

**DUPREE—**

(continued from page one)

ving when he escaped from prison. He was given, also, a two year term for escaping from prison.

The case of the state vs R. H. Beck, charging Beck with assault on Bethune Maulsby, was remanded to the county recorder's for trial. Note—in a story about this case last week the News-Journal confused the complainant in this case with the complainant in the chicken killing case brought against Weldon McRimmon. Lee Maulsby was not implicated in this case in any manner.

**Divorces Granted**

The following hearing for divorce were presented at this term of court and all were granted on the grounds of more than two years separation: J. A. Butler vs Lelia Butler (white); Cary Murphy vs Iola Davis Murphy (negroes); George Woodrow Hardy vs Ann Wright Hardy (white); Woodrow Ferrell vs Gladys D. Ferrell (white); and Charles Parham vs Fannie McAlpin Parham (white), the last couple are residents of Robeson county.

**Raeferd Methodist Church**

W. L. Maness, Minister  
11:00 A. M. Church School, Mr. Tom Cameron, General Superintendent.

11:30 A. M. Regular morning worship with Rev. J. D. Whisnant guest preacher.

7:00 P. M. Meeting of the Methodist Youth Fellowship.

8:00 P. M. Regular preaching service with Rev. J. D. Whisnant guest preacher. At this service the Baptist and Methodist have their services jointly.

**Commandeered Jap Transport on Saipan**

These Marines found this ancient ox-cart and ox after they fought their way ashore over the bloody beaches of Saipan. It had been used by the Nips to haul their supplies so our boys are using it to haul water.

**Raeferd Presbyterian Church**

H. K. Holland, Minister  
9:45 A. M.—Sunday School, Mr. F. B. Sexton, Supt.  
11:00 A. M.—Morning Worship. Ser-

mon by Lt. Thomas Dewes.

8:00 P. M. Evening Worship. "The Creed of the Kingdom."

7:30 P. M. Tuesday—Junior Choir rehearsal.

8:30 P. M. Thursday—Adult Choir rehearsal.

Where shall we store all the jars of food we have packed for winter use? The specialists tell us to place them where they will be cool and dry, in the dark, and easy to reach. Heat, dampness, and unnecessary handling all contribute to spoilage, and light is likely to cause fading.

**Lespedeza Now Ready For Harvest Says Reynolds**

Robeson County has an excellent crop of lespedeza at the present time. To a number of farmers this is a comparatively new crop and is very easy to make the mistake of letting it stay in the field too long, thereby reducing the quantity and quality of the hay.

Lespedeza should be cut when it reaches the height of eight inches above the cutter bar on the mowing machine or when it begins to bloom, which ever comes first. In traveling over the county recently it has been observed that a good majority of the lespedeza is right now ready to be cut. By making this early cutting it is very likely that another crop can be harvested in the late fall, or at least have a chance to have a good seed crop and something to turn back in the land. In a number of cases the weeds are growing rather fast in the lespedeza fields and by this early cutting the weeds will be destroyed. Feed is one of the big needs in this war program, therefore it is very important that we make every effort to produce and harvest every pound of quality food possible on every farm.

To the farmers who have not grown lespedeza before this year, it is very important that they do not make the mistake of letting it stay in the fields too long after it has been cut, as this materially reduces the quality of the feed. A good practice is to rake the hay the day after it is cut and put in a loft or some building where the air can pass through it. If it is harvested in this manner the hay will have a rather green cast which indicates quality.

The average yield of Sunrise barley at the Experiment Stations in the Piedmont and Coastal Plain was 54 bushel this year, and for Iredell 49.1 bushels.

**French Relief Is Being Given By United War Fund**

With Allied armies daily widening the area of France occupied by the United Nations, continued relief for the people of France in their struggle for liberation is a necessary contribution toward winning the war, Tommie Upchurch, Chairman of the Hoke County War Fund, stated yesterday.

The French Relief Fund has reported through the United War Fund of North Carolina, of which the French relief agency is a member, that assistance of various kinds—food, clothing and medical supplies—is urgently needed to relieve hunger, suffering and privations of millions of French people.

