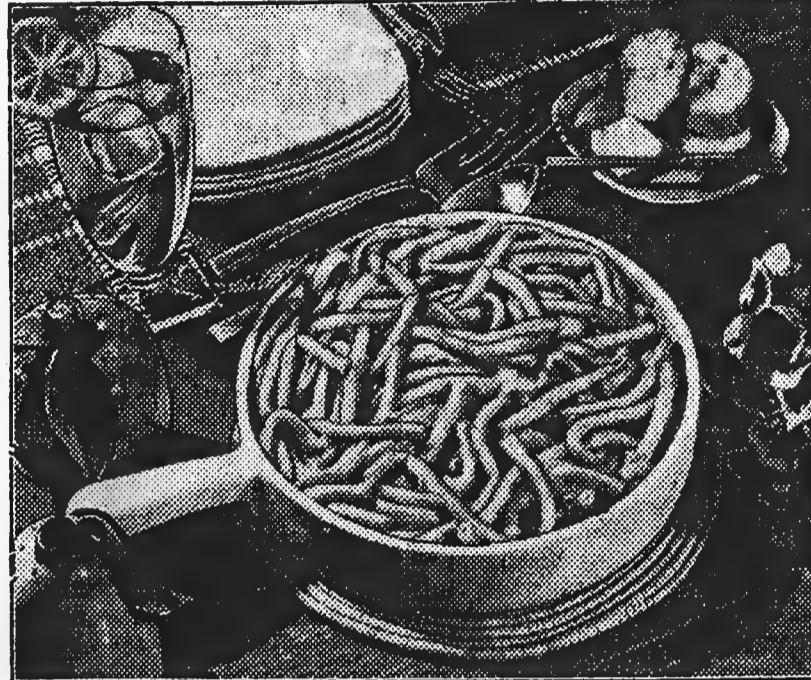

WANT ADS

FOR SALE—ELECTRIC WASHING machine, in perfect condition, about as good as new. Very reasonable. See or phone Mrs. Will Lamont at 550-1.

WANTED—To buy pulp wood—either on the stump or by the cord delivered to nearest railroad shipping point. See W. H. Grover and E. C. Stanton or write P. O. Box, 181, Raeford, N. C. 45-124

MACARONI
in Tomato Sauce
with Cheese

by Dorothy Greig

2 tablespoons butter
3 cups macaroni, cooked
1/2 cup milk
1 can condensed tomato soup
3/4 cup grated cheese

Melt butter in saucepan and add the cooked macaroni. Heat well and then add the milk. Cook the macaroni in the butter and milk until all liquids have been absorbed by the macaroni. Then add the tomato soup and grated cheese. Heat until the cheese is melted and the flavors blended. Serves 6-8.

"I Learned about LIGHT in a BLACKOUT!"

- These lines come from a very human letter.
- "We had our first practice blackout here recently. For 20 minutes, my family and I sat in total darkness. The seriousness of war hit us all harder than ever before.
- "Then, when the all-clear sounded and we turned the lights back on, warmth and reassurance came into the room. That made me realize that whatever I spend for electricity, it's still about the cheapest thing I buy."
- ★ ★ ★
- A lot of folks take electricity for granted until something reminds them how dependable and cheap it really is. If yours is an average Carolina family, you're getting about three times as much electricity for your money as 15 years ago.
- The reasons why this service is so cheap and so dependable go back to the way America works—a way we're all fighting for now. A way of life in which free men have an opportunity to create and produce and succeed in proportion to their individual contribution.
- Like other American industries, the electric industry grew that way—steadily making more jobs, serving more people, and lowering rates—under efficient business management. Because it has done its part of the job so well, America has the electric power to produce weapons of war in crushing quantities—power that promises a permanent blackout for Hitler and Hirohito!
