Sells It For Less

We welcome the folk of Hoke county to our new store in Raeford. Many of you have been customers at our store in Red Springs. Now, we have opened a place closer to your homes to make your shopping easier.

Our years of experience in the furniture business have given us a wide knowledge of the lines of furnishings in greatest demand and we have secured an unusually fine variety of furniture for the new store, war conditions considered.

We promise you the most courteous service and assure you of the highest appreciation of your business.

The Amos Furniture concerns operate at Asheboro, Red Springs and now at Raeford . . . and we are associated with The Troxler Furniture company and the Cut-Rate Furniture Company of High Point; The Holton Furniture Company of Martinsville, Va., and the Trent Furniture Company of Bassett, Va. While each of these stores is a separate unit devoting their services to the best interests of their individual communities, their combined buying power enables them to secure quantity prices which mean savings for each of their customers, wherever they are. NOTE.—Special allowances are made to customers who bring their own wagons or trucks to haul merchandise home. We make deliveries, of course, but gas and tires are scarce, and we are cooperating in every way possible in the savings of gas, tires, and money for our service men. Save money, haul your own purchases
