

George Ashford Member Ginners Advisory Group

Red Springs Man Appointed To OPA Post By Administrator Chester Bowles

George T. Ashford, secretary-treasurer and general manager of the Liberty Manufacturing company of Red Springs, was appointed to the Cotton Ginners Industry Advisory Council this week by Chester Bowles, administrator of the Office of Price Administration.

Mr. Ashford is one of thirteen members of the council from the cotton growing states. The committee is an advisory and consultative group set up to advise the OPA administrator in matters with respect to the ginning industry in preparing maximum price regulations and amendments under the Emergency Price Control Act.

Other members of the committee are: W. L. Gatz, Paragould, Ark.; Garner M. Lester, Jackson, Miss.; Alex S. Mills, Sylvania, Ga.; C. D. Patterson, Decatur, Ala.; P. W. Peden, Los Angeles, Cal.; Harry G. Thompson, Bakersfield, Cal.; E. L. Sisson, Buckeye, Arizona; Cliff L. Dean, Lubbock, Texas; W. J. Ely, Snyder, Texas; W. C. Fortenbury, Lubbock, Texas; Albert S. Smoko, St. Matthews, S. C.; Sam Mitchell, Frederick, Okla.; and Carl Trice Williams, Jackson, Tenn.

Since the institution of price control, regulation of the ginning industry has been handled under the general organization of the administration and it has meant that each ginner's problems had to be considered as a separate appeal to the administration. With the appointment of this council it is expected that general regulations and requirements for the industry will be set up by it for the operation of the ginners under a unified control system.

Kids Think Roosevelt Is Fist President

BOSTON, Jan. 11—Many sixth grade school children in Boston, believe the United States has had only one President, Franklin D. Roosevelt, according to School Committee member Michael J. Ward.

During a school committee discussion, Ward said that he wanted to make certain that elementary teachers instruct pupils that Chief Executives other than President Roosevelt have lived in the White House.

"When I was in the fifth grade I thought that the country had only three presidents in its history," Ward declared, "but I am appalled to find greater ignorance among sixth-graders today. They think President Roosevelt's the only President we ever had."

GUILTY CONSCIENCES PESTERING TAXPAYERS

WASHINGTON, Jan. 11—It would seem that a lot of people either have guilty consciences, are easy spenders, or are just superpatriotic.

Because of the intricacies of the March income tax returns which call for all sorts of figures, including what your 1942 tax bill was, the Internal Revenue bureau decided to enclose a statement with the new forms showing the amount of the taxpayer's 1942 bill together with credits entered for payments made before inauguration of pay-as-you-go last July.

Many persons interpreted the statement as a dim, subtracted the unpaid portion and mailed a check without a squawk.

The bureau made no tabulation but said the number ran into the thousands. The checks are being returned.

JANE ARMY NURSE WRITES HER BROTHER

Dear Jimmy, I have been seeing a lot of your favorite unit, the Seabees for the past month. A detachment was sent out to build an airfield.

Enemy planes gave us quite a packing until our anti-aircraft got their range. As you would say, we hit them with everything but the kitchen sink, and that includes used kitchen jobs.

Explain to your pals how kitchen jobs make ammunition and medicines too and tell them how important it is for them to keep reminding their mothers to save it and turn it in.

Men tell me that you go with her to the kitchen every Saturday when she turns in her used fat. "Stick in these pitches" and I'll see you a lot sooner? Love, Jane

Women of America IT'S UP TO YOU!

OUR ENEMIES have boasted that American women are pampered, luxury-loving morons who would be of no help to our fighting men at war. But—they were wrong. American women everywhere are doing a bang-up job—in the service, in industry, in business, on the farm and in the home.

But—bigger incomes are tempting some women to buy luxuries they've wanted, perhaps for years, but which they don't really need now.

Every true American woman prays that the war will end—soon. But you've got to do more

to hasten victory, for 1944 is the year of decision. You've got to do your full duty by our boys at the front by keeping up your regular purchases of War Bonds by buying at least one extra \$100 Bond during this Drive and by saving every cent you can in the world's best investment—War Bonds of the Fourth War Loan.

When the war is over, you'll have a lot more money to buy what you want. Meanwhile, you can exult in the knowledge that you are fighting for your country in the most effective way possible. Women of America—it's up to you!

This sticker in your window means you have bought 4th War Loan securities.

Let's All BACK THE ATTACK!
