

# The Nation's Steel Mills ARE RUNNING OUT OF SCRAP

They Haven't Enough on Hand for Even 30 Days  
More. When This Is Gone

## They May Have to Shut Down!

For All New Steel Is 50 Per Cent Scrap.  
GET YOUR SCRAP READY TO TURN IN

### NOW!

**Whose Boy Will Fail  
To Return Because  
YOU FAILED?**

THINK about it as a little more protection for our fighting men—something you, yourself, can do to bring as many as possible home alive.

But think about it now—for the scrap in homes,

farms and factories has got to be moving to stockpiles within the next few weeks or it may be too late!

Maybe you don't know what it means to have

production fall off. Maybe you can't imagine how it feels to be hunkered down in a foxhole wishing for just one more clip of cartridges. Or to see the enemy rolling through your lines because you didn't have just a few more tanks.

*Or Maybe you don't care!*

We think you do. So you're going to get another chance!

If you've got a son in the service, do it for him. Do it for the neighbor's boy—for those little young chaps you just passed, out on the street.

Above all, do it for your country . . . and do it now!

The Scrap Pile Is Near the A. & R. Station and There You Can Read the Names of Hoke's Boys in the Service

## The Big Scrap Drive in Hoke Continues
