To make the collection of your old scrap metals more convenient for you and the "Junk Man," each gin in Hoke County is a collection center for rubber and metals. You get the same price at these gins for your scrap as you get at the junk yard in Raeford. Next week is the time Hoke County has set to Harvest the "Scrap Crop."

Many of you will have cotton ready for ginning at that time. Our gins are ready to gin the cotton crop of Hoke County, to give you the highest quality ginning service available in North Carolina—We help you get that premium price that is paid for Cotton raised and ginned in Hoke County.

When you bring us a load of cotton, bring us some scrap metals . . . we pay spot cash to you for the scrap.