Not only is such relief essential for the physical well-being and comfort of the victims of Nazi oppression, but it will serve as a stimulus for the spirit and morale of the French people and will sustain and bolster their direct assistance to the Allies driving into France, the local chairman asserted.

He said help provided by the French Relief Fund includes foods in their most concentrated, portable and high energy forms, especially condensed and powdered milk; dehydrated soup; meat, fish, cheese; coffee or chocolate and special invalid foods; clothing for all ages and climates; layettes; medical and surgical supplies; blood plasma; operating and X-ray equipment; funds for founding and support of hospitals, clinics, convalescent homes, nurseries and canteens; and equipment for recreational needs and personal care.

The French Relief Fund also dismore than 1,000,000 French prisoners of war undergoing moral and physical hardships in German prison camps.

Mr. Upchurch pointed out that money contributed by people of Hoke county to the relief will help the United War Fund finance the essential wartime relief services going to Frenchmen.

**PJC Delays Opening Until September 18**

Maxton, N. C., Aug. 17, 1944.—The opening date of Presbyterian Junior College has been postponed from September 7, to September 18 in both the preparatory and collegiate departments. There has been no polio in Maxton and very little in the section of the state surrounding Maxton.

Dormitory rooms will be open for occupancy by early arrivals on Saturday, September 16, and the first meal will be served at 1:00 P. M. Monday. Aptitude tests will be given at 2:00 P. M. Monday, September 18. Classes will begin at 8:00 A. M., Tuesday, September 19.

North Carolina's blue-cured tobacco crop, hard hit by early drought, is estimated to yield 22 per cent more than last year.

GEORGE WILFORD FLETCHER, B. A., Th.B., M. A., experienced educator and worker with young people, who assumes the position of Dean of Students and head of the department of Mathematics at Presbyterian Junior College, Maxton, N. C., upon the opening of the fall term on September 7.

**Get Ready Now for This Gigantic Sale!**  
**Buy War Bonds with Every Dollar You Can Save!**

**GET READY! Buy War Bonds Now!**

ONE fine day, when the war is over, there will be a full line of new equipment available again, with all kinds of postwar improvements. And when that day comes, you're going to need a lot of it; because with the longer hours and the harder work the war has brought, your present equipment, even with the care you give it, is wearing out pretty fast:

When the day comes, whether you have the money to get what you need, depends on what you do now. If you are saving your dollars in War Bonds; as thousands on farms and ranches all over the country are doing, the new equipment can all be yours. New paint and repairs for fences and buildings. New machinery. An electric water system, perhaps, and a super-duper tractor. New modern conveniences for

the house. Wouldn't the family enjoy those!

Then, when our boys in service come back to their homes, they'll find things in good running order and what about that boy of yours? Wouldn't he be pretty thrilled to help you run that kind of a place? Right now, of course, those same War Bonds are helping to provide the fighting equipment the boys are using. But after the war they'll help you put the farm back on a prosperous peacetime basis. They're the safest, easiest way to save. Uncle Sam stands behind them. You can buy them at bank; postoffice, or Production Credit Association; in large or small denominations to suit yourself. War Bonds are doing double duty—backing the boys now—and their future, too! Keep right on buying them:

**YOU NEVER GET LESS THAN YOU LEND!** And you can get more than you invest. When held 10 years, Series E War Bonds yield 2.9% interest compounded semi-annually. You get back \$4 for every \$3.

Of course, no one should cash a Bond unless he has to; but if an emergency comes along, Uncle Sam will redeem them in cash—at full purchase price—any time after you've held them 60 days. (Don't hold back a single dollar unnecessarily from the purchase of War Bonds. YOUR HELP IS NEEDED TO WIN THIS WAR.)

**FACTS ABOUT WAR BONDS (Series E)**

You Lend	When Maturity you get back
\$18.75	\$25.00
37.50	50.00
75.00	100.00
375.00	500.00
750.00	1000.00

You can buy War Bonds from your bank, Postoffice, Rural Mail Center or Production Credit Association. Don't wait. Do it by mail if you can't get to them!

Get America's future, for your future, for your children's future—keep on buying WAR BONDS
